MANAGER'S NOTES

Good Afternoon.

I think it is pretty obvious to everyone that without the encouragement and help of spectators, both financially and vociferously, we will struggle from the outset.

The attendance at the Bournemouth game was most disappointing but to those of you who were there, and to everyone who has been sporting enough to join us at today's game, may I say thank you on behalf of the club.

If you could encourage others to come with you to our home matches, so much the better. We do depend on your continued support.

When one thinks in terms of other Third Division teams, particularly those in the South where they get gates of 12-13,000, it does tend to make one envious. In some cases their teams aren't as good as we have here, at Borough Park, yet because their supporters are real patriots, they are able to think in terms of advancement and get along quite smoothly.

We give a special welcome to Swindon Town today, because it is their first visit to Borough Park. They had the misfortune to be relegated from Division Two last season, but they come with a reputation for playing good football.

One thing I can promise is that the boys will be out fighting all the way today, all the time. We had a very good win in the League Cup at Stockport and I was rather disappointed that the game at Southend was postponed, because the players really had their tails up, and I believe we would have recorded our second consecutive victory.

Let's hear you shouting the team on its way today to doing just that. They do look for your backing.

GEORGE AINSLEY.

FOOTBALL GOSSIP

By DAN RICHARDSON

of the

Cumberland Evening Star

Workington's progress in the League Cup at Stockport was a heartening performance in more ways than one, and a home draw against attractive Brentford in the next round gives hope of another extended run in this competition.

The pity is that clubs are still finding it exceedingly difficult to establish the League Cup as a serious competition in the minds of the fans.

In some ways I can't help thinking that the clubs, in a way, are to blame themselves.

Because several leading Lancashire clubs are drawn at home they are now seeking to "stagger" the playing dates in order to avoid a clash of fixtures.

Will the Football League allow them to do so? Almost certainly.

Would the Football Association allow them to switch F.A. Cup dates around under the same circumstances? Certainly no.

The League Cup has been run on such uncertain lines since its inception that no one has taken it really seriously—not the big clubs, anyway.

The League make a big mistake in allowing its top teams to refuse to play. The League make a big mistake allowing clubs to switch and change dates at will. The League should do its darndest to give the competition a new image.

Workington's two trips to the quarter finals in the past may have covered them with a certain amount of glory, but from a financial point the income was nowhere near what it would have been had their success been in the F.A. Cup competition.

SWINDON TOWN, one of last season's relegated teams, make their first ever visit to Borough Park and if their form so far this season is a guide, they are determined to make a quick return to the higher sphere.

PEN PICTURES

Goalkeeper—PETER DOWNSBOROUGH: Signed from Halifax at the start of the season. A really fine keeper.

Fullback—JOHN TROLLOPE: One of many local boys on the Wiltshire club's books. Made his debut at 16 years old in 1960/61 season and has been a regular ever since.

Fullback—OWEN DAWSON: A former youth international signed from Portsmouth in 1962.

Wing half—GORDON ATHERTON: Signed from Bury for a substantial fee last December. A strong relentless half-back.

Centre half—MEL NURSE: A reputed £18,000 fee brought this Welsh international from Middlesbrough only last month. A very fine signing.

Wing half—KEITH MORGAN: A strong attacking wing half who joined Swindon as a youth player. Made maximum appearances during 1962/3/4 seasons.

Wing forward—WILF SHERGOLD: A versatile player who is a product of the youth team.

Inside forward—ERNIE HUNT: A real local hero. Joined Swindon right from school. A first-teamer at 16 years old. Capped for England's Under-23 team in 1962/3 season. A prolific goal scorer.

Centre forward—KEN KEYWORTH: Another recent signing. A vastly experienced player who played for Leicester at Wembley in 1963 against Manchester United and 1961 against Spurs. Recently signed from Coventry.

Inside forward—DONALD ROGERS: A much sought after player who has already gained England Youth honours and looks set for more.

Wing forward—ERIC WEAVER: Another local player who can fill most forward positions.
