MICK'S POINT OF VIEW

Welcome to this afternoon's game with the early pace-makers Swindon Town, and what a pace they were setting! It makes a change to have a home fixture, we have been doing that much travelling lately. I think I have spent more time either sitting in my car, or in the front seat of the coach, than I have spent in my own armchair at home.

Last week of course we had two away fixtures, Chesterfield and Doncaster, two teams up there at the top of the table. In both matches we had the greater share of the play, and I am sure no-one has, or would dispute that fact.

The Chesterfield game all hinged on a penalty, a disputed penalty, given by a linesman. As you know, we Video Record all the matches, and this proved without any doubt that the offence occurred outside the box, not just outside the box, but four yards outside the box in fact. Unfortunately we lost the match 1-0, and it always leaves a foul taste after being much the better team, to lose in such a fashion.

At Doncaster on Friday night we were once again dominating the game when another "mysterious" penalty was awarded against us. My thoughts, and I am sure the thoughts of all our supporters present, were "here we go again," but thank goodness we showed a lot of character, and deservedly won the game by the players' tremendous efforts, 2-1.

Richard Taylor will always remember those decisions of course, because those were his first two games of the season in goal. Richard has done well in goal, and thoroughly earned his chance, but there is no way he will be wanting to make it a hat-trick this afternoon!

A word of praise, or a lot of words of praise, must be given to the support at both of these fixtures, and it was nice to reward that support with a victory, here's hoping it is the beginning of something worthwhile.

As you must keep reading in the press about the injury situation which has been virtually at crisis point since the season began, at this moment in time Steve Kindon is still in hospital, but 'picking-up,' Fred Robinson, Brian Stanton, and Robert Picton are working like 'bionic men' in their efforts to regain full fitness, and Mark Lillis hopefully may be fit to play today. Now to make matters worse we have been hit by suspensions to Kennedy and Wilson, with Burke probably due for 'sentence' next week. Over all it makes it very trying of course, and imperative that everyone keeps a clear head until things become much clearer. If, and when they do, I feel sure some teams are in for a bit of trouble!

Thanks once again for your wonderful support this season, and I am sure you will give the players every encouragement this afternoon to achieve victory.

Three draws and a win in their last four visits here makes Swindon Town a team deserving of every respect and they will be particularly keen to get back amongst the points today after losing something of their early-season edge in recent weeks.

It is only in the last twenty seasons that we have encountered Swindon Town at first hand, but they have an interesting history that goes back exactly a hundred years. For the first forty seasons of their existence they operated outside the Football League, but as members of the Southern League they twice reached the semi-final of the F.A. Cup before the First World War.

They were then members of Division Three (South) throughout its existence from 1920 to 1958. Since then they have had two short spells in Division Two, the second of these beginning in a most spectacular manner when they not only topped Division Three but also won the League Cup, beating Arsenal 3-1 at Wembley after extra time.

A season later they reached their highest ever position, fifth in Division Two, and also won the Anglo-Italian Cup. In 1974, however, they slipped back to Division Three since when they have had rather a fluctuating existence. In 1974/5 they just missed promotion; a year later they just escaped relegation; in 1978/9 and 1979/80 they mounted promotion bids only to fall away in the latter part of the season and in a tight finish to last season they just stayed up by drawing their last game against Brentford.

Yet at times last season they looked a very good side as when winning 2-0 here and 4-3 at Exeter and when beating promotion winners Barnsley and Charlton at the County Ground.

THIS SEASON

Memories of these performances and of their run to the semi-final of the Football League Cup in the previous seasons seemed

to provide the necessary spark in the first two months of this season. Though going out of the League Cup to Wrexham they won three and drew two of their first five League games. Then after home defeats by Reading and Chesterfield they won three games in a row before their recent lean spell of one draw and four defeats in five games.

At the time of writing they have actually gathered 11 of their 21 points this season in away games and though Chris Kamara who got both their goals here last season is now with Portsmouth they have prolific **Andy Rowland** in his fourth season as top scorer since moving from Bury. **Paul Rideout**, who has graduated from the apprentice ranks since last season is his likely striking partner

today with former Hereford man **Roy Carter** finding the net regularly from midfield. He is likely to be linking up with **Brian Williams** (ex-Bury and Q.P.R.) and **Gary Emmanuel** a newcomer this season after previous experience with Birmingham and Bristol Rovers.

Brian Hughes is another young player in his second season in midfield while in defence Londoner **Charles Henry** is in his second season on the opposite flank from **David Peach**, formerly of Gillingham and Southampton. Central defenders are **Russell Lewis**, a Welsh-born player in his fourth season and comparative newcomer **Mike Graham** in his first season. Behind them **Jimmy Allan** is a Scotsman rapidly approaching his 300th League game.

Season by Season 1960-61

A very disappointing season in the League, finishing in 20th position with only 35 points, just escaping the ignomy of relegation by one point. The teams taking the drop were Lincoln City and, most surprisingly, Portsmouth.

The highlight of the season was an exciting F.A. Cup third round replay victory against the mighty Wolves. This was the first match played at Leeds Road under floodlights. The average League gate for the season as a whole was 13,433 yet 46,155 spectators turned up to see not only the new floodlights but an exciting 2-1 Town victory.

TOWN TERRIER LOTTERY

BE DOUBLY SURE!!! — YES £8,000 IN PRIZES

Town Terrier Lotteries now take advantage of the new prize limits and introduce a brand new Christmas Special Lottery Ticket, with, yes, hold your breath, **£8,000 in prizes.** (This ticket replaces our current ticket until the New Year).

With **two top £1,000 prizes**, one instant, one draw type, and many more prizes from £100 to 25p, this gives you, the punter, a double chance of getting yourself that extra cash for Christmas.

What the customer wants is always difficult to judge, especially in advance. This time your answer to the question "prizes or cash?" cash came first every time.

So with **£8,000 total prize money and one thousand, six hundred and eighty-eight (1688) prizes** to be won each lottery, it is going to be a very happy Christmas for lots of our supporters, and let's hope it is YOU, when you purchase a Town Christmas Special Lottery Ticket.

Some football clubs have given a top prize of a car over a monthly lottery but this has proved **LESS** successful than commonly thought. One very successful club in the lottery field has found that three out of four car winners would have preferred cash (and asked for cash).

We feel sure that a 50p ticket would not be right for the Huddersfield area at present. We are determined to keep the price **DOWN** and keep an open mind on higher tier prizes such as cars, holidays, etc., for the future.

To double up prizes means selling more tickets. Earn yourself 10% commission on sales and 10% commission on top prizes by becoming a **TOWN TERRIER AGENT.** You could be the agent selling a £1000 winner and claiming the agent's prize of £100. For more details, just fill in the coupon below. All you have to do is sell a few tickets at home or at work each week and now you have **DOUBLE** the chance of having that extra cash for Christmas.

I wish to become a Town Terrier Lottery Agent.

A VISIT TO REMEMBER

Two weeks ago yesterday, Town entertained a group of Scouts from Thurstonland, here at Leeds Road.

Accompanied by their leader, Richard Rawden, the 8th Holme Valley Cubs and Scouts enjoyed a guided tour of the stadium. Manager Mick Buxton, and Coach, Jimmy Robson, introduced them to the first team squad. Most of the lads had their autograph books with them and the players duly obliged after the boys had had a good look round the dressing rooms, medical facilities, the Board Room, etc. They were also able to tread the famous turf as you will see from the photograph appearing earlier in this programme. As they left they were presented with some Town programmes and a history of the Club.

Incidentally, the group, which includes Nicholas, the son of Town winger of the early seventies, Dick Krzywicki, are all here at Leeds Road for this afternoon's game. We all hope that they enjoyed their visit to Leeds Road and of course go home happy, having seen an entertaining game this afternoon.

CUP TIE ARRANGEMENTS

As all Town fans are already aware, our opponents in the first round of the F.A. Cup is Workington. The match is to take place away, at Borough Park next Saturday, 21st November, kicking off at 3-00 p.m. Workington, once a Football League club as recently as season 1976/77, has a ground which is quite reasonable by non-League standards, having been well maintained, so I'm told, during the last four years. The Stand however boasts a seating capacity of only 1,100 with a small paddock in front of it. We have taken our full allocation of Stand Tickets (250) and these are priced at £2.50 each with no reduction for either children or pensioners. In addition we shall have on sale 200 tickets for the paddock costing for adults £1.75 each with a reduction for children and OAPs to £1.25. Admission to the Stand and Paddock is therefore by ticket only. Admission to the ground is by payment at the turnstiles, charges being £1.50 for adults and £1.00 for juveniles and OAPs. Stand and Paddock tickets are NOW on sale from the ticket office today, and throughout next week.

POSSIBLE REPLAY

Should a replay prove necessary for the F.A. Cup First Round tie against Workington there will not be any tickets placed on sale in advance. Admission to all parts of the Ground and Stand will be by payment at the turnstiles. Usual 'League' prices will apply. Stand Season Ticket holders please PAY AT the TURNSTILE and enter the stand to occupy your own seats, which still remain reserved for your use for cup ties. Please have your Season Ticket with you in case it is required for identification and your entitlement to a specific seat. The date fixed for a possible replay is Tuesday, 24th November. Kick-off 7-30 p.m.

REPLICA TOWN STRIPS NOW AVAILABLE

At long last we have received from "Barralan" our full stock of Town strips, shirts, socks, and shorts, for sale in the Town Souvenir Shop. It certainly has been a bit of a struggle to get them as there has been some problem in the manufacture of the material, particularly in the Town colours. I apologise to the many people who have regularly called in at the shop and been disappointed that these have not been available. I am sure that many youngsters have been upset that they could not have a Town strip for their birthdays.

Anyway, these are now available and remain at LAST SEASON'S PRICES, at least that's something (please refer to price list earlier in this programme). The Town crest is embroidered this time on both shirt and shorts and is an exact copy of the strip worn today by the Town First Team. Also available and now in stock is the official "Town Track Suit," again as worn by the Town Team, with the badge embroidered. We also have a new Town Sweat Shirt. All these are manufactured by BARRALAN and are "official." They are available on match days from the Souvenir Shop and Monday-Friday from the Terrier Pool Office, 5 Upperhead Row, Huddersfield.

Christmas is fast approaching, think about it EARLY, buy now whilst the choice is there, of our extensive range of souvenirs.

HONLEY MAJORETTES

In the trade, so to speak, Honley Majorettes are considered "one of the best." They

were World Champions in 1979 and 1980. You have seen them once before and they are here again at Leeds Road today. They will perform, as usual for you, before the game and again at half-time. All monies raised from the collection will go to the provision of uniforms and instruments for this thirty-five strong group of youngsters aged between six and eighteen years old.

Half-time entertainment at Town's next home League match is the next heat of the schools penalty competition and is between Honley High School and Fartown.

STARTIME

Another of the popular "Startime" evenings is to be held in the Town President's Club next Thursday evening, 19th November, at 8-00 p.m. The Cabaret includes comedian Billie Bean, and a high-class buffet is included in the ticket price of £3. Tickets are available from President's Club members.

A Look at the Regulations

10 — The Award of a Goal

Law ten covers the award of a goal and again is very simple in its basic statement that a goal is to be awarded when the whole of the ball has passed over the goal-line and between the goalposts and under the cross-bar. Thus disputes when a player clears the ball from a position just over the line are often settled by the defending side being given the benefit of any doubt. Without being right in line with the goal-line it is impossible to determine whether part or all of the ball is over the line and such is the pace of the game that not even the most fleet-footed linesman can be consistently in position to judge accurately.

The F.A. advises referees that 'to give an absolutely safe decision it is necessary to be close to the goal at the time of the shot with a side view if possible. In this respect the officials at Coventry recently were rather caught out when none of them was in a position to see that Clive Allen's shot following a free-kick actually came back off a net support. It would seem that when there is a free-kick close to goal there is always

the distinct possibility of the ball passing into goal and so one official at least should be in a position to see clearly. The argument for an extra 'goal judge' at each end of the field would seem to be a strong one as it would relieve referees and linesmen of an extra burden that produces at least a few controversies every season.

Law ten also specifies that a goal cannot be allowed if the ball is thrown, carried or propelled by hand or arm. Thus in the case of a throw-in a goal kick and not a goal will be awarded if the ball passes directly into goal.

Again a goal cannot be awarded if the ball is prevented by some outside agency from passing into goal. Thus if a dog or even a spectator happens to be on the field of play and prevents the ball going into goal a bounce-up is awarded at the place at which it occurred. On the other hand (as has actually happened) if the ball en route for goal strikes the referee the game is allowed to continue as the official is regarded in the same way as the goalposts and corner flags.

Loughrey on the Ball

Distance no object

If I must agree that plagiarism is the ultimate offence for any scribe, nevertheless with recent Town displays in mind, I make no apology for suggesting yet again that soccer is a funny game!

Performances at home frequently defying analysis, away reverses despite an unquestioned dominance of play, perhaps my son had a better insight into the situation. For as I gloomily pondered on likely events at Doncaster a week ago he was quite clear in his mind that this was exactly the type of fixture that Town were most likely to win!

How right he was! For this time not only did our side hold the balance of play yet again, the final scoreline also reflected their just claims for victory.

But perhaps it would be as well to adopt a guarded approach to the situation for now it is up to Town to provide the evidence that they are about 'to get into the groove' so far as their matches at Leeds Road are concerned.

For as things began to go wrong in that unhappy meeting with Millwall a fortnight ago so the the response of those around me provided a perfect example of the deep rooted interest of the average Town follower in the welfare of his club.

'Committee Meetings' were going on everywhere, views expressed ranging from the frankly ridiculous to others which for me seemed to be based on an extremely sound analysis, every member of the team was either praised or criticised according to the viewpoint. This was not just a matter of grumbling because of another below par performance by Town, it was much more than that. The failure was a personal disaster for the vast majority and I would warrant that however gloomy the Town dressing room might have been after the game it could not have exceeded the disappointment of we diehard fans.

At once in all fairness it must be stressed that additional problems have had to be faced by a club such as Town who have had to get through a heavy load of fixtures with the handicap of a playing staff savagely reduced because of injury. And I would query

if any member of the side even on this afternoon of disaster could have been faulted for lack of effort.

Team changes have been made since the Millwall game, changes possibly designed to answer the two points of criticism which I personally would make. For there have been flaws in defence, of that there is no doubt, and there has been a pattern developing of a side which is particularly vulnerable in the early and late stages of play. And perhaps one would be justified in suggesting that a rich reward could result from more positive tactics when moving from defence to attack. In that Millwall game there were occasions when swift and accurate clearances produced acute embarrassment for the opposing rear-guard.

Indeed this is a scene of some complexity, but to the genuine Town supporter it produces not apathy but a reaction of anxiety and particularly so with the successes of the past two seasons still clear in mind.

To me support of this kind is a unique characteristic of the Leeds Road scene and does a great deal to explain just why I happily make the round trip of 122 miles for each 'home' game. And I have found that to one or two of my friends on Merseyside the explanation makes sense.

Not everyone is attracted to a soccer world where seemingly success is purchased, problems overcome, by the signing of a cheque around the seven figure mark.

TOWN MASCOT . . .

Adam Robinson of Crosland Moor is our Mascot today. Adam attends Crosland Moor Junior School and plays in goal for his school football team. Cricket, football, and trains are among our Mascot's interests. May we wish you a belated birthday greetings for last Saturday, Adam, when you became 11 years old.

LOUGHREY'S TOWN TEAZER No. 10

Over the years, Town's Cup Tie encounters with non-League clubs have been infrequent, and especially so since 1939.

The Problem (up to this season)

How many non-League clubs have Town faced in the F.A. Cup since becoming League Members in 1910. List the defeats, if any, that have occurred in such matches.

The Clue

Do well to keep in mind that in their first season of League membership Town had to compete from the first qualifying round.

The Answer

Will appear in Town's next home match day programme.

LOUGHREY'S TOWN TEAZER No. 9

The Answer with details

Town's 'top 9' players each with a qualification of at least 100 appearances over their full careers with the club cover a period of some 60 years. The record of George Brown over an 8 year period in the successful 20's is superb. To average more than two goals in every three matches over a lengthy period is something that perhaps today's football scene is short of. The complete list is as follows:-

	App.	Goals	Average
G. Brown (21-29)	229	159	1 per 1.44 app.
C. Wilson (22-25)	107	62	1 per 1.72 app.
J. Glazard (46-56)	321	154	1 per 2.08 app.
A. Jackson (25-30)	203	89	1 per 2.28 app.
D. Stokes (60-65)	170	70	1 per 2.42 app.
F. D. Mann (12-23)	226	75	1 per 3.01 app.
E. Islip (13-23)	172	54	1 per 3.18 app.
C. Dobson (66-71)	174	52	1 per 3.34 app.
L. Massie (56-66)	363	108	1 per 3.36 app.

THE YOUNG VIEW

What a tonic our three points at Doncaster Rovers proved to be. In a hard fought battle, where tempers flared, Town kept their heads and at last got their deserved reward. Micky Kennedy gave us a goal to remember him by during his three-match enforced absence. Mick Laverick's goal from Keith Hanvey's free-kick via Ian Robins was just what the doctor ordered. This was not before the earlier drama of a very harsh penalty decision when the players must have thought they were again playing a team plus a referee, this time thank goodness we came out on top even at the cost of a lot of bruised limbs.

If only the Chesterfield game had reaped the same reward. Town played some really good football at Saltergate, and the only way Chesterfield were going to score was from a penalty, which the linesman not the referee duly awarded them. Strange indeed from this particular linesman, who throughout the game seemed to have difficulty in keeping up with play, giving some very late off-side decisions and on occasions missing this infringement altogether. The referee changed his mind from a free-kick outside the area, to a penalty, on the wave of a linesman's flag, he did not even go over to the other official to discuss it, yet we have had referees refuse to consult the linesman after a penalty appeal.

I hope this afternoon in our match against Swindon we can cheer on every player in our side, especially our centre forward Terry Austin. If we can just show Terry that Yorkshire support is not that fickle, by cheering his good moves, which are not always appreciated, I am sure he will soon be repaying us with a goal or two. A little luck and a lot of help from the crowd are what Terry needs most at this moment so let him know we are behind him this afternoon. It's often disappointing when our favourite player is dropped for injury and someone else replaces them. It would be great if there were enough fit and capable players for Mr. Buxton to select our team according to conditions, a kind of horses for courses selection, he hasn't had this luxury so far this season. Today for instance we are

missing two players who have been particularly in form this season, I refer of course to Phil Wilson and Micky Kennedy. So let's get behind their replacements and every other member of the team, let's shout them on to another three points this afternoon, they can do it with our help.

Look for my Desk in the next issue.

Focus on Three

After the draw for the second round of the Football League Cup was made, only two teams from the fourteen Third Division sides still involved in the competition at that stage were guaranteed progression through to the next round. The fact that only four teams made it into the hat for the third round is strong indication that ties played over two legs seem to favour the team higher placed in the Football League. The four teams who moved into round three, together with their results, are as follows:

Fulham beat **Newcastle United** 4-1 on aggregate.

Lincoln City beat **Notts County** 4-3 on aggregate.

Oxford United beat **Millwall** 4-3 on aggregate.

Bristol City beat **Carlisle United** 2-1 on aggregate.

Fulham were the only side to win both legs and it was fitting that their manager, ex-Newcastle United striker Malcolm MacDonald should make a nostalgic return to his former club and come away with a fine 2-1 result.

PEPSI GOLDEN GOALS

United they stand in Pepsi 1 Top Spot

Despite their position in the League, Manchester United had made little impact in the Pepsi Golden Goals campaign — until Saturday. Their 5-1 away thrashing of Sunderland gives them 13 Pepsi points and an early lead in the chase for November's £1,000 prize in Pepsi 1. Swansea lie second after their superb 3-2 victory at Portman Road and move up to third spot in the season's table where only two points separate them from leaders West Ham.

In Pepsi III high-scoring Exeter celebrated their £1,000 October award with another sparkling display in their 4-3 home win over Reading. But, with away goals counting double, Reading are actually joint top with Brentford for November. Exeter continue to dominate the season's table and are now 10 points clear of Millwall with Bristol Rovers and Gillingham trailing a further four points behind.

Scoring: One Point for Home Goal. Two Points for Away Goal. Three Bonus Points for three or more goals in any match Home or Away.

Dean Coney scored in both games as the London side cruised home 2-0 at Craven Cottage. Perhaps it was no surprise for the Second Division side to be beaten, as they have the unfortunate reputation against "inferior" opposition in recent Cup matches of failing to achieve the right result.

Lincoln City, however, did achieve the shock result of the round, disposing of First Division Notts County. Although the club who gained promotion last season have had an indifferent time so far, including only one point from a recent five match spell, they held their opponents to a 1-1 home draw. A 3-2 result in the return at the County Ground with goals from Cunningham, Cockerill and Shipley ensured a memorable victory.

Oxford United relied heavily on striker Keith Cassells to put them through at the expense of **Millwall**. He scored twice, one a penalty, in the 3-3 away draw at the Den in the first leg, and scored the only goal of the game three weeks later in front of his own supporters. These three goals have now boosted his current goals tally to ten.

Bristol City had to come from behind to edge out **Carlisle United**. A goalless draw was their reward from the long trip north to Brunton Park, but they fell behind to a first-half penalty from United's Gordon Staniforth in the return at Ashton Gate. David Rodgers equalised after the break and a penalty from Jimmy Mann settled the issue in favour of City.

The other eight results involving the other beaten Third Division sides were as follows:

Newport County lost to **Oldham Athletic** 0-1 on aggregate.

Doncaster Rovers lost to **Crystal Palace** 1-2 on aggregate.

Huddersfield Town lost to **Brighton** 1-2 on aggregate.

Plymouth Argyle lost to **Middlesbrough** 1-2 on aggregate.

Preston lost to **Leicester City** 1-4 on aggregate.

Bristol Rovers lost to **Northampton Town** 2-5 on aggregate.

Portsmouth lost to **Q.P.R.** 2-7 on aggregate.

Exeter City lost to **Liverpool** 0-11 on aggregate.

International Games to Savour

N. Ireland v Czechoslovakia - July 17, 1958

At a time when it is possible that as many as four countries from the British Isles will reach the final stages of the 1982 World Cup it is appropriate that we recall the last time this was achieved. This was in 1958 when England, Scotland and Northern Ireland got to Sweden and little Ireland hit the headlines by actually reaching the last eight.

They found themselves in a comparatively difficult group, but earned themselves a play-off with Czechoslovakia by taking three points from three games, beating Czechoslovakia, losing to Argentina and drawing with West Germany. This play-off was fixed for Malmo and the Irish had to bring in Portsmouth's Norman Uprichard for the injured Harry Gregg and selected Jackie Scott of Grimsby for the number 9 spot.

In fact right from the kick-off Jackie took up his position on the wing with Peter McParland operating in the centre of the attack. He as usual showed plenty of dash, but little went right for Ireland in the early stages. Norman Uprichard twisted an ankle in going for a high ball and spent the rest of the game limping and this enforced lack of mobility did not help when winger Zikan headed Czechoslovakia into a 17th minute lead.

Right on half-time, however, came the lift that Northern Ireland needed. A fine run by Billy Bingham on the right saw him put Wilbur Cush through. The Leeds man had three separate shots all of which were blocked and as the ball rebounded to him again he pushed the ball into the path of Peter McParland who was racing up to bang it home.

Early in the second half Norman Uprichard was in the wars again injuring his hand as he dived to save a powerful shot. In so doing his hand was badly swollen but he played on bravely and only after the game did an X-Ray reveal a broken bone. Then Bertie Peacock was injured in a goalmouth scramble and hobbled for the rest of the game on the

wing with an injury that was to keep him out of the game for the first three months of the following season.

The scores were level at full time. 'Go at them; they are more tired than you are,' were Peter Doherty's words as he urged them on. Ten minutes into extra time skipper Danny Blanchflower took a free-kick and McParland crashed the ball past goalkeeper Dolejsi from 20 yards. Czech wing half Bubernik was sent off for spitting in the referee's face and after a Peacock shot had found the net but been ruled offside the whistle finally sounded.

In the quarter final Ireland went down 4-0 to France with a team containing several walking wounded. But nothing could take away the glory of getting there against the odds.

Teams:

NORTHERN IRELAND: Uprichard; Keith, McMichael, Blanchflower, Cunningham, Peacock, Bingham, Cush, Scott, McIlroy, McParland.

CZECHOSLOVAKIA: Dolejsi; Mraz, Novak, Bubernik, Popluhar, Masopust, Dvorak, Borovika, Feureisl, Molnar, Zikan.
