Introducing

"SPRAY BREAKER"

"SPRAY BREAKER", is a new name in Road Safety.

In wet weather, road spray provides what is probably the most dangerous driving condition of all. Particularly on fast roads and motorways.

"SPRAY BREAKER", manufactured by major Commercial Vehicle Mudguard Manufacturers, Boydell & Jacks Ltd., at Burnley, is a system of special mudflaps and valances, designed and developed by the company to reduce road spray generated by trucks and also cars which improves vision for drivers following or overtaking other vehicles.

A tough, lightweight pad is attached to truck and car mudflaps. This catches the water thrown up by the tyre and by using air speed the water is forced out at the bottom of the flap, returning the water to the road in large droplets rather than as fine blinding spray into the air as happens with conventional mudflaps.

The Department of Transport is at this time writing Legislation to reduce Road Spray on our Roads.

Manager's Comments

I welcome everyone to Gigg Lane tonight for our Canon League fixture against Swindon Town. With two home games within a few days we have a great chance to strengthen our position in the division and although I write these programme notes prior to our game against Colchester we must obviously try and keep the momentum going tonight.

On the injury front I am hopeful that Chris Cutler will be back in training within the next three weeks following his operation whilst Terry Pashley should have recovered from his achilles tendon injury in the very near future. Unfortunately we have a thin squad here at Bury and a few injuries can mean that we are struggling for a team – although if I were to bring the youngsters in I am confident that they can do a job, the ability is there.

It is interesting to see tonight's visitors managed by Lou Macari – still highly rated by Manchester United as a player last season. It is a coincidence too that Lou and his former team-mate Steve Coppell have both gone into management at the same time. They are both good pros, I rated them both and it takes some doing to keep playing in the First Division at 35! He has a super attitude to the game and I hope he finds success in his managerial career. I have found out in the few months that I have been at Bury that there are many problems at this level but Lou is an honest fellow and will sort Swindon out.

Finally, I look forward to meeting and talking to as many supporters as possible at the Club's Open Day on Sunday, 23rd September. The day kicks off at 2.00 p.m. and the players will be there showing everyone around. I hope many of you will be able to attend.

GIGG LANE GLEANINGS

TRAVEL NEWS . . .

On Saturday the Shakers are playing at EXETER CITY - kick-off 3.00 p.m. and Supporters Association coaches will be leaving Gigg Lane at 8.00 a.m. (to return straight after the game). The fare is £10, unfortunately with no junior reduction for this trip. Bookings are being taken at tonight's game in the programme hut and also on Thursday and Friday night (7.30-8.15 p.m.) in the Social Club foyer - as long as there are still seats available of course! The response so far has been good so please book as early as possible.

OPEN DAY . . .

Despite a tiring 250 mile journey back from Exeter, the Manager and players will be present at the 1984 GIGG LANE OPEN DAY on SUNDAY 23rd SEPTEMBER. Timed to run from 2.00-4.00 p.m., admission is free and amongst the changes which have been made underneath the main stand are a fully modernised referees room and vastly improved and tiled dressing rooms. Whether it's an autograph or a chat with the Manager that you want - Come along!

CLUB SHOP CHATTER . . .

If you haven't paid a visit yet to the Club Shop on Gigg Lane, you really don't know just what you are missing! Commercial Manager Gordon Harrison has been busy at work during the summer months assembling over 60 different lines. Anything from Scarves, Sweaters, Pyjamas and Bob-Hats to Bags, Ash-trays, Tankards and Pint Pots. There is an impressive display of various club pennants and an attractive newly designed Club Lapel Badge - why don't YOU take a look today? Another new item at the Shop is a large selection of trophies, which are suitable for presentation to any winning team, no matter which sport. After a slight delay in printing, the new large fixture cards are also available free to any supporter who can display one in a pub, club, shop or factory.

JUNIOR SHAKERS . . .

Don't forget the first of the new Junior Shakers MONTHLY MEETINGS on Tuesday 25th September at Bury F. C. Social Club . . . Players in attendance . . . Soccer Videos . . . Question and answers section . . . Fun and games half-hour with prizes. Admission is free to J. S. members - but you can join on the day so come and get involved with the Club - Join the Junior Shakers!

SPONSORSHIP . . .

A look at the Statistics page of today's programme will tell you that once again the SHAKERS SPONSORKIT is under way and thanks go to the four supporters who have already sponsored their favourite players. The sponsor fee involved is just £15 so if you think that you can help the Club by sponsoring your favourite player, or grouping together with your mates to sponsor a kit, call at the Development Office today and see Gordon Harrison. Incidentally, the Sponsored Balls are nearly all accounted for now with just three games as yet to fill. Thanks to all our sponsors.

NEXT AT GIGG LANE . . .

On Saturday 29th September, highly fancied CHESTERFIELD are the visitors to Gigg Lane. Manager John Duncan made minimal changes to his squad during the Summer but one familiar name will be back in the Spire-ites team - Ernie Moss who rejoined Chesterfield for the third time! Mansfield's midfielder John Matthews was Duncan's other major close-season signing and judging by their results so far this season have made a big difference as Chesterfield aim to vastly improve their position of 13th last season.

Skipper Joe Jakub, back to his sparkling form of last season in the recent away game at Chester popping up to score twice and lead the Shakers to the first away win of the season.

SWINDON TOWN

SWINDON TOWN TEAM LINE UP 1984/85

Back Row (L to R): Charlie Henry, Simon Gibson, Alan Churchward, Nigel Gray, Scott Endersby, Andy Wollen, Mark Hughes. Centre Row (L to R): Harry Greg (Assistant Manager), John Trollope (Youth Team Manager), Jamie Reynolds, Mark Gardiner, Martin Davison, Sean Prowse, Mike Graham, Dave Hockaday, Kevin Morris (Physiotherapist). Front Row (L to R): Paul Batty, Gary Nelson, Leigh Barnard, Lou Macari (Player Manager), Andy Rowland, Alan Mayes, Colin Bailie. Seated (L to R): Mark Payne, Sheldon Lee.

Our visitors today, Swindon Town were the team who closed off the 1983/4 season last May here at Gigg Lane when Bury won 2-1 through a goal each from Craig Madden and Eric Potts. Swindon's 17 goal leading scorer Alan Mayes provided the Robins consolation goal. In last season's programme I made the mistake of offering our former player Ken Beamish 'all the best in his future managerial career' which really does appear slightly ironic now! Swindon's final league position of 16th was the lowest in their history and resulted in the sacking of Beamish and his player/coach Paul Richardson.

The Robins signed a sponsorship deal in July with Insurers, Lowndes Lambert reportedly worth £150,000 over a two year spell and a 'nationally known Manager' was immediately made the number one priority. Liverpool's Phil Thompson and Southampton's Mick Mills thought over offers from Swindon before deciding to stay in the first division before Lou Macari was appointed on 23rd July as player/manager. 35 year old Lou is of course well known in this area having been granted a free transfer after ten years at Old Trafford, crowned last May with a sell-out testimonial game against his old club Celtic which yielded a huge £100,000. Another personality with Old Trafford connections followed Lou to the County ground - Harry Greg and as Assistant Manager forms a partnership full of experience both on and off the field.

Transferwise over the Summer, striker Jimmy Quinn joined Blackburn for a tribunal settled fee, Gary Emmanuel signed for Newport County and Kevin Baddeley - freed by Beamish - was re-signed by Macari. Hyde United's Peter Coyne moved south for a £2,000 fee in August and has immediately gained a first team place. Once a haven for ex-Bury management and players, The County Ground houses just one such person nowadays - our former striker Andy Rowland who these days plays much of the time as a centre-half, and even occasionally in goal!

KEVIN BADDELEY. Defender. Born Swindon. Served his apprenticeship with Bristol City and made his debut against West Ham United in August 1980. That was, however, to be his only appearance for City before he moved to Swindon in July 1981. Usually a left full back he made 102 appearances to the end of last season when he was given a free transfer but re-signed in August 1984.

COLIN BAILIE. Full Back. Born Belfast. A former apprentice he made his league debut at Oxford United in April 1982. He became an established member of the team last season at the end of which he had made 71 appearances.

LEIGH BARNARD. Midfield. Born Worsley. Served his apprenticeship with Portsmouth. He made 89 appearances for Pompey plus 4 on loan to Peterborough United before signing for Swindon in July 1982. He can play in any midfield position but is, perhaps, best wide on the left.

PAUL BATTY. Midfield. Born Doncaster. A former Swindon apprentice who made his league debut against Crewe Alexandra in September 1982. He quickly became a regular in the centre of midfield and had made 91 appearances to the end of last season.

PETER COYNE. Striker. Joined Manchester Utd. in 1975 where he played for two years including one full game in the First Team. He then joined non-league Ashton Utd. before signing for Crewe in 1978 for whom he played around 120 First Team games.

SCOTT ENDERSBY. Goalkeeper. Born Lewisham. Served his apprenticeship at Ipswich Town where he won an England Youth Cap. He moved to Tranmere Rovers in the summer of 1981. He made 91 appearances for the Birkenhead club and joined Swindon in July 1983.

MIKE GRAHAM. Defender. A former Bolton Wanderers player, he joined Swindon in July 1981 and had made 125 appearances at the end of last season when he was given a free transfer under the Freedom of Contract rules but re-signed in August 1984. Most of his appearances have been alongside the centre-half but he has also played at full-back and in midfield.

LOU MACARI. Midfield. Born Edinburgh. Swindon's Player/Manager appointed in July 1984 after a distinguished career with Celtic, Manchester Utd. and Scotland. He also gained 24 Scottish caps. Originally a forward he has played more in midfield in recent years but continued to score goals regularly.

ALAN MAYES. Forward. Born London. Alan is in his second spell with the club having re-signed in July 1983 after 76 appearances for Chelsea. A mobile striker whose skills enable him to make as well as take chances. He made 43 appearances last season.

GARRY NELSON. Forward. Born Braintree. Garry's only previous club was Southend Utd. He made 140 appearances for Southend and joined Swindon in July 1983. Basically an old fashioned left winger who likes to get past his full back he made 43 appearances last season.

ANDY ROWLAND. Forward. Born Derby. Although Andy began with Derby County it was not until he moved to Gigg Lane that he played first team football, making a total of 203 appearances for Bury before moving to Swindon in September 1978.

SEASON 1926/1927

1926/1927 season is undoubtedly one which is looked back upon and summed up as a year of disappointment and frequent upsets. After reaching the Club's greatest achievement – a league position of fourth in Division One, the Manager J. H. Thomson had kept on 29 of the previous season's players and decided that no new signings were necessary to improve further the team's fortunes.

Early results appeared to point to a repeat push for the league title, as Champions Huddersfield were held 2-2 on the opening day of the season. Norman Bullock cracked home a hat-trick in the 5-2 victory against Everton followed by a further 2 goals in the 7-3 demolition of West Brom – a game which saw the Shakers hit 4 first half goals in a 14 minute purple patch. Ironically after this emphatic win Bury managed to win just one of the following 7 home games and by the time Christmas approached, the Shakers lay down in 17th position. Norman Bullock's goal supply had dried up somewhat although when capped once again for England on 20th October against Ireland in a game played at Liverpool, he did manage to notch a goal in a 3-3 draw. The Club had decided to grant benefits to four of the longest serving players during the summer and when Bury lost 2-3 at home to Cardiff in late October (one of 8 home defeats) the gate receipts were split equally between Fred Smith, Billy Stage and David Robbie.

With the decline in fortune – and a broken leg sustained by full-back Fred Heap at Derby, the Club signed a new right-back on 22nd December Sam Wynne from Oldham. The fee involved was a club record at the time – £2,250 and Wynne made his Gigg Lane debut against Sheffield Wed. A further player was signed in January, Alex Massie from Ayr United. The problems on and off the field continued though and on February 10th, Manager John Thomson resigned due to what the Bury Times described as 'a slight disagreement with the Club's Directors' – perhaps bad results during the previous 2 months? Shortly after, Thomson was appointed as Manager of Swansea Town, the team who had knocked Bury out of the F.A. Cup and he returned to Gigg Lane to sign 'keeper Davies and half-back Seymour. Club Secretary Frank Hamer replaced him as Manager on a temporary basis until the end of the season.

Throughout the months of February, March and April, Bury lay in 18th position with poor results threatening the Shakers continued safety in the top division and further tragedy struck on 30th April in a game against Sheffield Utd. at Bramall Lane. Bury's crowd favourite and record signing Sam Wynne collapsed after 38 minutes when trying to place a ball for a free kick and was stretchered into the dressing room where the player died, apparently of a cerebral haemorrhage. The news was broken to the 22,000 crowd and the game abandoned at half-time. For the rearranged game on 5th May Sheffield United donated the total receipts to Wynne's widow and along with a subscription fund £1,400 was raised.

Therefore under trying circumstances, a final position of 19th had earned the Shakers at least a further 12 month long stay in Division One. Gates averaging around the 15,700 mark resulting in a working loss of £1680-17-7d for the season and the Club's credit balance now stood at £10,329-16-2d.

Scene and Heard . . .

Poor old Bobby Robson! He always comes over as a smashing sort of bloke, much admired of course for the excellent job he did at unfashionable Ipswich. Then came the England job. Not many people queried the wisdom of appointing him at the time, indeed the general consensus of opinion was that he was the ideal man. But hasn't the happy smile on his face been replaced by a sad hound-dog expression as the critics - many of whom aren't fit enough to lick his boots - constantly take swipes at the hard-working England supremo? And now his latest idea is receiving the usual gloomy criticism - the Lilleshall School for the most talented youngsters in the land. Based in the beautiful Shropshire countryside, this really is an idyllic place for our future soccer stars to finish their academic learning whilst gaining as much coaching as is possible to enable them to develop their obvious talents. A terrific idea which is bound to produce results in the years to come. Maybe not every pupil will make it to the top, but I'm willing to bet a fair percentage will. However, as usual the snipers are out, knocking the scheme. Perhaps they don't realise that around fifteen years ago the French F. A. launched a similar scheme when the French game was really in the doldrums. And now, who are the European Champions? France! Who are the Olympic Champions? France! Game, Set and Match to Mr. Robson, I would suggest.

I had the misfortune the other day to pay a visit to a Non-League ground in Liverpool. South Liverpool are members of the Northern Premier League. Last season they had their best season in ages, finishing third in the League and winning three Cups. However they do have one problem in their 18,000 capacity ground - vandalism. They have suffered smashed perimeter fencing, pulled down corrugated sheeting from a covered stand, a sawn-in-half flagpole, damage to goalposts, theft of floodlight bulbs and goal-netting, a refreshment hut fire, sledge-hammer attacks on turnstiles and terracing, and a third fire in the main stand that has rendered it useless. And all this in the last twelve months! You may have read in the papers recently that the Northern Premier League Management Committee have ordered the ground to be closed down. If you were wondering why, now you know. What a charming place to live, and what charming people to have for your neighbours. Not surprisingly, talk has been heard concerning moving to a new venue.

Bury profit — now a new share issue

By ANDREW BUCKLEY

A BIG cash injection from the sale of Paul Hilton helped Bury make a profit of £7,544 last season.
