# A WARM WELCOME TO

## SWINDON TOWN F.C.

# Stan's Column

**G**ood afternoon everybody. Today we welcome the Chairman, Directors, Players, officials and supporters of Swindon Town Football Club. As we all know Swindon Town have had their fair share of publicity over the last few months, however I know that under the Leadership of Ossie Ardiles they will undoubtedly find themselves up at the top of the Division chasing promotion come next May.

Our position in the league is not an enviable one. Having said this, all of the players and coaching staff are confident that this state of affairs will be rectified in the near future.

I am sure that I speak for everybody at Hull City, Supporters and staff alike in taking this opportunity of wishing Richard Jobson all the best with his future career at Oldham and thanking him for the tremendous service and loyalty he gave to the club over the last six years.

Thank you for coming.  
Stan Ternent

## MAIL SCORES DEBUT GOAL FOR CITY, IN AN EMOTIONAL RETURN TO EWOOD.

In an emotional return to Ewood Park, David Mail proudly scored his debut goal for City against his former Club, Blackburn Rovers

David who spent eight and a half seasons with Rovers received a warm reception from many of his old colleagues and fans. In an exciting game if not perhaps a little bit unlucky for City, Mail lead City's charge and was dually rewarded with a goal in the second half.

After the Match David praised Blackburn supporters, "To come back and get such a good reception proves to me that the eight and a half years that I spent with Rovers were not wasted."

David now looks to a bright future with Hull City and hopes to be able to be as popular with City fans as he was at Blackburn.

*Left - David Mail scores his debut goal for City in an impressive way, to level the scores at Blackburn Rovers.*

Our 1-5 defeat at Sheffield Wednesday last Saturday was our heaviest reversal since going down by the same scoreline at Bournemouth on 29th November, 1988 when Luther Blissett was the last man to score four goals in a game against the Tigers. Only twice before have Hull City lost the first three games of their League campaign. Details of those results from 1955/56 and 1934/35 are given below:

Season 1955/56

Season 1934/35

## Palmer celebrates return to Boothferry park by opening scoring

In our opening match of the season, Notts County's, Charlie Palmer became the first Ex-Tiger to score against us since Brian Marwood in Arsenal's Littlewoods Cup visit to Boothferry Park on 28 September, 1988 - four days earlier, another former City man, Frankie Bunn scored both Oldham goals in our draw in the Second Division at Boundary Park.

**STEVE FOLEY** (Midfield) Age 27. Born Liverpool. Missed the first three months of last season with an ankle injury, but was soon buzzing again as "The Town" went 22 games without making a change to their line-up. A knee operation forced him out for a further seven games in the spring. Signed from Sheffield United in 1987. Appearances: 1989/90 30 + 3 Goals: 6.

**TONY GALVIN** (Midfield) Age 34. Born Huddersfield. The Republic of Ireland international was Ossie Ardiles' first signing for Swindon last July. Came on a free transfer from Sheffield Wednesday, who had to pay Tottenham £140,000 for him only two years earlier. Recently recovered from a back injury. Has a degree in Russian. Appearances: 1989/90: 6 + 8.

**JON GITTENS** (Defender) Age 26 Born Moseley, Birmingham. After a three match suspension following dismissal at Leeds, Jon settled down to his most consistent spell since arriving at Swindon three years ago. Previously with Southampton who spotted him playing in non-League football with Paget Rangers in 1985. Appearances: 1989/90 55 Goals: 4.

**DAVE HOCKADAY** (Defender) Age 32. Born in Billingham, Co. Durham. The longest serving player at the Club, having been signed from Blackpool by Ken Beamish in 1983. Successfully converted from a winger to a full-back during the Town's Fourth Division championship season. A fractured cheekbone in November cost Dave his place, when new signing, David Kerslake took over. Appearances: 1989/90 15 + 10.

**TOM JONES** (Midfield) Age 25. Born Aldershot. Made a speedy recovery from a cartilage operation last summer and clearly enjoyed the Town's short ball game. A former Chelsea apprentice, Tom arrived at the County Ground in September 1988 via Farnborough, Weymouth and Aberdeen. Appearances: 1989/90 56 + 2 Goals: 2.

**DAVID KERSLAKE** (Midfield/Defender) Age 24. Born London. Signed for £110,000 from QPR last November, David stopped in at right-back and became a firm favourite with the fans with his sorties upfield. An England schoolboy, youth and Under-21 international, he joined the Loftus Road Club as an apprentice and made his first team debut in a UEFA cup tie in October 1984. Appearances: 1989/90 37.

**ROSS MACLAREN** (Midfield) Age 23. Born Manchester. The Swindon Evening Advertiser Readers' Player of the Year is still recovering from an operation for a groin injury following his return from Italy with the Republic of Ireland squad (where he made two appearances as substitute). Was missing from Swindon's starting line-up only once last season. A free transfer signing from Manchester United in 1986. Appearances: 1989/90 60 + 1 Goals: 16.

**DUNCAN SHEARER** (Striker) Age 27. Born Fort William. Joint top goalscorer with Steve White, Duncan has topped his club's scoring list for a fourth successive season (including twice with Huddersfield Town). Signed from the Yorkshire club for £230,000, he was released by Chelsea on a "free" in 1986. Now has a career record of 91 goals in under 200 games. Appearances: 1989/90 57 Goals: 27.

**FITZROY SIMPSON** (Midfield) Age 20. Born Bradford - upon - Avon. A former trainee, Fitzroy made his first full appearance against Sunderland in February 1989. Sent off against the same club on the opening day last season and again six games later, he now seems to have overcome his disciplinary problems. Appearances: 1989/90 25 + 13 Goals: 2.

**STEVE WHITE** (Striker) Age 31. Born Chipping Sodbury. Probably the best free transfer signing ever made by Swindon Town, Steve was the other half of the 54 goal partnership last season. About to commence his 13th year in League football. Previously with Bristol Rovers (twice with Charlton Athletic). Appearances: 1989/90 50 + 1 Goals: 27.

# A TRIP DOWN

## FLASH BACK

### 25 YEARS AGO

The Tigers having beaten Swindon Town at home in mid-week 1-0 with a Wagstaff goal, they then suffered their first defeat of the season in Division Three, losing at home 1-3 to Queens Park Rangers. City suffered an early blow when Rangers took the lead after only 2 minutes, the defence being caught out by a long throw from full back Langley and Les Allen nipped in to score with a low shot. Eight minutes later Allen dashed in to make it 2-0. Roger Morgan put the game beyond the Tigers reach after 32 minutes. City began to show some urgency mid-way through the second half and from a Terry Heath corner, Chris Chilton pulled a goal back. Ken Wagstaff worked hard in attack and Chris Simpkin grafted well in midfield, but it was all to no avail.

**City team:** Swan, Davidson, Sharpe, Simpkin, Milner, Summers, Heath, Wagstaff, Chilton, Houghton, I. Butler, Sub - Wilkinson.

**Today's visitors** Swindon Town were also in Division Three action, winning 1-0 at Bristol Rovers.

### 15 YEARS AGO

The Tigers continued their Division Two campaign with a 1-0 home victory over Orient, having been beaten by the same score at Oldham the previous week.

It was Orient's spoiling tactics that frustrated the Tigers for much of the first half and something special was needed to break down the defensive shroud. Indeed that is what happened in the 40th minute when Alf Wood scored a magnificent goal to claim the points. Peter Fletcher got up well to City's sixth first half corner taken by Vince Grimes. The Orient defence failed to clear the danger and the ball bounced to Wood who scored with a brilliant overhead kick, giving keeper Jackson no chance. It brought sparkle to an otherwise dull game.

**City Team:** Wealands, Banks (McGill), DeVries, Galvin, Croft, Grimes, Lord, Wood, Fletcher, Greenwood

**Today's visitors,** Swindon Town were in the Division Three action losing 0-3 at Shrewsbury Town.

### 5 YEARS AGO

Hull City continued their campaign with a goalless draw at home to Middlesbrough, having lost 1-3 at Oldham the previous week. A double disaster for the Tigers in this game, with a missed penalty in the tenth minute by Whitehurst after Bunn had been brought down by keeper Pears and a disallowed goal 2 minutes from time. Substitute Mike Ring crossed for Askew to head into the path of Whitehurst who stroked the ball home, but Bunn was ruled to be in an offside position. City dominated the game as a whole but were usually well off target. It was one of those frustrating days for the Tigers.

**City Team:** Norman, Jobson, Pearson, Doyle, Skipper, McEwan, Swann, (Ring), Bunn, Whitehurst, Askew, Roberts.

**Meanwhile Swindon Town** were in Division Four, beating Northampton Town at home by 3 goals to 2.

## PREVIOUS

**HULL CITY 2 SWINDON TOWN 0 FRIDAY 16TH  
OCTOBER, 1970 DIVISION TWO**

Two quite brilliant goals by Ken Wagstaff in the third minute and Chris Chilton in the 22nd minute, gave the Tigers a fine victory and took them to the top of the Second Division - albeit briefly.

But what turned out to be the biggest gate of the season to date saw City's defence give their shakiest performance to which manager Terry Neill blamed most of the anxiety on himself. Indeed he had to be thankful for a marvellous display from Billy Wilkinson for keeping the Tigers out of trouble. Close behind were the hard working Ken Houghton and Malcolm Lord in midfield - prompting the attack in the first half and helping the defence during a rather scrappy second half.

However, City got off to a whirlwind start by opening the scoring after only three minutes. It was a crisp move linking Don Beardsley, Chris Chilton and Ian Butler finding Wagstaff who flicked the ball up with one foot and dipped a 20 yard volley home with the other. The Tigers increased their lead in the 22nd minute when another sweeping move over half the length of the field with De Vries, Houghton and Wagstaff combining brilliantly to find Chilton around the edge of the penalty area and he rattled the ball home.

## MEETINGS

In between the goals though, Swindon could also have scored twice as centre forward Chris Jones missed good chances - having only Ian McKecknie to beat. The next play by Don Rodgers was largely responsible for the chances Swindon had but he too was guilty of missing chances. City lost a lot of their attacking rhythm in the second half and injuries to Wagstaff and Chilton didn't help their cause. Wagstaff hurt a knee just before halftime following a tackle by keeper Jones and then Chilton had to leave the field in the 64th minute to receive stitches to a head wound after colliding with Burrows in a heading duel. He was replaced by Stuart Pearson.

In the end the Tigern Twn - R. Jones, Thomas, J. Butler, Gough, Burrows, Harland, Smith, Dangerfield, C. Jones, (Dawson), Nobel, Rogers.

**Scorers:** City - Wagstaff, Chilton

## THE MATCH FACTS

Today's meeting is the 35th between Hull City and Swindon Town - all in the Football League. The Tigers have won 8, Town 13 with 13 drawn. City's biggest win against Swindon Town is the 3-1 success at the County Ground last season.

Swindon's summer was dominated by their controversial demotion to Division Three, just two weeks after qualifying to play in the First Division for the first time in their history after pleading guilty to 36 charges relating to irregular payments since 1985. The Football Association's Board of Appeal overturned the League's decision and promoted - or should it be relegated - Town to the Second Division?

In the corresponding fixture last season, played on Saturday 7 October, Town left Boothferry Park with three points thanks to goals from Fitzroy Simpson, Alan McLoughlin and Tim Parkin; Peter Swann hit two in reply for the Tigers in front of 5,366.

Swindon Town was formed in 1881 by the Reverend W. Pitt and was an amateur organisation until professionalism was adopted in 1894. They were original members of the Southern League and played on the Croft until 1896 when they moved to the County Ground. They began playing on the area which is now a cricket pitch.

Recent visits from Swindon Town rarely hold happy memories for Tiger fans. Town won 4-1 here on 15 April 1988 with two goals from Dave Bamber - not only Town's biggest win against City and our heaviest League defeat at Boothferry Park for twelve years but Brian Horton's last match in charge of the Tigers. Seven years earlier City and Town fought out a goalless draw, an attendance of only 2,789 indicative that this result relegated City to the Fourth Division.

The first Swindon Town - Hull City meeting took place at the County Ground on Wednesday 27th August, 1958 when Town won a Third Division encounter with goals from Andy Nicklewright and Bob Edwards. Five days later Swindon made their first visit to Boothferry Park, earning a goalless draw before 12,035.

Like Notts County, our only previous visitors this season, Swindon Town, finished the 1989/90 campaign by winning a Play-Off Final at Wembley Stadium.

Tigers striker, Dave Bamber, should today face the club where he enjoyed some of the most successful days of his career. Dave led the Swindon attack on their way up from the Fourth to the Second Division following his £12,500 move from Portsmouth in March, 1986. 106 League games and 31 goals later he joined Watford for £105,000.

Other Tigers / Robins include Charlie Flood, Roy Greenwood, Alan Moore, John Neal, Johnny Stephens and George Rushton.

Much of the sympathy generated by the Swindon Town Scandal Saga has quite rightly been directed towards the Wiltshire club's loyal fans but at least one fan wants more than mere sympathy. 30 year-old insurance worker David Richardson is taking the Football League to the small claims court in Blackpool on 16 October. He wants £83 reimbursement for the money he spent watching Town's Play-Off matches. In view of subsequent events, he insists the matches were meaningless as the League were aware of the facts before the matches took place.

## NATIONAL FOOTBALL INTELLIGENCE UNIT

In the build up to the World Cup 1990 the National Football Intelligence Unit issued a Hooligan Hotline number - (071) 230 5340. This was publicised on television and in the National Press, inviting members of the public to ring in with information on known or potential trouble makers believed to be travelling to Italy to follow England. This operation was a great success resulting in 350 calls, the vast majority of which contained information and intelligence of use to the Unit.

As a result of this success, the National Football Intelligence Unit feel it would be advantageous if this number could be available to decent football supporters on a regular basis in an effort to combat the hooligans who are bringing our National game into disrepute.

The number below will appear in the matchday programme for the remainder of the season giving you, the footballing public, a known reference point if and when you need to contact the N.F.I.U.

## ALL TICKET MATCHES

The Football League has viewed with concern the number of fans who continue to arrive at all-ticket matches without tickets. This can create crowd control problems for both clubs and police, but perhaps more importantly, it can also present a safety hazard. It is

therefore in the interest of spectator safety that Hull City A.F.C. will continue to give the maximum publicity to all ticket matches at Boothferry Park and we urge all our supporters to pay attention to this. Notices will appear outside the ground as well as in local press.

## TODAY'S MASCOT

Leading the Tigers out this afternoon is 13 year old Neil Adair, who attends William Beaumont School in Warrington. His hobbies include football and cricket and his favourite player is Andy Payton. Enjoy your day Neil.

## BOOTHFERRY BEAT

Are you still shell shocked after our 5 - 1 defeat at Hillsborough? I certainly am. I just hope that some goals and league points are forthcoming today. Sheffield Wednesday certainly looked promotion favourites and some of the football they played was very exciting. Some Owl fans I spoke to after the match still thought that Wednesday played better at Ipswich the week before, that must have been some performance!

Having said this the Owls play was perhaps made to look better by a very poor performance from The Tigers.

It's now up to the players to prove to their supporters that in the first three matches they have not performed to their true ability and to roll their sleeves up and get on with the job, or the season, like the last, could well be over sooner than we think. So far there has only been a fifteen minute period in the second half at Blackburn, when they have played some decent football and put the opposition under any real pressure.

Today's visitors, Swindon, gained promotion to the First Division last season only to be relegated to Division Two after a Football League and a Football Association enquiry. They must be strong contenders for promotion this season. I welcome their supporters to Boothferry Park.

Finally complaints are being received about where supporters are parking their vehicles on match days. Before you leave your vehicle please check that you are not parked on double yellow lines, parked on Police 'no waiting cones', blocking a private entrance, or obstructing the free flow of traffic along the highway. Any contravention of parking regulations will be dealt with, so please help us to keep traffic flowing free, by parking legally and sensibly.

I hope you all enjoy today's match. Steve Drifill

## HELPING THE GAME

A fine new stand - one of the many initiatives supported by Trust funds.

The Football Trust 1990 has been created to help the game at all levels and to assist clubs meet the requirements of Lord Justice Taylor's Final Report.

Safety and comfort for all spectators is the primary objective and substantial funds have been made available for the provision of seating at Football League grounds. At the same time the Trust's commitment to family and community initiatives will continue with the provision of more family enclosures, better toilet facilities, covered accommodation, artificial pitches for local use and the development of women's and junior football particularly through community programmes, plus a wide range of policing and crowd control measures.

Each year The Trust expects to receive £20 million from the reduction in Pool Betting Duty plus the £10 million continuing contribution from the Spotting-the-Ball competition organised by Littlewoods, Vernons and Zettors. This money will be invested in projects which benefit football throughout the United Kingdom.

# PLAYER PROFILE

Viking F.M.'s Tim Maitland continues his quest for the truth, by Interviewing Garreth Roberts, City's longest serving player.

**Y**ou can still be happy and cheerful in this game, you know. They say you've got to be ruthless to be a winner but I think you can balance it 50-50." That statement sums up Garreth Roberts' attitude to the game, but it's also slightly misleading. Ask him how many games he's played for Hull City. He'll tell you exactly. He'll say 409 league, 480 in all and he'll barely be able to disguise the satisfaction he gets from saying it.

Perhaps Mr. Roberts can be better summed up as a smiling assassin. "I think you've got to be happy and smiling, but you've got to have that streak in you that wants to be a winner as well and hopefully that's what I've got."

It has to be said that in footballing terms, Garreth Roberts is a bit of a freak. He made his debut in March '79 as a first half substitute in a 4-1 win over Bury. "Alan Warboys got cropped and I was wetting myself!". He's now in his third decade at the club, his twelfth season.

If that doesn't tell you something about his commitment then what he gives as the low point in his career speaks volumes. "When Brian Horton took away my captaincy that was my worst time in football because it meant so much to me and it really got to me. It was the closest I got to saying right!....Chuck It! Go and play for somebody else."

So, in times when players change clubs more often than the clubs change their strips, why is the man still here? "I just feel a part of the Town, I'd have been far better off financially if I'd moved, but I don't think money is everything either. It's just I love the place and all my family's here. I'm a big family man, we've just had our second child a daughter, we need a base and this is as good as any".

Roberts has just finished his testimonial season (although the testimonial game is still to come) and it's perhaps a sign of the times that he accepts how unusual that is. "A few years back

# GARRETH ROBERTS

you'd get maybe 40 or 50 a season but now it's one in a thousand. It's not just the players fault, the clubs do tend to take you for granted a bit. Looking at it, the fact that Garreth has lasted so long despite coming from the City is also a little unusual. Think about some of the players who have earned your wrath in the past... Andy Flounders, Steve McClaren and Frankie Bunn are names that immediately spring to mind. "It's always how you start with the fans and I had a great start (he'd played 10 first team games before sampling defeat) and I've never had any problems with the fans. I think if you give 100 per cent commitment that's all they ask for. If you do that, you're O.K. with them."

Garreth has just signed a new contract at the club after spending the summer wrangling with Stan Ternent. He says at worst it was 60-40 in favour of him signing anyway but just as anyone would in business he held out for what he thought he was worth.

It's at this point that Garreth gets out his slippers and pipe and does his impersonation of a Grandad. "The thing that annoys me nowadays is the fact that young players don't listen to older players as much as they used to. They think they've made it after a few games. They think they're there after 10 or 11 games, they think they've done it and they don't have to work at it any more. It's not like that, you have to work so hard. Colin Appleton reckons you're not a player until you've made 250 appearances. In a way I think he's right... you're just learning the game all the time."

Garreth has certainly had to do his share of learning, having played full back, across the midfield, out on the wings, even one game up front and now he's adapting to his role as a sweeper. While the start of the season on the pitch hasn't been quite what was wanted, Roberts is impressed with the way the club is going. "The Chairman's obviously got something about him and he's going to do the business. Although it's a pity about his dress sense!! It's nice to see the club being pushed in the right direction."

## EXTRA PROMOTION PLACES PROVIDE ADDED INCENTIVE

**F**ollowing the change in League Regulations this summer, more promotion places are available this season than ever before. A total of thirteen promotion positions are on offer in the Second, Third and Fourth Divisions while at the top of the First Division entry to European Competition should make the contest all the keener.

The play-off system and three points for a win, means that more clubs are involved in the promotion race right up to the final stages of the season. The added incentives on offer this season should see the competition at the top of the divisions even more intense than before.

### PROMOTION AND RELEGATION SEASON 1990 - 1991

**Division One** - (Two down) Bottom two clubs relegated.

**Division Two** - (Four up two down) Top three clubs automatically promoted, plus one from next four placed clubs via the play-offs. Bottom three clubs relegated.

**Division Three** - (Four up three down) Top three clubs automatically promoted, plus one from next four placed clubs via the play-offs. Bottom three clubs relegated.

**Division Four** - (Five up none down) Top four clubs automatically promoted, plus one from next four placed clubs via the play-offs. No relegation. Football Conference Champions promoted to Football League.

## GATES SET TO PASS THE 20 MILLION MARK

**A**ggregate attendances in the Barclays League are expected to pass the 20 million mark this season, despite the downturn in the economy and the cut in capacities at grounds following Lord Justice Taylor's Report on the Hillsborough Disaster. Gates last year rose, for the fourth year running, to just under 19.5 million. A fifth successive increase would be unprecedented in the history of the Football League, yet following England's success in the World Cup, the domestic game has every reason to be optimistic.

A greater awareness of our national game, the return to European Competition, added promotion places within the Barclays League and changes to the Laws of the game designed to encourage attacking football indicate that this upward trend can be maintained.

## BARCLAYS ENTER SECOND STAGE OF LEAGUE SPONSORSHIP DEAL

**B**arclays Bank have entered the second three-season of their sponsorship of the Football League Championships. Signed in 1987 the six year, £11.5 million deal is the biggest in domestic sport. Barclays will invest £2.2 million in 1991/1992 and £2.5 million for 1992/1993.

Commenting earlier this month, Barclays Bank UK Executive Director, Alastair Robinson welcomed the new Barclays season "with eager anticipation, riding on the crest of a wave of soccer enthusiasm that swept the country and the rest of the world during the height of the World Cup in Italy".

## WEST BROMICH ALBION SATURDAY 22ND SEPTEMBER, 1990 K.O. 3.00PM

Having lost their place in Division One, in 1986, West Bromich Albion have now been out of the top flight for a longer period than anytime since the war. The demands from The Hawthorns for a return to the top has never been greater.

Inconsistency seems to be the Baggies major drawback. Last season they recorded Division Two's biggest win, 7-0 against Barnsley, yet finished only three points clear of the relegation zone. Their 2-0 success at Boothferry Park in March was one of six wins on their League travels.

Hopes of better times ahead have been quelled by a sluggish start. An opening day draw at Portsmouth was followed last Saturday with a 1-2 home defeat by Ipswich Town. Ex-Tiger, Neil Thompson, hit an injury-time winner in a match which Albion led with less than ten minutes to go. In between, they entertained Bristol City in the First Round of the Rumbelows League Cup, a 2-2 draw left the Midlands club facing a tricky midweek trip to Ashton Gate.

### MANAGERS

After some 800 games for Ipswich Town, Arsenal, Watford, Stoke City and Albion, 37 year old boss, Brian Talbot, has decided to drop the 'player' from his

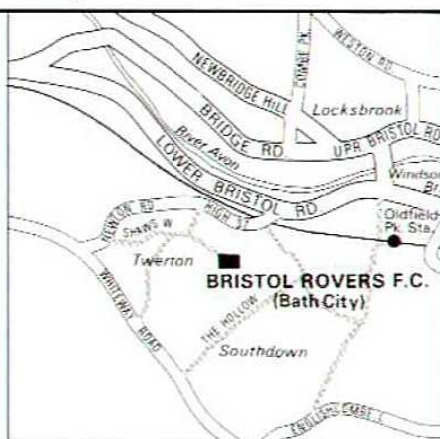

player/manager title and will hang up his boots. Brian is aided and abetted at The Hawthorns by two of our old friends, first team coach, Stuart Pearson, and youth coach Cyril Lea. He is the Baggies 17th post-war manager, others include Vic Buckingham, Alan Ashman, Ron Atkinson and Johnny Giles.

### THE MEN TO WATCH

Despite having to serve a three match ban following a pre-season sending-off at Swansea City, last season's 21 goal leading scorer, Don Goodman, will be available for the Baggies Boothferry visit. Don is no stranger to Tigers' chief, Stan Ternent, as they worked together at Bradford City. No stranger to Humberside is winger, Tony Ford, who made over 350 appearances over the river at Grimsby Town. Tony was recently refused a transfer request. He can't sell his house in Stoke and is tired of the the constant travelling.

### HOW TO GET TO BRISTOL ROVERS

Dear Sir/Madam

As a football supporter and collector of Bristol City home and away match day programmes, I am writing for some help in locating a programme to fill a gap in my collection.

Going back to 1965, I only require five home match programmes. I wonder if you could assist me by printing my letter in one of your match day programme to try to find a copy of the following game, preferably in mint condition:- **Bristol City v Hull City played on 28th August, 1982.**

Best wishes for the coming season.

## WITH THE JUNIORS - A BRIEF LOOK BACK AT THEIR FIRST THREE GAMES OF THE SEASON

After a successful pre-season which saw wins over Rotherham and Lincoln 2-0 and 5-0 respectively as well as a tour of Holland in which we finished 4th, losing to the eventual winners Feyanord in the group games and unfortunately losing on penalties in the 3rd and 4th place play-offs. We started the Northern Intermediate League season with a 1-0 win over Hartlepool. The scoreline didn't reflect the superiority we had in the match and without a doubt, if our finishing had been crisper, it could have been 4 to 5 easily. Gary Hobson was outstanding at the back, Roger Greenwood in mid-field worked extremely hard and the goal was a classic. David Walmsley received a cross-ball from the left wing, held it up well before back heeling it into the path of Kevin Holleron who slotted it past the keeper.

Our second match was again at home this time against the much stronger Rotherham side who were far more direct and purposeful in their play compared to Hartlepool but again we were very solid at the back with Gary Hobson and Steve Vincent, playing his first full League game, at full back, outstanding. We went 1-0 up just before half time when David Walmsley latched on to a bad back pass and evaded the keeper to slot the ball into the back of the net from an acute angle. The second half saw us put Rotherham under a great deal of pressure although we did get caught out on the counter attack on a couple of occasions but eventually Alan Garbutt put the result beyond doubt when a Steve Vincent cross was only half cleared and he volleyed home from ten yards.

Our first away game was at Darlington and after a poor and tentative first half display we eventually got to grips with the awful pitch and a very dogged team. Mark Cooper volleyed the first after Graeme Atkinson's near post corner had been flicked on by Gary Hobson and the second, a carbon copy, when Paul Welburn's corner was flicked on again by Gary Hobson, Mark Cooper miss-hit his volley but Graeme Atkinson was on hand to re-direct the shot past the keeper. So all in all a very pleasing start to the season with three clean sheets, but a lot to improve on in front of goal. Hopefully the Juniors can look forward to a good season and maybe finish even higher than last year's third place.
