# The Viglen full team line-up

The first team line-up of Viglen computers is full of first division performers.

The big one up front is the Viglen Genie PCI range. Easily one of the fastest machines available, it "produces better processor performance and memory results" than any other PCI machine, according to PC Magazine.

Out on the ...with full support on the bench. wing we have

the Contender range, which reduces environmental pollution and cuts electricity costs by up to 75% when the systems are idle.

The midfield dynamo has to be the Dossier 486 ADVANCED range of notebooks, featuring a DX4 microprocessor running at speeds of up to 100MHz.

While the powerhouse has to be the Viglen EX Pentium range, which "took my breath away....and a top gun among Pentiums," said Computer Buyer.

But the real heart of the Viglen line-up is at the back with our after sales support. Proving that Viglen has fans all over the computer world, not just in the press, they swept the board of the recent Computer Weekly/ Datapro user satisfaction survey. Users rated Viglen first in every area of customer service and hardware categories.

So if you're looking for a computer, promote yourself to the first division with Viglen.

Mark Robson celebrates  
after scoring the winning  
goal against Grimsby on  
Saturday.

***"You have got to dig deep if  
you want to be a winner"***

**SAYS SHAUN NEWTON**

"We defended well against Grimsby and got a lot of men back behind the ball and then kept it when we broke.

"It was a Charlton performance through and through. We had a bit of luck with the goal which took a deflection but if it goes in it goes in.

"I am pleased to be back in the team. I had a lot of injuries last season and at the beginning of this, and it has been a long time for me.

"The injuries seem to have taken a toll but I am fit again now although I need a few more games to be completely match fit. You have got to dig deep if you want to be a winner"

***"I am not renowned for  
scoring with my right peg"***

**MARK ROBSON AFTER SCORING  
THE WINNER AT GRIMSBY**

"We are scraping results in away games. We defended well and are dangerous on the break.

"It was just the result we needed and it is always nice to score. I am having to play more defensively but I want to stay in the side and if that is what the managers want I will obviously do it.

"I would like to have a bit more freedom to cause some danger but get up and help the front players when I can. I am in the team to do a certain job.

"Garry Nelson did well for the goal. I rolled the ball to him, he held it up and then played me in. I am not renowned for scoring with my right peg and although it took a slight deflection I was pleased to see it go in".

***"We will give anyone a  
good game. We don't mind  
who we play"***

**NEIL BANFIELD AFTER THE COLTS 5-1  
CUP WIN OVER BIRMINGHAM CITY**

"In the first half we didn't play and were a bit lucky to be level at half time. Some of the lads looked a bit nervous and we got the rub of the green, but in the second half they came out and dominated the game.

"The work we have done on the training field came good and we played some great football at times and we are winning as well.

"In the second half we really put on a good show. Everybody did well and new boy Joe Baker is an exciting prospect. He is a throwback to an old fashioned winger.

"We don't mind who we play now. Five goals, so we will take on anybody and hopefully keep up the winning run".

# TWO SPLENDID VICTORIES...

Today we welcome the directors, players, officials and supporters of Swindon Town Football Club to The Valley, and especially their manager John Gorman, who we know will be keen to get his team back into the Premiership after being relegated last season.

**W**e always seem to have good competitive games with Swindon when we played them before they were promoted in 1993 and I am sure today's game will be no different. We, on the other hand, will be looking to reinforce our steady start to the season with another home win to follow up the last one against Bristol City.

Today's match is the first of three games in 10 days between our two sides as we meet twice in the Coca Cola Cup competition, the first leg being at the County Ground on Wednesday next week with the second leg back here at The Valley on Tuesday, September 27.

It is amazing what a couple of good results can do for a team as our recent wins against Bristol City and Grimsby Town have shown. Before these two games we were languishing in

22nd place with only three points, albeit from only four games, and all of a sudden after two wins we found ourselves catapulted into eighth

spot, right in behind the early pace setters. However, now is not the time to become complacent as two bad results could quite easily have the opposite effect.

## FRANTIC

Our last home game against Bristol City gave us our

first home win of the present campaign, but I am sure left a lot of you with your hearts in your mouths at the end as City pushed for the equaliser, in what turned out to be a frantic last ten minutes. Fortunately we managed to hold on to our lead given to us by a superb Paul Mortimer opening goal and two "poaches" by David Whyte. It was

We followed the result with a splendid win up at Grimsby last Saturday. The game followed a similar pattern to last seasons match when despite Grimsby having a lot of possession, chances were few and far between. The goal came about as a result of

some good play between Garry Nelson and Mark Robson, with "Robbo" scoring his first of the season from a deflected shot. It was also pleasing to achieve our first clean sheet of the season.

Wednesday's game away to Stoke City was our first defeat in six games. We started very slowly allowing them a two goal lead after twenty minutes with not much else happening at either end for the rest of the half.

In the second half we started more positively but went 3-0 down to what was, for us, another disappointing goal. However we continued to be positive and clawed our way back to 3-2 but couldn't quite force an equaliser, despite putting them under pressure for the last fifteen minutes. # LET'S HAVE FAIR PLAY

One of the biggest changes that has taken place in football this season has been a new interpretation of the laws of the game by referees.

*Peter Burrowes looks at the new law changes*

**T**he directives given to referees in the World Cup during the summer have been made mandatory by FIFA and the aim is to place a greater emphasis on fair play, skilful play, and attacking play.

There have, as predicted, been an early season spate of yellow cards, and a few red ones, although most of the red would have been administered in any event and are not directly down to the new clampdown.

Certainly attacking football has been encouraged with defenders finding it much more difficult to tackle illegally, more goals are being scored, and strikers are getting more freedom and more protection from officials.

The main problem worrying managers is the old chestnut of lack of consistency amongst the officials with some referees still being more lenient than others, but as the season progresses hopefully things will settle down.

## TACKLING

All club's have been visited by a top ex-referee and had the law changes explained to them, and John Martin from Hampshire, who retired from the League list last season, visited the Charlton training ground to speak to the players.

Here are some of the new directives given to referees this season:

**TACKLING...** A sliding tackle with one or both legs is permissible if, in the opinion of the referee, it is not dangerous. If, however, the player making the tackle, instead of making contact with the ball, trips his opponents, the referee shall award a direct free kick to the opposing team and shall caution the offending player.

A tackle from behind which is violent with little or no attempt to play the ball is prohibited and will be punished by a direct free kick and the dismissal from the field of play of the offender.

**FREE KICKS..** Any player, who for any reason, deliberately delays a free kick being taken by the opposing team shall be cautioned.

Any player who prematurely rushes forward from the defensive wall before the ball has been kicked shall be cautioned.

While the law states that all opposing players should retire to a distance of at least 10 yards from the ball, the referee discretionary powers to disregard this requirement to enable a free kick to be taken quickly and this is to be encouraged.

**WASTING TIME...** This occurs when a player feigns injury; takes a free kick from the wrong position; appears to prepare for a throw in but leaves it to one of his team mates; kicks the ball away; stands in front of the ball when a free kick has been awarded; delays leaving the field when being substituted and a goalkeeper employing tactics with the intention of gaining time for his team.

Referees must add on to the normal playing time the time lost through time wasting or for any other reason such as injury or substitution.

**ATTITUDE TOWARDS MATCH OFFICIALS..** Any player who protests at a referees decision shall be cautioned and a player who uses foul and or abusive language will be dismissed from the field of play. The captain of the team, although responsible for his teams behaviour, has no special rights.

**INJURY OF A PLAYER..** Team officials are permitted to enter the field of play with the referees permission solely for the purpose of assessing the injury -

not to treat it- and to arrange for the players removal.

**OFFSIDE..** It is not an offence in itself to be in an offside position.

A player shall be penalised for being offside, if at the moment the ball touches, or is played by, one of his team, he is in the opinion of the referee involved in the active play by interfering with the play, or with an opponent, or seeking to gain an advantage by being in that position.

A player shall not be declared offside by the referee merely because of his being in an offside position and a linesman should not signal merely because a player is in an offside position.

## LADY LINESMAN

Supporters may have already noticed this season the absence, in Endsleigh League games, of some of the familiar faces who used to referee games at The Valley. A few have retired, but a number of the others are now officiating exclusively on the Premier Division who have their own select list and the Football League have theirs. It means the league are using a number of first year referees with less experience, mainly in Division Three games. The assessing system has also been changed with Match Observers instead of assessors being used in some instances.

History has also been made this season with the appointment of the first lady linesman in the Football League, Mrs Wendy Toms from Dorset, who has already officiated at her first league match. It will obviously be her ambition to referee a league games, but that could be a few years away yet. For the moment she is just pleased to be making that little piece of football history.

## DOUBLE PRESENTATION

**T**wo former Charlton Athletic employees, Audrey Hannant and Jackie Monahan were presented with farewell gifts at the Bristol City match in recognition of their service with the club over a number of years.

Audrey worked for Charlton for 20 years and retired recently. She started the club lottery and for the past eight years has been the laundry lady at the training ground.

Audrey was presented with a framed autographed Charlton shirt by skipper Alan McLeary and striker Carl Leaburn on the pitch and in a separate presentation at the training ground received some flowers. Audrey would like to thank the players for their generosity to her.

Jackie, who has taken up a new job at Scotland Yard, was secretary of the Junior Reds and also worked closely with Jason Morgan on the Community Scheme and in the Charlton box office at The Valley.

Jackie was presented with a cut glass rose bowl and various other gifts and the presentation was made in the VIP lounge after the Bristol game by club chairman, Roger Alwen. The Junior Reds also made their own presentations to Jackie.

## JEFF HELPS OUT

**O**ur former goalkeeper Jeff Wood is currently helping out at the training ground coaching the colts goalkeeper Dean Lee with individual tuition, and also giving the young keepers who attend the club's School of Excellence at New Eltham advice and guidance.

Dean, as well as playing for the colts is the substitute goalkeeper for the reserves and was in fact substitute for the first team for the final league game of last season against Middlesbrough.

He is the only apprentice goalkeeper on the playing staff, with the colts other goalkeeper Justin Lomakin still at school.

Jeff made 166 appearances for Charlton before moving to Denmark and then Finland. He then spent a few years coaching in Finland before returning to this country. Jeff was also coaching at a club called Westside in Minneapolis in the States during the summer.

Whilst at Charlton Jeff is looking to get into football coaching in this country on a full time basis, but meanwhile is delighted that he is able to help out in a part time capacity.

## FROM THE MEDICAL ROOM WITH JIMMY HENDRY

**T**he good news is that Carl Leaburn is fit again after damaging his knee ligaments in the pre-season game with Chelsea at The Valley.

Carl returned to action in the reserve game against Millwall at Welling on Monday and came through with no ill effects and he travelled with the first team squad to The Potteries on Wednesday for the league match against Stoke City.

Paul Mortimer missed the game at Stoke with a groin strain, but Kim Grant, who limped off during Monday's reserve match with a calf strain was fit enough to travel to Stoke.

Young full back Jamie Stuart

who injured an ankle in the reserve game should be fit for next weeks reserve fixture with Watford.

Mike Salmon has not had the best of luck this season so far. Having missed most of the pre-season with injury he damaged the webbing of his hand in the Barnsley match which required six stitches and then dislocated a finger in training, but hopefully he will soon be back playing again.

The two long term injuries are Danny Mills and Dean Chandler. Danny had a hernia operation in the summer and has had problems with the scar tissue, necessitating another operation and Dean Chandler damaged his ankle ligaments, but is back training again.

# THE VALLEY

## BOB AT GRIMSBY

One of Charlton Athletic's former managers Bob Stokoe was at Grimsby on Saturday to see our 1-0 victory.

Bob, who lives in Bury in Lancashire - a club where he was also manager, was assessing Charlton's performance for John Gorman, boss of today's visitors Swindon Town.

Bob has kept in touch with football since he packed up in management and still spends a couple of

days a week giving his words of wisdom to the Bury players.

He wishes to be remembered to his friends at Charlton. Bob was boss at The Valley from August, 1965 until September 1967. Charlton finished 16th and 19th in the Second Division during his two seasons in charge. He is one of the small band of men to have won an F.A. Cup medal (with Newcastle) in 1955 and managed a cup winning team (Sunderland in 1973).

## NEWSREEL... NEWSREEL... NEWSREEL... NEWSREEL...

● One supporter at today's game will have a special reason for remembering the day. It is Jackie Morris's birthday and her boyfriend Colin Hawkins is going to make a wedding proposal to her during the match. Jackie is a keen Charlton supporter but Colin does not often attend games, but he decided to make an exception this afternoon - for obvious reasons.

● Congratulations to Jill Humphrey who is one of the club's major shareholders and a Bartram Lounge member whose half century is imminent. Good luck from all your friends at the club.

● Congratulations to East Stand season ticket holder John Parker and his wife Melanie on the birth of their son Joshua Adam.

● Good luck to Charlton supporter June French who had the misfortune to break her leg last week whilst out shopping and has been confined to hospital. June and her husband Tony,

who is the former chairman of the English Schools F.A. never miss a game at The Valley or at Welling for reserve matches.

● Our condolences go to the family of lifelong Charlton supporter Alan Milne who died recently at the age of 72.

● We have a number of birthday wishes for Charlton supporters starting with Barry Jordan from Trowbridge in Wiltshire who will be meeting the team this afternoon to celebrate his recent half century. One of Barry's sons, Adam, who is now 22, was a mascot on his ninth birthday and had a photograph taken with his favourite player, Mike Flanagan.

Steven Duffett is seven years old tomorrow. Happy birthday from Mum, Dad, Tom and friends.

James Hunter is celebrating an early 70's birthday and was a supporter at Wembley when Charlton won the 1947 F.A. Cup Final.

Happy 50th to John Sloan from Dan, Phil and Erika and all

friends at The Valley.

Tony Williams welcomes his brother Ken and his two sons Brett and Samuel from Basingstoke to The Valley this afternoon. The family are celebrating Brett's 14th birthday.

Lee Warden is celebrating his 9th birthday. Best wishes from Mum, Dad, Jason and Craig. Lee is a Primary Junior Reds season ticket holder and sits in the East Stand.

Katie Hutley, who is a Junior Red, is holding her 15th birthday celebrations at The Valley today.

Season ticket holder Bill Demetriou is also celebrating a birthday today.

Mrs Gladys Humphrey, who sits in the East Stand was 70 on Thursday and all her family send her their best wishes.

● Welcome to Steve Bailey who is a kit sponsor and Valley Gold member who is visiting The Valley today from Kuwait with his new wife, Namthip from Thailand.

The Community Scheme ran a total of eight courses over the summer period with nearly 800 boys and girls attending seven football courses, and for the first time a three day goalkeeping course with Bob Bolder.

Everyone who went on the courses received a certificate, a shirt signed by the Charlton team, a free Pizza Hut meal, a fixture card, a Football in the Community T shirt, plus two tickets to a Charlton home game,

## with MICKEY BENNETT

After a couple of traumatic years when his soccer career slid downhill, Mickey Bennett was delighted to return home last season and rejoin Charlton Athletic. Now he looking to regain his first team spot and play a part in making it a successful season for the club.

Mickey started his career as an apprentice with Charlton in November, 1986 and gained two England under 20 international caps. A serious knee injury in December 1988 threatened his career and he was sidelined for nine months before battling back to fitness.

Surprisingly he joined Wimbledon for £250,000 in January, 1990 and then moved to Brentford two years later but he was never able to fully establish himself at either club.

"I don't regret the experience of playing for Wimbledon", he said, "They are very much a one-off club but I never really got a look in once Bobby Gould, who signed me, left".

At Brentford Mickey was often played out of position up front and he left the Griffin Park club on a free transfer after a much publicised fracas with another player. "The incident, which I don't really want to elaborate on, was probably the straw that broke the

camels back", said Mickey.

### WELCOME

Apparently on the scrapheap he asked if he could train with Charlton and after a period playing for the reserves on a monthly contract he signed a new deal just before the transfer deadline in March. Mickey almost immediately got into the team making his second debut for the club against Southend United at The Valley on Easter Saturday and kept his place for the rest of the season scoring in the drawn match at Notts County.

"It was great to be back in the team and the players and supporters made me very welcome. It felt as though I had never left, so I did not have much chance to be nervous".

Mickey received a lot of help from Keith Peacock who ironed out some of the blemishes in his game.

Mickey is obviously disappointed that he has not yet made the first team this season but he will just keep plugging away, with hopefully some steady performances in the reserves under his belt, in the hope of first team selection. He has recently been out of action with a groin strain but is now fully fit again.

"I thought I did quite well in the pre-season games I played in and I don't mind whether I am at full back or on the wing as long as I am in the team".

### COMMITTED

Mickey was delighted when another Charlton old boy Paul Mortimer rejoined the club in the summer. "Paul, Carl Leaburn and myself were all together previously and then went our separate ways, but now we are back together at the club."

Mickey needs just five more senior appearances to chalk up his half century for Charlton, excluding substitute appearances, and he is looking to pass that landmark as soon as possible.

Mickey is a committed Born Again Christian and with Carl Leaburn, Paul Mortimer, former Charlton player Garth Crooks and a number of other prominent sports people are very much involved in the organisations Christians In Sport.

A South London lad, Mickey lives at Forest Hill. He is engaged to Samantha and they plan to get married next year.

Mickey Bennett was talking to Peter Burrowes.

*"The players and supporters made me very welcome so I did not have the chance to be too nervous"*

# BATTERED PRIDE RESTORED

Swindon will be looking to restore some of their battered pride this season after a baptism of fire in the Premiership. The top flight's whipping boys managed only five league wins during last season and were never off the foot of the table.

**T**he euphoria at their thrilling play-off victory over Leicester City soon wore off as thrashings against Liverpool and Southampton set the tone for a dismal season.

But despite the numerous lows, there were some highs as well, including two fine performances against champions Manchester United and victories over Tottenham Hotspur, Coventry City, Southampton and Queens Park Rangers who they did the double over.

There was little joy for the Wiltshire club in the knockout competitions either with early exits from both the major cups coming at the hands of Portsmouth and Ipswich Town.

Manager John Gorman took over the Swindon hot seat when former boss Glenn Hoddle departed for Chelsea hot on the heels of the club's play-off triumph. And this close season has been a busy one for him, with key players both coming and going.

## THRILLING

Highly rated midfielder Nicky Summerbee joined Manchester City in a deal worth £1.6 million and John Moncur, who only missed one game last season, also remained in the Premiership joining West Ham United. Another departure was

Adrian Whitbread, who also joined West Ham in a deal that took unsettled Joey Beauchamp to the County Ground. Beauchamp, one of football's brightest young prospects became home sick on joining the East London club and left them without kicking a ball. He was joined by Mark Robinson who arrived at Swindon from Newcastle United, having previously played for Barnsley.

The strength of the Premiership is illustrated by Swindon's fine start to the season and they are currently hot on the heels of Brian Robson's Middlesbrough. Victories have come over Port Vale, Watford, and Notts County, although there was defeat at Tranmere when, in a thrilling game, two John Aldridge goals and a Pat Nevin strike overshadowed Jan-Aage Fjortoft's two first half goals.

## PROMISE

Already Fjortoft, the Norwegian international, has netted four league goals and great promise has been shown by the emerging youngster Wayne O'Sullivan. A blend of youth and experience seems to be Swindon's key with the experience coming in the form of the well travelled defender Brian Kilcline, former England international Terry Fenwick, and ever present last season Shaun Taylor.

Swindon's reputation for entertaining means they will always concede goals, but with their fire power up front, a return to the Premiership looks to be well within their reach this term.

# "WE WILL GET TO KNOW EACH OTHER" says Gorman.

Swindon Town have got off to the best possible start to the season as they bid to make a quick return to the Premiership after relegation last season following just one year in the top flight.

**A**fter seven league games they were in second place in the division, a position they hope to stay in and manager John Gorman feels they have a team capable of doing well this season.

Swindon had a disastrous time last season finishing bottom of the Premier with just 30 points from 42 games but that is now behind them and there is a new optimism at the County Ground.

"This is a very different division and nowhere near as strong although there are some good sides in the First", said Gorman, "We lost a lot of games heavily last season because we always went out to try and win. Matches this season will obviously be much closer."

## EXCITED

One player who has really excited Gorman is the Norwegian international Jan-Aage Fjortoft who struggled when he first joined the club but finished last season with 13 league and cup goals. This term he has been on the mark with four goals in three of the opening five matches.

"He has settled in well", said Gorman "and has signed a long term contract with us which I am delighted about".

Gorman's two latest signings are full back Mark Robinson from Newcastle and Joey Beauchamp who recently moved to the Wiltshire club after the much publicised row with West Ham United following his move

there from Oxford.

"I do not know what all the fuss is about", said Gorman "If he had come to us in the first place everything would have been all right".

Unfortunately for Gorman the little midfielder player will miss today's match because of suspension which is certainly a blow for Swindon. He got sent off in the match at Notts County two weeks ago.

Despite having a number of experienced players in his squad Gorman has given a chance this season to two promising youngsters, 20 year old defender Andy Thomson and midfielder Wayne O'Sullivan and they have been keeping Terry Fenwick and Brian Kilcline out of the side. "They have been impressive and deserved their chance", said Gorman.

The Swindon boss is looking forward to playing Charlton three times in the next ten days with two Coca Cola Cup clashes following today's league game.

"We will certainly get to know each other", he said, "I have the upmost respect for Steve and Alan who have done a marvellous job on limited resources and I know the matches will be hard. I don't think there will be any less interest because we play each other so much".

Swindon only have one long term injury at the moment, defender Adrian Vivesash who broke his leg but his squad is strong enough to provide him with a sound base for success in the division. "We kept clean sheets in four of our first five games and we should have got at least a point at Tranmere where we lost 3-2".

Swindon played on Sunday at home to Derby County and were looking to further consolidate that excellent start they have had. "It is going well at the moment and I am pleased with our start".

John Gorman was talking to Peter Burrows.

## STAR TURN JAN-AGE FJORTOFT

**T**he emergence of Jan-Aage Fjortoft was one of the highlight's of Swindon's 1993-94 season. Despite failing to score in his first ten starts for the club, the Norwegian international finished the season as the club's top scorer, netting 13 goals in all competitions from 39 appearances.

The World Cup was an unhappy one for the striker though and he was unable to show off his famous goal celebrating routine in either of his two starts.

This season has started well for him, having netted five times and turned provider for Martin Ling in the game against Watford. With that sort of pedigree, the former Rapid Vienna star looks likely to become one of the Endsleigh League's most feared marksmen.

## LAST VALLEY MEETING

21st March 1981

Football League — Division 3

Charlton Athletic 0

Swindon Town 0

This was a vital match for both sides.

Division Three leaders Charlton were looking to recapture their form after failing to register a win in their previous four matches, while Swindon needed the points to stave off the threat of relegation.

**P**aul Walsh was the first to threaten the visitors goal but keeper Jimmy Allan turned his header away for a corner. Charlton lost defender Peter Shaw after only 11 minutes with a knee injury, Steve Gritt replacing him. Powell's cross was nearly converted by Derek Hales but Allan saved well at the strikers feet, and Phil Walker went even closer when his shot was cleared off the line by Miller.

Swindon defended well and the home attack struggled to find their rhythm in the first half. Roy Carter came close after the interval when Nicky Johns dropped the ball but recovered in time to save the situation.

Lewis then denied Hales with a last ditch tackle while Warman snatched at his shot when well placed. On 63 minutes Allan saved brilliantly from Walker, turning a superb shot away for a corner, Williams then went close for Swindon, his shot clipping the top of the crossbar.

In the end the points were shared which helped both sides achieve their objectives at the end of the season. Charlton went up whilst Swindon stayed up.

**Charlton:** Johns, Naylor, Warman; Shaw, Berry, Tydeman; Powell, Walsh, Hales, Smith, Walker. Sub. Gritt for Shaw.

**Swindon:** Allan; Henry, Peach; Carter, Lewis, Stroud; Miller, Hughes, Rowland, Greenwood, Williams. Sub. Rideout for Greenwood.

## LINK MAN

**Arthur Horsfield**

Born Newcastle-Upon-Tyne,  
5 July, 1946

**Position:** Forward

**A** prolific goalscorer from the North East, Arthur joined Middlesbrough as an apprentice in 1962 and turned professional in July 1963. He gained an England Youth cap against Spain in 1964 and went on to score 51 league goals for 'Boro in 111 matches, helping them to win promotion back to Division 2 in 1967. Newcastle signed him for £17,500 in January, 1969 and he sampled First Division football, scoring three times in his nine appearances, at the end of that season.

In May, 1969 he joined League Cup holders Swindon Town, newly promoted back to Division 2, for £17,000. Over the

next three seasons he hit 42 league goals in 108 outings and gained two Anglo Italian Cup winners medals, scoring a hat trick in the 1969 final against Roma.

When Ray Treacy moved from Charlton to Swindon in June 1972, Arthur (valued at £15,000) and £20,000 moved in the opposite direction. He proved to be a popular figure at The Valley, earning the nickname King Arthur as he plundered 54 goals in his 139 league outings. He formed a formidable partnership with Derek Hales and helped us clinch promotion back to Division 2 in 1975. He also played effectively at centre half on several occasions.

He moved to Watford for £20,000 in September 1975 and scored 16 times in his 78 matches for The Hornets. In 1977 he joined Dartford and later coached their youth team. Since leaving the game Arthur has worked as a club steward in Gravesend and in later years for Parcel Force at Charlton.

## FLASHBACK

### 5 YEARS AGO

Everton were the visitors to Selhurst Park for what manager Lennie Lawrence described as the toughest test so far this season. For long spells in the first half Everton dominated the play, but could not break through a solid Charlton defence. Just after the break Andy Jones had a glorious chance to put the Reds ahead, but his tame shot was easily saved by Neville Southall. It was to prove costly because 20 minutes from the end Mike Newell turned Joe McLaughlin on the edge of the Charlton area and his shot went in off a post past Bob Bolder to give Everton victory.

Swindon drew 0-0 at home to Barnsley.

### 10 YEARS AGO

Derek Hales scored his 100th goal at The Valley with a late penalty to give the home side victory against Oldham. It was an uninspired first half and it took Charlton until the 72nd minute to go in front when Mark Aizelwood headed in Tony Towner's cross. Then with three minutes left Robert Lee was felled in the area and Hales stepped up to score his 166th goal for the club. There was still some time for Oldham to score a consolation goal in the last minute, but it was too late.

Swindon's current assistant manager Andy Rowland and a certain Garry Nelson were the scorers as Swindon beat Tranmere 2-0.

### 20 YEARS AGO

Charlton slumped to their second successive league defeat at Deepdale after their impressive start to the season. Bobby Goldthorpe came into the side with Arthur Horsfield reverting to his normal strikers role. After only nine minutes Keith Peacock limped off with a pulled hamstring, to be replaced by Paul Davies. The organisation that had been a feature of the first few games was missing, and Charlton conceded two early goals. Shortly before the break Goldthorpe went close with a shot and in the second half both Goldthorpe and Horsfield had headers saved by the Preston keeper.

Swindon beat Aldershot 3-2 with goals from Peter Eastoe, Tom Jenkins and a Dave Moss penalty.

# FOCUS

**A**fter their disappointing start to the season, Notts County manager Mick Walker became the second managerial casualty in the division this season when he was sacked on Wednesday.

County have taken just four points from their first six matches, their only victory surprisingly coming at Sheffield United when they were 3-1 winners with two goals from Gary McSwegan and one from Garry Lund.

Two experienced players, striker Nigel Jemson and midfielder Martin Kuhl have joined the Magpies, Jemson for a fee from Sheffield Wednesday and Kuhl on loan from Derby County but Walker says neither of them are yet match fit.

County take on Charlton at Meadow Lane next Saturday, where the Londoners gained a point in an exciting 3-3 draw last season. Having failed to win any of their opening three home league games, County were hoping to put that situation to rights when they entertain Stoke City this afternoon.

Former Derby County captain Martin Kuhl who has joined Notts County on loan.

**A** well known name locally appearing in the Southend United line up this season is Mark Hone, the former Welling United full back, who joined the Essex club shortly after the start of the new campaign.

Hone started his career at Crystal Palace and was Welling's captain for a while before making the move back into league football.

Once again Southend

**B**ecause of redevelopment work at their Hawthorn's ground West Bromwich Albion have played their first four Division One fixtures away from home with three wins and a defeat so they were still looking for their first win of the season after a defeat against Middlesbrough at Ayresome Park.

Manager Keith Burkinshaw is hoping that when Albion start their home fixtures with today's visit of Grimsby they will pick up points to move them up the league table.

Striker Bob Taylor has been in hospital for tests on a kidney complaint but was well enough to play against Millwall at The Den last Saturday and score the two goals that gave Albion an important point.

Taylor's striking partner was Jeroen Boere, the Dutchman they have taken on loan from West Ham United. Boere has had very few opportunities at Upton Park since his move from Dutch club Go Ahead Eagles and will have welcomed the move to the Midlands, which could be made permanent if he does well.

**T**he surprise team of the season so far in Division One have been newly promoted Reading, who were in second place going into their away fixture with today's visitors to The Valley, Swindon Town on Wednesday.

Reading have been playing some excellent football and have already gained two away wins this season at Barnsley and Oldham. Their only defeat came in the opening match when they unluckily went down 1-0 to Wolves.

The £90,000 signing of Crystal Palace midfielder Simon Osborn was an inspired move by manager Mark McGhee and he has already chipped in with two goals.

One interesting figure in the Reading line-up is their black goalkeeper Neil Hislop, who played in every game in Reading's promotion last season.

He is now known as Shaka Hislop after an African Zulu king and he is once again this season proving one of the best young keepers in the business. But he can't really go wrong. He is coached a couple of times a week by the former England and Chelsea keeper Peter Bonetti.

have started the season disappointingly - their only success coming in the last minute of their home game with Oldham Athletic when Ricky Otto scored the goal that earned the three points.

Many people will have been surprised to hear that United had signed the former

Liverpool midfielder Ronnie Whelan on a free transfer and given him a months contract with the promise of a two year deal if he does well.

It was not the most auspicious start for the Irishman when he made his debut in the 4-1 defeat at Stoke last Saturday, but he is so convinced that United will sign him long term that he is already arranging to move his family down from the north. He lives at Southport so Southend won't seem that much different - but the football might.

## VIDEO UPDATE

Hopefully, it won't be too long before we've got some new videos to tempt you with. I can heartily recommend that you check out details of the possible issue of the Stoke match at The Valley, which at the time was the last match at The Valley. Details of this can be found in the Supporters Club notes on page 27. I also hope that it will not be long before we can announce details of another in the series of Classic Charlton Collection videos, and it should prove very popular with the fans. We're planning a sequel to the Seventies tape, which, as you may know, is the biggest selling video in the club's history. The Eighties is now in production, and includes some wonderful footage from throughout the decade, in particular, the 1980/81 promotion season, and the Allan Simonsen period. There's also plenty of film from later in the decade, including the play-off triumph over Leeds. It should be ready in about a month, so watch this space! Unfortunately, plans to produce another series of Moving Magazine tapes have been shelved, simply because sales have dropped steadily over the past season. We do however, plan to produce a video of the season so far, prior to Christmas.

## HALL OF FAME

Entries for our Hall of Fame poll are gradually arriving at The Valley, but we're sure that there are still plenty of people who have not yet voted. Early indications are that Derek Hales and Sam Bartram are among the most popular choices, but there have been votes for a wide choice of players, with Keith Peacock, Robert Lee and Stuart Leary all scoring well. If you haven't yet voted, either collect a form from the club shop or box office, or call our special hotline number, 0891 66 64 47. Calls are charged at Clubcall rates. The form will be included again in the programme for the Swindon Coca Cola Cup tie, but to get your vote in soon, please call our special number, and leave the names of your top eight players.

# WEALD BE THERE!

Two meetings last week underlined the commitment being made by your supporters' club to developing and establishing a solid base for Charlton's future.

**O**n Wednesday, officers of the committee met with PLC chairman Richard Murray, Steve Dixon, Chris Parkes, and Bob Petty of the Junior Reds, to lay plans for the next six weeks of Target 10,000.

While it would be wrong to disclose much of what was discussed, I think it's fair to say that most of us on both sides are very excited about the possibilities that are now opening up at Charlton.

Certainly, if we fail to hit our five-figure average attendance target this season it won't be for want of trying. We're currently on 8,662, with an average 633 away fans.

Today we expect to welcome another hefty contingent from Kent as part of our latest ticket promotion, and I think a special mention is due the Weald of Kent party.

Local organiser Peter Starkey and his team have laboured long and hard at WOK - as our smallest Kentish branch is affectionately known in CASC circles.

Thanks in part to the generous support of the Kent and East Sussex Courier newspaper, they expect to bring in around four coachloads of supporters today and I'm sure Peter and friends will take great heart from the excellent response the promotion has received in the area.

On Thursday, Wendy Perfect and I made the reverse trip to attend the regular get-together of branch organisers at Gillingham, where for the first time eight different groups were represented as well as the main committee.

Among ideas discussed was the possibility of organising regular away travel from the Sussex Coast, picking up at Tonbridge and Sevenoaks.

Bromley branch, meanwhile, continues to flourish and is fast threatening to unseat Medway from its distinguished position as the biggest offshoot.

They are running their own travel to Notts County next week,

leaving Croydon Fairfield Halls at 10am, 56 Bourne Way, Hayes, at 10.15, Bromley South Station at 10.30 and Orpington Station at 10.45. Fare is £8 and bookings can be made by calling Jeff Manning on 081-778 0507.

Alan McLeary, Stuart Balmer and Colin Walsh are lined up to guest at their next meeting, due to take place at the Blackheath Harriers Club, 56 Bourne Way, on October 4th (8pm).

Elsewhere, Gravesend have their first birthday disco on Friday, September 30th, at the Viewpoint Club in Thong Lane. Call Dave Lockwood on 0474 321963 for details.

And Canterbury are hoping to put on a second matchday coach to The Valley, running non-stop from Thanet. For more on this one, call Trevor Gardiner on 0227 728374.

Finally, belated congratulations to the Irish branch, who held a successful inaugural meeting in Dublin during the summer. I understand the Guinness was in full flow late into the night!

Rick Everitt (Secretary, CASC)

## VALLEY VIEW

**F**or the first time, fans are to get the chance to buy a copy of the video recording of the "last" match at The Valley - the Stoke game from September 1985. The project is a joint venture between CASC and the football club.

Initially available only by advance order, it is hoped to send out the first copies in early November.

WEST SUSSEX COLLEGE 1  
CHARLTON LADIES 9

*Charlton Ladies got off to a great start to the new season, as Deb Browne reports*

Charlton Ladies first game of the season saw them register an emphatic 9-1 victory over promoted West Sussex College.

T.J. Rice opened Charlton's account early in the opening period, but West Sussex hit back and Charlton keeper Sharon Parkes made a fine save to maintain the visitors advantage.

Rice went close again for Charlton before Iffey Ejim added a second, and Ejim was again involved for the third goal, heading down for Karen Denny to score.

Lesley White scored a spectacular solo goal before the break, racing the length of the field to play a neat one-two with Debbie Browne before firing past the keeper, and on the stroke of half time, Charlton's outstanding player Iffey Ejim grabbed her second to make the interval score 0-5.

Charlton relaxed in the second half, and the home team pulled a goal back after 50 minutes, but Charlton were soon back on top, as Deb

Browne's shot was saved, and Karen Denny followed up to score.

T.J. Rice, Kelley Honzek and Karen Denny all scored before the end to make the final score 1-9 in Charlton's favour, which pleased manager Josie Clifford.

"It was a fine display, but there are still many things to be worked on", she said.

*Two goal Iffey Ejim*

*Team: Parkes, Shevlin (sub, Corcoran), Payne, White, Hill, Browne (sub, Potter), Honzek, Dartnell, Ejim, Rice, Denny*

# FIVE WINS OUT OF FIVE

Charlton reserves have got off to their best start to the season for many years with five wins from five games following their 2-0 success over local rivals Millwall at Welling on Monday night. It kept the team top of the Avon Football Combination with a 100 per cent record and 15 points, a total which it took them until January to reach last season.

A crowd of 960 watched Charlton storm into a two goal lead in the opening 15 minutes with goals from Scott McGleish and Kim Grant and the goals were enough to ensure the three points although Millwall pressed hard, especially in the second half to get back into the match.

Lee Bowyer who played for the reserves in their victory over Millwall at Welling on Monday night. Lee recently played for the England Under 18 team that lost 3-2 to France at Reading.

Charlton went in front after five minutes when Alan Pardew's free kick was played to Stuart Balmer who slid it across the goal for McGleish to score.

The second after 15 minutes produced another good move with Kim Grant finding the net.

In the second half young full back Jamie Stuart and Grant both limped off injured to be replaced by Paul Linger and Chris Hollins.

Coch Keith Peacock is obviously delighted by the start his team have made: "The game was a real local derby in every sense of the word and we got off to a flying start. It was an exciting match but was spoilt by too many yellow cards. It was certainly very competitive.

Carl Leaburn returned to action in the reserves against Millwall at Welling on Monday night after being sidelined since the pre-season with damaged knee ligaments.

Carl, who did not play in the opening league games because of the injury suffered no ill effects and will be looking to get back into first team action.

"The teams resilience was much to be admired", said Keith, "In the second half we were not able to play our flowing football as we like but it takes a special attitude and commitment to keep a 100 per cent record and the lads start afresh each game. We adapted well, especially when we were down to 10 men for two separate periods of the game"

Team: Petterson; Bennett, Stuart; Pardew, Balmer, Rufus; Robinson, Grant, Leaburn, McGleish, Bowyer. Subs. Lee not used. Linger for Stuart, Hollins for Grant.

Millwall fielded a strong side including Richard Huxford, Pat Van Den Hauwe, Phil Barber and Dave Mitchell.

In their previous Football Combination fixture the reserves beat Oxford United 1-0 at the Manor Ground, Scott McGleish scoring the goal in the second half.

Team: Petterson; Bennett, Stuart; Pardew, Balmer, Rufus; Robinson, Grant, McGleish, Hollins, Walsh. Subs. Larkin for Stuart. Dowson and Lee not used.

The reserves are in action again on Tuesday when they play Watford at Welling in a league game kick off 7 p.m. This match was originally scheduled for next Wednesday but has been moved because the first team are playing away at Swindon in the Coca Cola Cup.

# Football wins the Pools every Saturday

Every time you enter Littlewoods, Vernons or Zettters Pools you are helping the game prosper, in particular, paying the bill for necessary ground redevelopment work in line with the Taylor Report.

The Football Trust was formed to administer the Pools' contributions and help clubs at all levels to improve safety and comfort.

The Trust receives over £36 million every year, all of it coming directly or indirectly from Littlewoods, Vernons, Zettters Pools and Spot the Ball.

Up and down the country, clubs are building new grounds, stands, seating and roofing. All depend on the support of the FOOTBALL TRUST and on the success of the football pools.

# SWINDON BACK AGAIN

TUESDAY 27 SEPTEMBER,  
1994 KICK OFF 7.45PM  
COCA COLA CUP

Today's visitors Swindon Town are also our next visitors to The Valley on Tuesday September 27 when they play us in the second round second leg of the Coca Cola Cup. The first leg takes place at the County Ground on Wednesday next week, September 21.

Both sides will obviously have got to know each other as this will be their third meeting in 10 days and Swindon will have midfielder Joey Beauchamp back from suspension for this game.

In last seasons Coca Cola Cup competition Swindon Town beat Wolverhampton Wanderers over two legs in the second round before losing in the third round 2-0 away to Portsmouth.

Hopefully Charlton will put up a good performance in next weeks first leg game to keep the interest alive in the return match at The Valley.

## MAN TO WATCH

*Fraser  
Digby*

Goalkeeper Fraser Digby has now made almost 300 appearances for Swindon Town since joining them from Manchester United in December, 1986. He has played for England at Under 21, under 19 and youth level.

He struggled last season with injuries but has now re-established himself in the first team and on his day is one of the best keepers around.

We thought we should take the opportunity to introduce you to the staff who will be taking your bookings and answering your queries. They are Geraldine (Ged) Clout, Richard Parkes and Keith Gale.

## CATCH ON

One lucky fan will win a signed shirt today, thanks to our car sponsors Laidlaw Ford. When the players run out six of them will have a football, which they will kick into the crowd. On one ball there will be a telephone number, and all the winning supporter needs to do is ring that number on Monday morning to claim the prize, a signed Charlton first team jersey. Good luck.
