**H**ello and welcome to Paul Sturrock, his players and supporters of Swindon Town. And, of course a very warm welcome back to Field Mill to all the Stags fans that have been magnificent this season. I know I have said it a lot in the past but the support shown by our fans both at home and away has been a real credit to everyone of you.

Especially last weekend when we took on Doncaster Rovers in a highly charged, fast tempo and enjoyable game of football.

I will start this week's notes by just reflecting on that game. I was very pleased with our performance both the individual players efforts and as a team. It was, naturally a little disappointing to concede a goal so late on but that cannot be helped. Watching the video of the game you can clearly see that the ball took a double deflection as it pinged around the defence and although Carl Muggleton had the original shot covered the deflected ball found it's way in.

The pleasing thing about this game was that after a disappointing trip to Rochdale the week before the players put that behind them and made an honest attempt at playing the game. The result was a very entertaining game of football that kept the crowd on the edge of their seats for the ninety plus minutes.

But back to what the job is really about, making headway in the league and this evening we have tough opposition in the form of Swindon Town, a team flying high at the top of our league but we will be looking to progress now from the form displayed at the weekend. It is a big game but I am hoping that the lads will take great confidence from it and with spirits being at a high again I hope that they can keep improving and keep striding up the league.

To achieve this we need to start getting some points on the board. I know that this sounds obvious but the fact is that the results of many of our games this season have not been a true representation of the efforts put in by my players who in my opinion have done a lot right but just been a little bit unlucky not to get the end result.

We, as you know are almost half way through the 2006/07 season and are approaching possibly our busiest time of the campaign. We have six games to play in

December alone so there are still a lot of points to

play for. Three of these games (this evening, Bury and Hartlepool) are at home so if it is true that you have the advantage when playing on home turf we are looking at value points that we must keep at Field Mill by playing the advantage.

Of course in the new year there is potentially another game at home that many of us would like and that is the prospect of Premier side Bolton Wanderers visiting our 'small pond'. But I think that we have to put out of mind for now as we have to get back to the bread and butter of our game and that has to be the league. And of course we have to travel to BelleVue and play Doncaster again before that game becomes a reality.

As I have said many times before the crowd play a big part in what happens on the pitch. If the players feel that the crowd are behind them it spurs them on and can make the difference between a draw and a one nil win, it is as simple as that.

As we go into this game this evening I am again fortunate enough to have pretty much a full squad to select from and with players battling for a place competition is tough in all areas and as the injured players have found out. When you are out there is another player ready to fill your place which means you have to work even harder. The last couple of games have seen this with young Nathan Arnold coming on and doing very well against Darlington the other week, this I believe is a very healthy situation to be in as it breeds a desire that can only be met by hard work, good discipline and self motivation, the key

to a successful football team.

As I mentioned last week as we are approaching the half way mark I have a points tally and table position in my mind that I would like to achieve. With the vast number of games that fall in December these two targets are still achievable, but it won't be easy the players will have to be prepared to put the effort in and I have no doubt what so ever that whoever I select will give one hundred percent to the cause.

With your help, we can achieve our goals and hopefully be in a strong position to make a genuine challenge for the top half of the table and be there or thereabouts in the final run in. Last year people wrote us off as having no hope of promotion but towards the final run in the same people even dared to talk about the possibilities of going to Cardiff for another play-off final.

Ok, it didn't happen. But we did finish strong and started this season off among the favourites to succeed this year. This is a tight league and stringing a couple of good wins together can and will make a big difference to our standing. I still believe that we will have a lot to sing about in May.

Well that's just about it from me for this week except to say keep getting behind us the lads really do appreciate it.

**Have a great evening at the Mill**

*Peter*

MANSFIELD TOWN FC  
2006/07**

**H**i and welcome back to Field Mill this evening as we play host to Swindon Town and welcome back to all the stags fans that have made it so enjoyable to play here at Field Mill this term.

The best place to start these notes is by drifting back to last weekend when we came so close to securing a place in round three of the FA Cup. Doncaster made the relatively short trip to Mansfield for a real FA Cup thriller.

This game promised that it would be everything you could expect from a cup game against higher opposition with the added spice of it being against old rivals Doncaster Rovers and it delivered.

It was a good game of football that was good to play in and from what people have told me, good to watch. Our crowd were absolutely superb getting behind us from beginning to end and hopefully we rewarded them with a good performance

putting the previous week's performance behind us proving that the Rochdale effort was a one off and that we have overcome it.

If we can carry on into the game this evening, what we achieved at the weekend we could really start to make a difference in our league standing. There are those who say we always raise our game when we meet higher opposition and maybe that is true or maybe it is just that the tempo and style of football that the higher divisions play suits us better who knows for sure?

One thing that I do know is that we have a good record against teams that are above us, this year alone Huddersfield in the Carling Cup, Doncaster at the weekend and who can forget Newcastle last year in round three of the FA Cup?

You are probably thinking where's he going with this?

Well, here you go! Swindon in my opinion are probably too good for this league and

are definitely one of the teams favourite for promotion this season. So as a team higher placed than us used to playing similar football to the likes of Doncaster and Huddersfield, hopefully it would stand to reason that we can again prove that we are more than a match for the good sides in our league and above. I often say I would like to see Field Mill once again become a fortress that teams dread to visit and I believe that we are capable of doing this. After all I think that it is fair to say that is our home form that has kept us in the running this season.

I like to think that the horrors and disappointment of Rochdale has well and truly being put to bed and that, as I said it was simply a one off and that this evening will resemble the Donny game at the weekend proving that that wasn't a one off.

We did enough to get a result at the weekend and all the lads here know that we did enough to go into the hat for the third round. We were unlucky but the mood in the camp this week has been great the lads are smiling and enjoying training and like me they are all looking forward to getting on the pitch this evening and get some points on the table.

The most important thing is that we do not get too caught up in what could happen next Tuesday when we could potentially throw our doors open to Bolton Wanderers. I have said to the lads that we should stay focussed and deal with the two games before that (Swindon and Bury) but we will make sure if that does come around that we are in a better league position because when all said and done if we are sat at the bottom of the league playing host to Bolton would be little consolation.

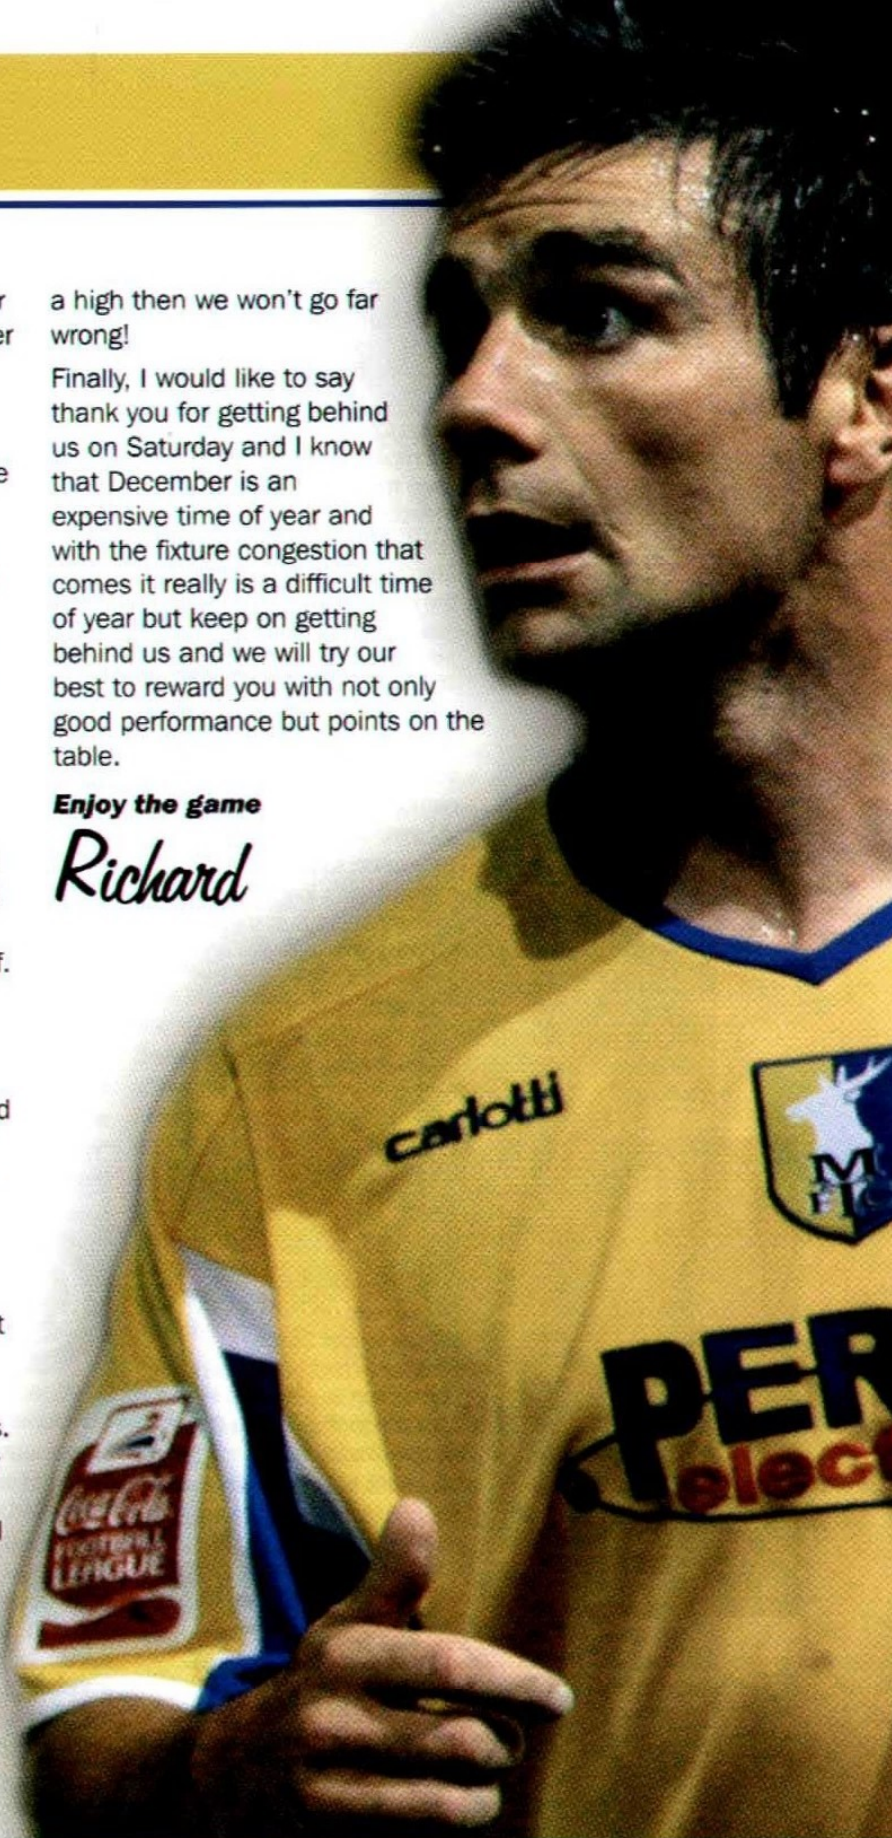

Swindon will be a tough prospect this evening but with our confidence levels at

a high then we won't go far wrong!

Finally, I would like to say thank you for getting behind us on Saturday and I know that December is an expensive time of year and with the fixture congestion that comes it really is a difficult time of year but keep on getting behind us and we will try our best to reward you with not only good performance but points on the table.

**Enjoy the game**

### Notts County: Magpies boss admires Ross

Ilan Ross

Notts County manager Steve Thompson is "desperate" to keep midfielder Ilan Ross at Meadow Lane.

Ross joined County on loan from Sheffield United until the middle of next month and has indicated he would be prepared to remain with The Magpies.

And now Thompson has confirmed he plans to either extend the loan or arrange a permanent transfer for the 20-year-old.

Thompson said: "It is a concern Ian's loan ends in January and it is something we are looking at. We are

desperate to keep hold of Ian until the end of the season or to make it permanent."

The Magpies boss added on County's official website: "It is something we will have to address in January."

Paul Lambert

### Wycombe Wanderers: O'Halloran news boosts Wycombe

Wycombe's on-loan Aston Villa defender Stephen O'Halloran has been given permission to play against Charlton in the Carling Cup quarter-finals.

Villa boss Martin O'Neill - who began his managerial career at Adams Park - has allowed the teenager to play now that the Midlands side are out of the competition.

O'Halloran has become a regular in Paul Lambert's side following fellow loanee Scott Golbourne's departure back to Reading, although he was denied permission to play in Friday's FA Cup defeat by Stockport.

### Boston United: Pilgrims: Fans are vital

Boston manager Steve Evans and chairman Jim Rodwell believes the club can build a better relationship

with the club's supporters.

Evans and Rodwell are eager to build bridges with members of the Pilgrims' supporters' trust.

And Rodwell said he had been encouraged by trust vice-chairman Melvin Moxon's backing for proposals to build a new ground, although Boston suffered a set-back when a planning application was rejected last week.

Rodwell told the club's official website: "It was great to hear Melvin state if the finances worked, the trust would march behind the plans for relocation."

And Evans said: "I have heard enough from Melvin Moxon to convince me that we, as a business, should be working closely with the supporters' trust. "We all love Boston United and if no-one has any hidden agendas, I hope we can all pull together."

Steve Evans

### Rochdale: Dale taking pitch precautions

Rochdale groundsman Phil Collinson has been taking measures to avoid postponements due to waterlogging.

Underneath the sometimes troublesome Spotland pitch lies a so-called 'black layer' which has prevented effective drainage.

But with Dale currently midway through a fortnight-long spell between home games, Collinson has used a chemical spray on the pitch.

He said: "During the damp season, the black layer underneath the pitch is steadily increasing and it is anaerobic, which means it lives without oxygen.

"So we have put down the chemical to help break it up and hopefully kill it off."

Collinson added on Rochdale's official website: "Without the black layer, the pitch will drain a lot better and I'm sure there is plenty more rain to come so the more we can do to drain it away the better chance we have come three o'clock each Saturday."

## Walsall: Nicholls closing in on return

Walsall striker Alex Nicholls will soon be pushing for a return to first-team action, according to coach Mark Kinsella. Nicholls has failed to feature for the Saddlers' senior side since suffering a broken leg last season.

Alex Nicholls

But the 18-year-old, who can boast one goal from five first-team starts so far in his career, is building his fitness with the reserves. And he is expected to get another outing when Chelsea's second string visit Walsall on Tuesday evening.

Reserve boss Kinsella said: "Alex is gradually getting fitter and stronger. And with a few more decent displays he will not be far off the first team."

## Bristol Rovers: Rovers hoping to face Hereford

Bristol Rovers will host Hereford in the FA Cup third round, if the Pirates can get past Bournemouth in their second round replay.

Paul Trollope

Paul Trollope was happy with Rovers' performance that earned them a replay with the Cherries. James Hayter equalised for the visitors to cancel out Richard Walker's controversial penalty at the Memorial Stadium - a decision Trollope admitted was unjust.

He said: "The penalty was harsh from where I was standing, but I don't like debating refereeing decisions and the lads feel they had two strong claims rejected later in the game."

"I'm proud of the players because we have had three games in a very short period and they showed terrific energy levels and commitment."

"We were given a real test by League One opposition and I don't think people watching the game would have thought the teams played at different levels."

The two sides meet again at Dean Court on Tuesday December 12, with the winners facing Hereford on the weekend of January 6.

## Hartlepool: Wilson left fuming by ref Penton

Hartlepool boss Danny Wilson slammed ref Clive Penton for the decision that he claimed cost his team a place in the FA Cup third round draw.

Pools had led through Carl Regan's own goal at Macclesfield before the same player saw a shot blocked on the line by Anthony Sweeney, and although Penton deemed it to be a handball and sent Sweeney off, Wilson was adamant it was the wrong decision. Kevin McIntyre scored from the spot and John Murphy netted the winner to take the Silkmen through.

Wilson said: "The decision on the penalty was wrong, it was a big call on a handball especially when it hit him in the face."

"He had his hands by his sides and then it was another bad decision to send him off. The ball was smashed at him from just two yards out and he couldn't get out of the way."

"The referee's decision has cost us the game."

Clive Penton

**A**s I write these notes, I'm just about to head off to Darlington for the Johnstone's Paint Trophy Northern Area quarter-final (is that longest ever title for a match I wonder?)

Anyway, this means that I don't yet know the score - and, as I'm not Nostradamus, I don't know the score from the FA Cup tie with Doncaster either.

However, assuming Stags swept both sides away with convincing victories, I'm sure that we are all now looking forward to transferring those great results into the league programme with another victory over Swindon tonight.

Actually, while I'm in the predicting mood, I might as well predict that on this Tuesday evening, Mansfield is bathed in a warm glow and I won't be facing a typical cold December night in the commentary box! OK, so I might be wrong with that one!

This exercise of writing a week before a game has got me thinking about the unpredictability of sport. I went to the BBC East Midlands Sports Awards Dinner last week, and heard from a swimmer who won Gold at the Commonwealth Games by nine one hundredths of a second. The person in fourth came just fourteen hundredths of a second behind. The margin between winning and losing is sometimes so tiny it's frightening!

Who could possibly predict a winner?

Football is, admittedly, different... but not hugely. A missed chance here and there can make a massive difference - for example, if Johnny Mullins' header against Peterborough had gone in instead of hitting the bar, Stags may not have gone on to lose that match.

People always say that football's full of ifs and buts, and I guess they're right, but while criticism is fair enough - and every week we hear a fair amount of it aimed at players and managers on our Monday night football phone-in, Matchtalk - I sometimes think it's worth just remembering that it's a game of fine margins.

Anyway, enough philosophising (Nostradamus would be proud!), I'll talk to you next Monday when we can discuss all the ifs and buts from tonight's game. I'll get on with providing commentary on 1584am for BBC Radio Nottingham.

**Enjoy the game!**

# Swindon crowned champions while Stags just one game from promotion in 1986

**O**n Saturday 19th April 1986, the Stags drew 1-1 with Swindon Town at Field Mill in front of a huge crowd of 8,416.

The draw confirmed Swindon as champions of Division IV, while Mansfield remained in fourth place and would achieve promotion 3 days later, with a win over Hartlepool at Field Mill. Stags boss Ian Greaves is pictured after promotion was achieved.

The Stags had hit a shaky run of form, with only one win from their previous six matches, and made a nervous start, but took the lead against the run of play after 33 minutes. Paul Garner crossed from the left, Keith Cassells neatly

flicked it on, and Neville Chamberlain stooped to head home from close range, despite the attentions of Swindon defender Colin Calderwood. It was Chamberlain's 19th goal of a glorious season. But ten minutes later Swindon were level. Dave Bamber mis-hit a free-kick and it fell to Leigh Barnard who drilled the ball home past Kevin Hitchcock.

Hitchcock made some vital saves in the second half to keep Stags in the game, and Stags

substitute Roddy Collins came close to claiming the points with a fierce 20 yard shot that was brilliantly saved by Kenny Allen. At the end of the game the home fans gave their side a standing ovation, while the Swindon fans celebrated the championship. Afterwards Swindon boss Lou Macari claimed that it was former Stags defender Colin Calderwood that had earned the championship, telling the media: "If Colin Calderwood had stopped at Mansfield, they would have been champions and not us." Calderwood was roundly booed all afternoon! Meanwhile Stags boss Ian Greaves said: "It is one point in the right direction towards promotion."

George Foster was the CHAD Player of the Season and is pictured above with chairman John Pratt, and CHAD Sports Editor Tim Morriss, who is still a regular in the Field Mill press box.

## interview with... **michael boulding**

**W**ith the news full of talk about footballing brothers this week following the Manchester United Vs Everton game with both teams captained by the Neville Brothers. Stag's own Mickey Boulding talks to the Stag about his younger brother Rory, the FA Cup and the feeling around Field Mill:

"I was really pleased for Rory when I saw the team sheet for the Johnstones' paint game at Darlington and I saw his name on the bench. I have watched him grow up as an athlete and I think in the last six months or so I have seen him mature from a talented boy to a man. I think he has done amazingly well so far and I am delighted for him.

"When he came on as a sub in the first round of the same competition I think that he showed people that he doesn't get phased at all to play in front of a crowd and I think that he played well in both games. It is also nice to play on the pitch with your brother although the other lads gave me some stick saying that I can't play in the same side as Rory because I don't pass the ball to anybody else.

That's not true I always look for the person who has the best chance of converting a chance and it just so happens that when we played Grimsby it was Rory who made the best moves and had the best chance so I passed to him and he nearly scored.

"I think it will not be long before he is a regular name on the team sheet, he has good movement, is quick of the mark and makes good judgements of the ball that's ninety percent of the game. The other ten percent is what goes on upstairs and think he has that as well. I have always tried to help with advice to the best of my ability although I am sure he will say I haven't helped that much. You can tell when somebody is going to become a good athlete from an early age and Rory developed and shown early on that he had a natural aptitude to football.

"ON my mum's side there are a few footballers and my dad enjoys the game and although my two sisters aren't really interested in the game I think that they are very proud when they see us both on the pitch together, I just hope that they can start watching us win more games.

"It has been a frustrating time for the players and the fans at the moment, travelling to places like Rochdale and to sit through the performance on that day must have been the most frustrating you can get but it is down to us as players to work hard and turn it around especially over the next month when there is so much to play for and give us all some Christmas cheer. We are not quite sure why the goals have dried up but it is something that we will be addressing and trying to improve on.

"Everybody has got one eye on the FA Cup and would like to get a good run together. A win against Doncaster would definitely lift the spirits of the team and get us back on track Tuesday's league game against Swindon. Let's hope that we can start to find our form soon as there is so much to play for in December and it really can make a difference to your standing in the league."

### **WEST BRIDGFORD COLTS U15 3**

### **MANSFIELD TOWN U15 1**

Despite the score line the Under 15s played some good football in the blustery conditions blowing across the pitch on Wilford Lane, carrying on the good work they achieved at Lincoln City last Sunday.

Both teams took to the pitch with the bare eleven each, neither team naming any substitutes.

The Stags' first real chance came on 6 minutes with Emily Mapley-Sims striking her shot against the foot of the post but unable to control the rebound, sending it looping into the keeper's arms.

West Bridgford took the lead on 16 minutes. The Stags' keeper, Sara Dickinson, could only push a shot wide and an oncoming forward had the easiest of chances to slot the ball into the empty net.

Playing with a slight advantage from the wind, the young Stags had the better of the chances in

the first half but couldn't capitalise on them.

Three minutes into the second half, West Bridgford had doubled their lead, with the keeper beaten by a high looping ball.

With fifteen minutes left, the Stags had their best chance of the half. Emily Mapley-Sims with a run down the left, cutting in and unleashing a shot which found the side netting, and straight from the goal kick, West Bridgford raced down field and made it 3-0.

With five minutes left, the Stags finally got on the scoresheet. Danielle Montgomery had an easy shot at an open goal after some more great work down the line by Emily Mapley-Sims.

The young Stags had a couple more chances before the final whistle, but unfortunately they couldn't find the back of the net.

**N**ormally this page is full of details about how the Mansfield town Supporters side, FTYBR FC have got on the previous weekend, but with today's game being a night game against Swindon Town, I thought I'd change direction slightly and write about my own personal memories of 'The Robins'.

Although tonight's game is of course taking part in the basement Division it isn't all that long ago that we all at Field Mill looked on in envy at Swindon Town gracing the Premiership. I bet it seems years ago to the Swindon fans though and of course it didn't last too long for them did it? But I remember well trooping off to Coventry City one cold winters night to watch a Premiership game between the Sky Blues and The Robins and I remember I sat there thinking that one day I might even see my very own Mansfield Town take on the Countries best.

Trouble is as the season's have gone by, that dream has become something ever more distant. Still we live on in hope. A look at the Premiership today and I see the likes of Wigan Athletic, Fulham, Bolton Wanderers and Reading taking on the likes of Manchester United, Liverpool, Arsenal and Chelsea and you can't help but think that only a few years ago we were taking on and beating the Wigan's and Reading's and in some strange way it gives you a little hope for the future. (Mind you one season out of the basement Division would be a bonus at the moment.)

As for Swindon, it was a dramatic rise and an even more dramatic drop back into a division they left way back 85/86, ironically winning promotion with The Stags that season. Their one season of premiership football came in the 93/94 season, again something that must seem like an absolute age ago to the Swindon faithful. Now what would we all think of a season in the Premiership here at Field Mill? I think I'd take it, even if it meant losing each week. It would be good while it lasted. What I am trying to say is that the dream is still alive, even if it does seem

a long, long way off at the moment, but it can happen.

Investment is needed of course and a large amount of luck but the dream still lives on. If they can do it, why can't we?

Swindon are of course high up in League 2 this season and hoping for a straight return where as The Stags of course after having a wonderful October have had a November in the league that would be best forgotten. The frustration for me is that if you look at the squad of players we have here at Field Mill, we should, on paper at least, be up there challenging for promotion, the fact that we aren't hurts massively. I keep hoping each week that a positive result will be the start of a run towards the top end of the table and a place in the play off's, perhaps today will be that day? Lets certainly hope so. Let's cheer the lads on.

*Enjoy the game*

**Dr Who:  
Complete Series 2  
(6DVD)**

After the gut-wrenching finale to the first year of Russell T Davies' new version of "Doctor Who", we were all on tenterhooks to see how new boy David Tennant would fill Christopher Eccleston's shoes as the itinerant Time Lord.

It was to be no disappointment, as this new, more fun-loving version of the Doctor leapt with gusto (and quotes from "The Lion King") straight into an even more assured second season.

The success of the previous year gave the writers the confidence to really play with the format. So, old companions Sarah Jane and K9 reappeared in the tearjerking "School Reunion", clockwork robots menaced the court of Louis XV in the romantic "Girl in the Fireplace", and most bizarrely of all, Peter Kay got to play bobby alien the Abzorbaloff in the bonkers "Love and Monsters".

The sci-fi action was scarcely neglected either, with original series villains the Cybermen making a polished return throughout the season. And the show got a stab at outright horror in "Alien"-esque two parter "The Impossible Planet"/"The

Satan Pit".

The regular cast continue to shine, particularly

Billie Piper as companion Rose Tyler. They welcome new boy Tennant from the first, and special episode "The Christmas Invasion" establishes a chemistry that was to last the whole season.

It all builds to a heart in mouth conclusion that'll have you simultaneously on the edge of your seat and blubbing with tears. So welcome back "Doctor Who", the best fantasy show in the world!

## **W**elcome to Swindon Town Supporters

The Stags Supporters Association would like to offer a warm welcome to the players, supporters and officials of Swindon Town F.C for a rare visit to Field Mill for this evenings League 2 encounter. The match sees the Stags back in league action following our FA Cup ties on Saturday.

### **SSA Christmas Raffle 2006**

As many of you will know, the SSA 2006 Christmas raffle tickets are now on sale and available in the X-Bar again before and after the match today. They cost £1 each and the 1st prize is £250 cash. There are also many, many other prizes. We would like to thank everyone so far who has bought tickets and indeed took tickets from us to sell to their colleagues. If you can help SSA sell some raffle tickets please come and have a word with us, your help and support is very much appreciated.

### **X Bar**

As always, Swindon supporters are welcome to join us in the X-Bar, which is situated underneath our West Stand. There is a £1 admission fee for non-SSA members/season ticket holders, but bitter, lager, Guinness, etc are all only £2 a pint. Everyone can be assured of a very warm welcome from the home fans.

### **SSA Merchandise**

SSA still have a few season 06/07 SSA Calendars left and have now reduced the price to just £3. Our current range of merchandise is as follows: SSA Calendar (Aug 06-Jul 07) £3, SSA Cheer Sticks £2 a pair, SSA Mug £6, SSA Metal Pin Badge £2, SSA Embroidered Polo Shirt £14, SSA T-Shirt £6, SSA Key Fob £2.50. You can purchase any of these items on match days from the X-Bar.

### **Juniors' Christmas Party**

Another reminder that the Christmas Party for Junior SSA members under 12 will be held on Sunday 17th December. Santa Claus and Freddy the Magician will be in attendance and the event will be held between 1pm and 4pm in the X Bar. All Junior SSA members should have received their newsletter recently and kids please remember that if you want to come to the party you need to send your party invite back to SSA so we know that you will be coming to join the fun!

**Hope everyone enjoys the game!**

# THE Robins

A LOOK AT SOME OF SWINDONS' STARS

## PETER BREZOVAN

A giant in goal at 6'7, Brezovan signed on a year's loan from Czech club FC Brno in the summer of 2006.

Brezovan became a fans favourite after performing heroics on his competitive debut against Hartlepool United on the opening debut, saving two penalties from Porter and Humphreys to earn Town all three points.

Unfortunately he sustained an injury in the October home encounter with Grimsby Town and is recovering; but will not feature until the closing stages of the campaign.

Phil Smith

## PHIL SMITH

Goalkeeper Phil Smith joined Swindon in late July from Crawley Town.

Smith had made 74 starts for Crawley Town during a two-year stay, which followed a year's spell at Margate where he made 35 starts. A dependable customer, Smith is now the Town number one following Brezovan's injury.

## JACK SMITH

Signed from Watford in the summer of 2005, Smith added youthful experience to the Town side.

Due to the departure of Paul Robinson to West Bromwich Albion he was thrust into the first-team spotlight at Watford and coped admirably, registering two goals - the first of which a 'Goal of the Season' contender at Sheffield United in front of the Sky Sports cameras.

He made 38 league starts for Town last season in a variety of positions including right back, left back and midfield. This term he will be looking to consolidate his favoured spot in the right of defence.

Jack Smith

## LEIGH HENRY

Son of former Town striker Charlie, Henry came up through the Centre of Excellence ranks at The County Ground.

Henry progressed into the reserves last season after catching

the eye with a number of dominant performances for the Under 18's. He was rewarded with a six-month professional contract in June 2006 and will look to impress under the new management of Wise and Poyet, taking every opportunity available with typical grit and fervour.

## JAMIE VINCENT

Jamie Vincent arrives at The County Ground hoping to make the left-back slot his own.

Vincent began his football career as a trainee at Crystal Palace before making the switch to AFC Bournemouth, where he made over 100 appearances between 1996 and 1999. He then made a £500,000 switch to Huddersfield Town which was followed by an £800,000 deal which saw him move to Portsmouth in 2001. Spells at Derby County and Millwall then followed.

He signed a one-year deal with Town in July 2006, and will be hoping to impress over the coming months in order to extend his stay in Wiltshire.

Jerel Ifil

## JEREL IFIL

Powerful defender Jerel Ifil joined Town in the summer of 2004 after enjoying three loan spells with Town previously from 2002-04.

Jerel became a fan's favourite during his brief stays in Wiltshire and signed on a permanent basis in June 2004, he has almost amassed 100 appearances as a Robin and will look forward to forging a partnership alongside the

experienced Ady Williams.

## ADY WILLIAMS

Named on-field Captain by manager Dennis Wise in mid-July, Ady Williams brings with him a wealth of footballing experience.

Signed from Coventry City in pre-season, the former Welsh International boasts successful spells with Wolves and Reading on his CV and has just the credentials that could set Town on their way to League Two success this term.

## ANDY NICHOLAS

'Nicho' joined Town in the close season of 2003 following his

Andy Nicholas

member of the side throughout the 2003/04 season and managed his first senior goal in a 4-2 win at Stockport in February.

Despite making such a positive impression during the 2003-4 season, the 2004-5 campaign saw the defender struggled with injuries and was unable to gain a regular starting berth. 'Nicho' is now an established member of the Town squad and is approaching 100 appearances for the club.

#### CHARLIE COMYN-PLATT

Charlie Comyn-Platt joined the Bolton Academy in the summer of 2002 after a long association with the club.

The assured defender was called into the first team for the first time in September 2003, and he was handed his debut when replacing Bruno N'Gotty for the final nine minutes of the 3-1 Carling Cup win over Walsall.

He also started both the club's FA Cup games against Tranmere Rovers, during the same season.

He was loaned to Tony Adams' Wycombe Wanderers in mid-September 2004, making his debut in a 1-0 home defeat to Swansea City, and returned to Bolton in October, after a month with the Wanderers.

After being released by Bolton in the summer of 2005 he made the switch to The County Ground on a one-year contract and went on to make 27 appearances in his first season in Wiltshire, scoring twice against Boston United (FA Cup) and Doncaster Rovers (League One). After a successful first campaign, he signed a new one-year deal in the summer 2006.

#### ANDY MONKHOUSE

A product of the youth set-up at Rotherham United, Andy Monkhouse ended an eight-year association with the Millmoor club when he made the switch to Wiltshire in the summer of 2006.

Having made over 150 appearances for The Millers,

decision to leave Liverpool, where he came through the youth system but struggled to break into the first team.

He was a regular in the Under 19's side at Anfield and won many plaudits with his performances at left back, which prompted Andy King to snap up the youngster.

After working his way into the manager's starting line up with some hard work in training, Andrew seized his chance to become a regular

Charlie Comyn-Platt

Monkhouse adds not only youthful experience to the Robins squad, but also unpredictable flair on either flank of the midfield.

#### GARETH WHALLEY

Signed for Swindon Town in July 2005 from Wigan Athletic on a free transfer.

Originally a trainee at Crewe, Gareth made over 200 first-team appearances for them before signing for Bradford City in July 1998 for £600,000. Gareth was a regular during their two-season spell in the top flight and in March 2002 went back to Crewe on loan for a few months.

In July kept him out from early-November 2002 until mid-April 2003 but he returned to play a significant role in the Club's promotion through the Play-Offs.

Left Cardiff in September 2004 and joined Wigan Athletic and subsequently made nine appearances for The Latics in the march to promotion to the Premiership.

During his first season at Swindon, Whalley settled into the side and made 27 appearances during the 2005-6 campaign.

Whalley still has two years to run on his current deal at STFC and has now returned to the first team fold after missing the start of the season after ankle surgery.

#### SOFIENE ZAABOUB

Versatile left-sided player at home in defence or midfield, Zaaboub was new manager Paul Sturrock's first signing as Town boss joining on a deal which will see him stay at SN1 until January 2006.

He made his debut as a substitute against Carlisle United in the FA Cup and was a trialist at Sturrock's former club Sheffield Wednesday. Previous clubs include FC Brussels, Modena and St. Etienne.

#### RICKY SHAKES

A tricky winger with plenty of pace, Shakes signed from Bolton Wanderers in a deal which also saw Charlie Comyn-Platt join the club.

Shakes spent time on loan with Bristol Rovers and Bury during the 2004-5 season and impressed Manager Andy King during a reserve game for STFC towards the end of the 2004-5 campaign.

A Trinidad & Tobago player, Shakes signed on for STFC in July 2005 and went on to establish himself on the right of the Town midfield, narrowly missing out on a place in the 'Soca Warriors' World Cup squad along the way.

#### MICHAEL POOK

'Pooky' signed a professional contract ahead of the 2005-6 season and was a consistent performer for the youth team and reserves prior to joining the professional ranks.

With a keen eye for goal, Pook's best effort to date is a 25-yard thunderbolt in the Carling Cup First Round against Wycombe Wanderers.

An energetic 'box-to-box' midfielder, Pook is now very much part of the squad.

Ben Wells

### BEN WELLS

One of three Centre of Excellence players who were signed on as first year scholars in June 2004.

An midfielder who impressed in the Under 17's last season. He was rewarded a squad number on Tuesday 30th November 2004 and made the bench against Bristol City in the LDV Vans Trophy.

Now signed on as a professional with a year's contract, the energetic Wells will look to make the most of every opportunity that comes his way.

### CURTIS WESTON

Another summer signing, Weston joined from Millwall where he became the youngest ever FA Cup finalist ever at 17 years and 119 days, coming on to replace Dennis Wise in the 2004 final against Manchester United.

A busy midfielder who likes to get amongst the goals, Weston has impressed with combative central displays, showing pace, aggression in the tackle and awareness. The 19-year old has been in outstanding form so far this term.

Curtis Weston

### DAVID STROUD

'Stroudy' is another of Town's team with County Ground connections, with his Father Kenny starring for Swindon. A skilful winger, he joined the Centre of Excellence before signing scholarship forms. He spent time on work experience with Basingstoke in 2004/05 and rejoined them in October 2006 on loan.

Stroud made his Town debut at Huddersfield Town in September and is a player with great pace and balance – Stroud is one to watch from a crop of exciting youngsters in the Town ranks and has been handed a six-month professional deal in which to impress.

### ASHAN HOLGATE

Tall, gangly figure who can operate as a striker or in midfield. Scored on his senior debut against Millwall in pre-season 2004, after coming on as a substitute.

Made his competitive first team debut last term, coming on as a late substitute in the FA Cup draw with Boston United at The County Ground.

### CHRISTIAN ROBERTS

Cardiff-born striker who joined Town in October 2004 in a £50,000 switch from local rivals Bristol City.

He is an aggressive runner and will add much needed pace to the Swindon frontline. Formerly with Exeter City where he scored 18 goals in 67 league starts for the Grecians from 2000 – 2002.

With 6 goals in 22 starts for the Robins so far, Roberts will be keen to play a big part in Town's 2006-7 campaign and his appointment as Vice-Captain seems to have invigorated the frontman who scored two against Carlisle United in the FA Cup First Round.

Christian Roberts

### FOLA ONIBUJE

Dennis Wise handed 6'6 front man Fola a three-month contract in July 2006, and the former GB sprinter will be out to impress.

Having had previous spells with Preston North End, Barnsley, Huddersfield Town and Peterborough United – this is a big chance for the striker. Lagos-born Onibuje spent last season with Cambridge United – scoring 9 goals in 25 appearances.

### LEE PEACOCK

Striker Lee Peacock joined Swindon Town on 20th January 2006 on a free transfer from Sheffield Wednesday.

The experienced frontman started his career at Carlisle United as a trainee, but after scoring 11 goals in 52 appearances he made the switch to Mansfield Town in October 1997 for £75,000. It proved to be a productive spell with The Stags with 29 goals in 80 appearances attracting Manchester City who parted with £500,000 for his services. However, his time at Maine Road was not as successful as he would have liked due to injuries, but his next stop certainly was.

A £600,000 move to Bristol City in August 2000 heralded the start of a successful four year spell at Ashton Gate. 54 goals in 131 league starts was the result of his stay with the Robins. Next up was Sheffield Wednesday, who he joined on a free transfer in the summer of 2004, on a free transfer. Peacock wasted no time in settling in at Town, scoring on his debut against AFC Bournemouth after coming off the bench in the 4-2 home win. However, he finished the season with just 11 starts to his name after a knee injury ruled him out of the final games of the campaign.

After an end of season operation to cure the problem, Peacock enjoyed a solid pre-season and capped his start to the campaign with the winner at Hartlepool United on August 5.

## Stags Saver the Goal for Club Sponsor

**D**erbyshire Building Society's new football affinity account, Stags Saver, has been boosted by the news that Mansfield Town FC sponsor Andrew Perry is to open between 50 and 60 new accounts for his employees at Perry Electrical.

The account, which was launched at the start of the football season, gives fans the chance to support the development of the first team stars of tomorrow. The Derbyshire has pledged that for every £100 saved in the account continuously for one year, it will donate £1 to the club to help develop the Mansfield Town Youth Academy, which has already produced a host of popular current and former Stags stars, including Liam Lawrence and Alex John Baptiste.

It has already proved a hit with supporters and now Mr Perry, who runs Perry Electrical on the Hermitage Lane Industrial Estate, has promised to open a new account for each of his employees.

The account comes with a host of Stags-related goodies for savers. Adults aged 18+ will get a free match ticket and when their account balance hits £5,000 or more, will be invited to an exclusive VIP evening at Field Mill for two, including drinks, buffet and a Q+A session with selected first team players.

Junior savers (under 18s) also get a free match ticket when they open an account, along with a free training session at Field Mill with representatives of the first team squad when they save £500 or more in their account continuously for at least 12 months.

Jill Hanson, Retail

Manager of The Derbyshire's Mansfield branch, said: "This is absolutely fantastic news. We have built up a great relationship with Mansfield Town FC since the start of the season and are delighted to now be working with the club's sponsors, Perry Electrical, as well.

"The great thing about football affinity accounts is the way they provide savers with a safe home for their money while also giving something back to the club they support. But the key thing for supporters to remember is that the more people save, the more we can pass on to Mansfield Town so if you are a passionate Stags supporter, sign up for a Stags Saver today and do your bit to ensure a rosy future for the club you love."

Dave Jervis, Head of Youth Development at Mansfield Town FC, added: "We're delighted to be working alongside The Derbyshire on this initiative, which is set to provide the youth set-up at the club with a significant financial boost and will help us to bring through the first team stars of tomorrow.

"We've got a great bunch of talented young lads at the club and initiatives like this are really important for their development. They are, after all, the future of the club and this new account offers all Stags supporters the chance to do their bit by saving their cash and helping these young lads achieve their dream to be a success for Mansfield Town FC."

**A**gain we had a game postponed which is starting to frustrate the lads, and understandably so. After all they want to play as much football as they can because they do get that much time to

**prove their worth for a shot at professional football in the first team.**

However on a plus side this presents us with a good opportunity to work on the training ground and work at building that team strength and character that I have mentioned before in my previous notes.

The discipline and positive attitude amongst the lads is good at the moment and I have seen improvements in all areas which is, I believe is a reflection on the work that we have putting in with them. As I said the time as an apprentice at a football club seems to fly by, one minute you are signing for the youth team after faring well in the centre of Excellence then the next it is make or break with the decision having to be made whether you are good enough to be offered a place as a Mansfield Town first player. So the lads will have to keep focussed during times like these and keep working as hard as they have done

so far.

Another plus about having a game postponed is that the players get the opportunity to see the first team in action to give them an idea of what is expected of them over the years to come. So to see Mansfield play a team from the league above in front of a big crowd and do well has spurred them on and as I write these notes on a Monday morning the mood in our camp is one of great excitement.

So keep up all the hard work boys and your time will come.

***Enjoy the game this evening***

## Youth Team Player Sponsorship

In recent weeks, I have been delighted to receive a number of enquiries with regard to the sponsorship of youth team players and so we have introduced a new £50 plus VAT package that in return offers you/your company an acknowledgement in the matchday programme. If you would like to sponsor a Youth Team player, simply contact the Commercial Dept. on 01623 482 482 or by email at [commercial.mtfc@btconnect.com](mailto:commercial.mtfc@btconnect.com).

**Adult:** £13.00

**How To Get There:**

**By Road:**

North from the M1 leave the Motorway at its Junction 6a (M25) and get into the lane signposted

M25 Dartford Crossing and M11 not to Heathrow and Watford. Exit the M25 at its Junction 23 (South Mimms Services and A1) down the slip road to the traffic lights.

North from the A1 leave the A1M at its junction 1 (South Mimms and M25). Both routes now follow same directions

Onto the roundabout passing back underneath the M25 flyover and exiting the roundabout onto the A1081 (signposted Barnet). This road is known as the St Albans Road.

Go over a roundabout and pass The Green Dragon pub on your right and then the Bridgedown Golf Course also on your right. When you reach the traffic lights with the Digital Village music shop to your right (junction with A1000) turn right into Barnet High Street. At the next set of lights alongside Barnet Church go straight on passing the Police Station on your left. At the next set of lights you will see High Barnet Underground also to your left. Carry on down the hill to find Barnet FC behind the Old Red Lion pub to your right

**Car Parking:**

In respect to our neighbours, Barnet FC urges supporters not to ignore the traffic cones outside the stadium on matchdays. You are

likely to receive a ticket or a bright yellow clamp for your troubles. High Barnet London Underground station offers the best bet for £2.00 per car and this area is clearly signposted from each direction of Barnet Hill A1000. There is also a huge unmissable 'Underground' sign at the entrance. It is only 5 minutes walk down the hill to the ground but it's a long leg sapping trek after a defeat I warn you.

**Where To Get A Decent Drink Locally:**

Barnet is full of good pubs most to be found in and around the High Street.

**Where To Get A Bite To Eat Locally:**

Other than the pubs detailed above there only a couple of places to eat close to the ground. Jose's Cafe (and Delicatessen), 30 yards south past the Odeon offers a vast range of generously filled fresh rolls and sandwiches plus a large selection of superb quick meals in the small dinning area.
