the gaffer

We are on a nice run of form at the moment and the lads have done very well.

We were disappointed we couldn't continue that on Tuesday night at Stockport County, although we go into today's game refreshed and ready for action against Leyton Orient.

The Manager of the Month nominations were made public earlier in the week, but that doesn't change anything from our point of view. It was nice to be mentioned amongst the runners and riders because it means the team are doing well - and that's the most important thing.

Jonathan Douglas would have been a doubt for the game on Tuesday after being on the receiving end of a bad challenge at Wrexham seven days ago. The injury didn't respond too well to treatment and he didn't train on Thursday - but we will hope that he recovers in time for the game today. Jonathan is a big influence to the team but we do have other options in there.

Up front we have a number of selection options as Charlie Austin and Danny Ward are both now available after missing last weekend's FA Cup game. They are both ready to go and have worked hard during the week. Danny had a lot of family going to the game at Stockport so he was bitterly disappointed to see the game called off.

Since the last home game we have also brought Alan Sheehan to the club and he made his debut at Wrexham seven days ago. He has quality and went straight into the side - and would have played at Stockport on Tuesday night had the game not been off. He wants regular

first team football and I am sure he will do well during his time with us.

After the midweek debacle up at Stockport, I must give a mention to our own Groundsman, Marcus Cassidy. He does a fantastic job and the money that has been spent on the playing surface reaps its rewards in times like this. There is lots of water around but the pitch has stood up really well. The pitch here is excellent.

Leyton Orient are the opposition this afternoon and they had a lively game against Gillingham earlier in the week. I think from their point of view they will be very pleased with the result they achieved and they are a very difficult side to face. We won't take them lightly because we know what they are about. Orient came here in April and secured a 1-0 win - and they will set themselves up to be very difficult to beat.

Today is our second Military Day of the season and I would like to extend a special welcome to all members of the forces who are here today, whether for the first time or returning to The County Ground. Only last week I joined members of club staff and players for a trip to RAF Lyneham - where we enjoyed a tour around the facilities and a flight in a Hercules aircraft. It was a tremendous experience and I hope everyone at the match today has a thoroughly enjoyable afternoon.

Enjoy the game.

Danny Wilson

"Marcus Cassidy does a fantastic job and the money that has been spent on the playing surface reaps its rewards in times like this."

Question for the Gaffer?

Sandy Parsons, Wiltshire, asked:

How much of a disappointment was the midweek call-off against Stockport County?

DW: Both sides wanted the game to

go ahead but my feelings after were ones of frustration, rather than anger. We should not have even travelled up there as there was no way the game was ever going to get the go-ahead on the day.

Nick Watkins:

From the Boardroom

As I pen these Boardroom notes in readiness for the Leyton Orient fixture, I am on the road to Stockport for the fixture at Edgeley Park.

After all of the rain these past few days, which saw Stockport's Saturday FA Cup game postponed, and now with a forecast that predicts sleet. Marie Saunders has made three calls to Stockport throughout the morning and has been given absolute assurances that the pitch has been passed fit to play. Game on and we travel in hope!

The past few weeks have been eventual ones for Swindon Town FC. We secured those three important points up at Carlisle and then put in an excellent performance at home against Huddersfield, in what can only be described as atrocious weather conditions, to secure a further three points. Last Saturday the faithful travelled to Wrexham to witness a hard fought, FA Cup Second Round tie, which saw The Robins leaving with a one nil win and entry into the 3rd round. The draw last Sunday afternoon saw us being pitted against Fulham FC at Craven Cottage, a fixture which is scheduled to be played over the January 2nd/ 3rd 2010 weekend. The draw was to result in five London clubs being drawn at home and this will place extraordinary demands on the transport systems and police resources. It is highly probable therefore, that some of these fixtures will need to be scheduled across the entire weekend and could be subject to television coverage, so we will keep you posted of details as they become known and keep a weather eye on the STFC website.

Following on from the arrival of Alan Sheehan, at the beginning of this week Danny Ward joined STFC

"If you find a path with no obstacles, it probably doesn't lead anywhere."

on loan from Bolton Wanderers. I would like to take this opportunity to welcome him to the club and hope that his stay with us is both enjoyable and productive. The manager tells me that he has a "good left foot".

After a short stop at a Stockport hotel for a pre-match meal, I am back with you, much sooner than expected, due to the fact that our worst fears have been realised. The game has been called off; the pitch is in an appalling state and unplayable. The referee had no hesitation in passing his verdict and was as surprised as we were, that having seen the state of the pitch, how anyone in his or her wildest imagination could consider it playable. The apparent 0900hrs pitch inspection was carried out by the grounds man, hence not an official inspection. This is a total inconvenience for everyone and I feel so sorry for those loyal fans that made the journey in vain and thank

them for their efforts. The club will look at ways it can possibly offer some form of compensation as we seek to re-claim our expenses from Stockport. It is now raining heavily and we are on the long trip home, being entertained by Captain Jack Sparrow and his Pirates of the Caribbean – it is not raining there but there is a lot of sand around!

And so on to today and the visit of Leyton Orient to The County Ground. On behalf of everyone at Swindon Town, may I extend to the O's, their Directors, guests, Manager, players and fans, a warm welcome. One thing is for sure, thanks to the excellence of our groundsman, Marcus Cassidy, the pitch is definitely playable.

The games in hand are beginning to stack up so three points this afternoon would finally get December off to a good start.

Enjoy your afternoon.

Nick Watkins

Gordon Greer: Captain's notes

A busy schedule continues today with Leyton Orient the visitors to The County Ground for this League One fixture.

Last weekend we travelled across to Wrexham in the FA Cup Second Round. The aim was to get into the next round and that's what we did - albeit with a bit of help from big Dave Lucas, who did brilliantly.

Fulham was a great draw for us and everyone is excited about the challenge of testing ourselves against higher league opposition. The players that play in the Premier League are there for a reason, but we showed against Wolves that we

feel as if we're getting better with every game that comes along. At the start of the season the manager brought a lot of new faces together so it was always going to be tough for us to gel quickly. I now feel like we're all getting to know each other a bit better and are gelling reasonably well as a result - which I think is showing on the pitch.

It would be great to pick up a couple of wins going into a busy Christmas period, but we've got tough games coming up and we're very aware of

"As a defender the clean sheets have been pleasing, as we went through a little period where we were losing some late goals."

can compete with them, and were unlucky not to get the win, so there's no reason we can't do the same at Fulham. They've done really well over the last few seasons in the top-flight so it will be a tough game for us but it's one we're really looking forward to. Having said that there is a lot of work to be done before the cup game comes around - starting today against Leyton Orient.

Orient have had a difficult period of late but we'll be taking nothing for granted against them, as there are no straight-forward games, especially in this division. Even though they are struggling for wins at the moment, we're under no illusions it's going to be anything other than a hard game, as they're down the bottom of the table and will be scrapping for their lives, but we're very confident going into the game.

It's eight games unbeaten for us now in league and cup, but I don't take much notice of stats to be honest. It's more important that we

that, so we'll be trying our best to put on a couple of good performances.

As a defender the clean sheets have been pleasing, as we went through a little period where we were losing some late goals, so it's been great to have a few clean sheets under our belts. Big Dave Lucas was excellent up at Wrexham, but the whole back four, midfielders and strikers have all played their part in the run of clean sheets which has been great.

Thanks again for your support over the last few games. Trips to Wrexham and Stockport in the space of a few days was a real test for players and supporters alike - hopefully we can reward your fine support with another victory this afternoon.

Enjoy the game.

SWINDON TOWN FLYING HIGH!

Swindon Town FC, as part of their Military Awareness Programme with Royal Air Force Lyneham, recently visited RAF Lyneham where they had a tour and a flight in one of the Hercules C130 aircraft.

Team manager, Danny Wilson said: "On behalf of the Swindon Town players and staff I would like to all those involved at RAF Lyneham for organising the day. It was thoroughly enjoyable and I know everyone who attended will remember the day for some time to come."

Town midfielder Craig Easton took part in the activity and commented:

"It was a great experience - something a lot of people don't get the opportunity to do and we are very grateful for the hospitality shown to us all on the day. Some of the team coped better than others and it was good to see the great job those at RAF Lyneham do up close."

This is all in-line with Swindon Town FC's Military Awareness Programme where they are supporting and raising money for Help for Heroes & the Army and RAF Benevolent Funds.

Today's match against Leyton Orient is a Military Day and the final Military Day of the season will take place on Saturday 5th December against Tranmere Rovers.

"MY PREFERENCE IS TO PLAY AS A CENTRAL STRIKER, SO I CAN USE MY STRENGTH AND HOLD THE BALL UP FOR THE TEAM. HOPEFULLY I'LL BE ABLE TO GET AMONGST THE GOALS AS WELL."

Town Boss Danny Wilson finally landed his man nine days ago with Bolton Wanderers striker Danny Ward joining on loan.

The 17-year old has Premier League experience under his belt after starting the season in the Trotters' first team. Ward - who joined the ranks at The Reebok Stadium after spells with Bradford City and Leeds United - is hoping to make the most of his spell in League One.

Swindon have already received assistance from Bolton Manager Gary Megson this term, with England Under-20 international Tope Obadeyi making 14 appearances for Town during a three-month loan.

Ward was introduced to the media on Monday morning ahead of Tuesday night's proposed away date at Stockport County, where he was due to sample League One action for the first time - although the fixture was postponed.

"The move to Swindon is something I am really looking forward to. The lads have made me feel welcome.

"My preference is to play as a central striker, so I can use my strength and hold the ball up for the team. Hopefully I'll be able to get amongst the goals as well. In terms of my earlier career - I started out at Bradford City as an eight-year old until moving to Leeds United at Under 12's level before spending five years there."

Ward speaks fondly of his involvement in the Bolton first team earlier this term, which saw appearances off the bench against Sunderland and Hull City, both inside seven days. The striker is

NORTHERN LIGHT

hoping his time in Wiltshire can help him return to the top-flight stage before the end of the campaign.

"The Premier League experience was great. I remember Gary Megson telling me that I would be on the bench - which was an exciting moment but to come off the bench on the opening game of the season was unbelievable.

"Swindon will be an important part of my development and I am sure I will benefit from being here."

Tope Obadeyi saw his initial one-month loan stay extended to the maximum 93-day period - although Ward is keen to make an impact

during his initial one-month stay.

"At the moment I'm just taking things as they come. I want to do well during the month I am here and getting regular first team football is really important. I'm coming down to play my part because from what I have seen there is a good squad of players here."

Danny Wilson also offered his views on the move and believes the youngster will be a valuable addition to his play-off chasing squad.

"Danny is another option for us going forward and he is a player I have had my eye on for a while. I am hoping he will add goals to the side because he is a natural goalscorer.

"He brings a few things to the party - his pace is an asset and he holds the ball up well too."

Alan Sheehan

Targets Town game time:

After joining The Robins on transfer deadline day from Leeds United, Alan Sheehan took his place in the starting line-up for what was a frantic debut at Wrexham last weekend.

The 23-year old's desire to get more first team football under his belt was fulfilled as he played 65 minutes of the FA Cup Second Round tie. It was a busy afternoon for the Galway-born left-sider - who spoke to the official matchday programme ahead of today's contest with Leyton Orient about his move to Wiltshire.

It's been a difficult time at Elland Road for you this season hasn't it?

I felt that I wasn't going to be playing under Simon Grayson. If that means loans, you'll go out and play as many times as you want. You have to come to terms that you're not going to play under this manager no matter what you do, so I think it's important for me to come out and play games.

Gary McAllister signed me and I was the first choice left-back and playing every game. A new manager

comes in and straight away you're not in his plans.

Jonathan Douglas is a good friend of yours. How instrumental was he in the move to Swindon?

I chat to 'Dougie' quite often. He told me that it was very good down here, but I don't think he really had to sell the club. From a football point of view, 'Dougie' is probably one of the best midfielders in this division.

David Lucas will be another familiar face for you here. A player with good experience as well...

Dave is easily one of the best goalkeepers in this division. That just shows me straight away the type of players that are here and the type of push that they want to do. I'm very excited because it's a team on the up. You have to come to terms that you're not going to play under this manager no matter what you do, so I think it's important for me to come out and play games.

LEYTON ORIENT

Today's visitors Leyton Orient arrive at The County Ground after securing three points in midweek over League One rivals Gillingham. Goals from Ryan Jarvis, Sean Thornton and Jimmy Smith helped The O's seal their second win in three games.

Scott McGleish leads the goalscoring charts for the visitors. With seven goals to his name so far this term, the experienced frontman is set to spearhead the attack once again this afternoon with the likes of Adrian Patulea and James Scowcroft also keen to add to their respective goalscoring tallies. Romanian Patulea joined in the summer from Lincoln City and the Romanian has two goals to his name so far.

Fitness and Conditioning coach David Morrison knows more about Orient than most. Town's very own Mr Motivator spent three years with The O's after joining from Peterborough United on deadline day in March 1997 for £25,000. The 35-year old is now carving out a new career looking after the Robins squad after hanging up his boots.

This afternoon's fixture signals the start of a busy December month for Town. Away trips to Bristol Rovers and Charlton Athletic are punctuated by home games against Brighton & Hove Albion and Yeovil Town. Meanwhile Orient have home games against MK Dons and Southend United as well as visits to Walsall and Brighton.

The last meeting at The County Ground saw the visitors take all three points courtesy of Jason Demetriou's third minute strike. In the reverse fixture at Brisbane Road, Town had just announced Danny Wilson as the new Manager hours before the action got under way. Lee Peacock wasted no time in trying to impress – firing in a first minute effort before Jack Smith's penalty on the hour sealed the win.

It's neck and neck in terms of games won between the two sides. Town and Orient have won 24 games each. Robins fans will hope to edge ahead in terms of bragging rights by the time the full-time whistle is blown.

JONES

20-year-old goalkeeper Jamie Jones arrived at Orient in the summer of 2008 following his release by Everton. The Liverpool-born stopper came through the ranks at the Goodison Park club and signed his first professional contract there in 2007.

But with his route to first team football blocked by the likes of American international Tim Howard, he was deemed surplus to requirements by the Merseyside club, allowing Martin Ling to bring the youngster to E10.

Jones made his League debut at the end of January 2009 and became an instant hero - saving a stoppage time penalty to secure a 2-1 victory at Milton Keynes Dons in just his second game.

He kept his place between the sticks and ended the season as Orient's number one.

PURCHES

Versatile defender Stephen Purches became Orient's first summer arrival ahead of the 2007/08 season when he

put pen-to-paper.

Ilford-born

Purches watched

his first football at Brisbane Road as a youngster and he described his transfer from Bournemouth to E10 as a move home. He was quickly named team captain and went on to make 40 appearances during his debut season in E10.

Most comfortable at right back, former West Ham junior Stephen can also operate further forward or on the left hand side, although it is as a right-sided full back that he joined the club.

After coming through the ranks at Upton Park, Purches was allowed to leave for Bournemouth where he made a total of 273 appearances in Bournemouth colours.

MKANDAWIRE

Robust defender Tamika Mkandawire joined The O's in June 2007 after a 12-month pursuit for his services. Former boss Martin Ling had been a long-time admirer of the Malawi-born centre back and he had a £60,000 bid for Mkandawire turned down by the Bulls prior to the 2006/07 season. But once his contract expired a year later, Ling wasted little time in persuading Tamika to join the O's on a three-year deal.

The talented defender settled in immediately in E10 and made an instant impact in the O's team, scoring the club's 5,000th Football League goal in the 2-2 draw with Northampton Town on September 1 2007. Mkandawire started his career at West Bromwich Albion, but he struggled to make the breakthrough at the Hawthorns and he moved to Hereford United on loan during the 2003/04 season to gain first team experience.

SUMMERFIELD

Plymouth Argyle midfielder Luke Summerfield joined Orient on loan in September 2009. With injuries sidelining Adam Chambers, Sean Thornton and Kristian O'Leary, O's boss Geraint Williams turned to Summerfield to plug the gap and he

made a winning debut in a Brisbane Road London derby against Millwall. A 21-year-old central midfield player who came through the ranks at Plymouth, he made his debut at 17 at the end of the 2004/05 season. He has gone on to play 63 Championship games for Argyle, including three this season.

Summerfield also spent time on loan at AFC Bournemouth in the 2006/07 campaign and, after a successful first month in E10, will remain with the O's until December 22.

SCOWCROFT

The striker opted to link up with his former Ipswich Town teammate Geraint Williams once again when he put pen-to-paper on a one-year deal with the O's in July 2009 - 11 years after they lined up together for the Portman Road club.

O's boss Williams persuaded the Bury St Edmunds-born striker to move outside the top two divisions of English football for the first time after his release by Championship side Crystal Palace.

The physical frontman began his career with Ipswich, where he scored 47 goals in 202 Championship games between 1995 and 2001, winning five England under-21 caps in the process.

Scowcroft, who stands 6'1" tall, earned a £3million move to Leicester City in July 2001 and he found the net a further 28 times during his four years with the Foxes, which included two seasons in the Premier League.

our opponents:

GAFFER GERAINT WILLIAMS

Geraint Williams was appointed as manager of Leyton Orient on February 5 2009, replacing Martin Ling, who left the O's by mutual consent the previous month.

Williams joined the club initially on a contract until the end of the season as Orient embarked on a crucial three-month battle to save their League One status.

47-year-old Welshman Williams previously managed Colchester United and led the U's to their highest-ever League position when they finished 10th in the Championship two seasons ago.

He spent just over two years in charge of Colchester, following a six-year spell as assistant to Steve Whitton and Phil Parkinson at Layer Road as the U's made progress through the Football League.

He becomes the 29th permanent manager of Leyton Orient and just the fifth under Barry Hearn's 14 years as chairman of the Club.

The former Welsh international made close to 700 Football League appearances in a playing career that lasted 20 years.

After beginning across the River Severn from his birthplace of Cwmparc at Bristol Rovers, he then played at the highest level for Derby County and Ipswich Town, enjoying seven seasons in the old Division One and Premier League.

He ended his professional career at Colchester United, where he spent a decade as player, coach and manager before leaving the Weston Homes Community Stadium club in September 2008.

Swindon Town's Craig Easton and David Morrison both look back fondly on their time with today's visitors Leyton Orient. Here we take a look at players who have pulled on the red and white of both sides.

Martin Ling and Craig Maskell were a part of Swindon's charge to the Premier League. Maskell was quite a force at one end – scoring 22 goals in 36 games during the 1992/93 season – which of course included a famous strike in the play-off final at Wembley.

At the other end loanee Paul Heald was drafted in towards the end of the campaign after injuries struck regular stoppers Fraser Digby and Nick Hammond. Goalkeepers Jon Sheffield and Stewart Kerr were also on the books during Town's one-season stay in the top-flight.

Sam Parkin lined up for Orient against Town on Boxing Day during a 13-game spell on loan from then League Two side Luton Town. The striker, who scored 67 goals in 120 league starts for The Robins, is now back in the first team at Walsall and came off the bench in last weekend's FA Cup defeat at Brentford.

More recently Patrick Kanyuka, who is now with Northampton Town, started off with Orient and impressed for The O's in a youth game against QPR and his display was enough to secure a permanent move to Loftus Road.

Midfielder Craig Easton was a popular figure at Brisbane Road during his two-year stay in the Capital after making the move South of the Border from Livingston. Easton's industrious displays from the heart of the midfield included a goal against Oxford United on the final day of the 2005/06 to secure promotion for Orient.

SCOTT MCGLEISH

STAR MAN

Scott McGleish returned to the club where he scored his first senior goal when he put pen-to-paper on a three-month loan from Wycombe Wanderers in February 2009.

The 35-year-old striker enjoyed a loan spell at Brisbane Road from Charlton in the 1994/95 season and then spent just under a year on a permanent contract in E10 from 1996 to 1997.

He has 209 career goals to his name - including 15 with the O's - and worked with Orient boss Geraint Williams at Colchester United.

McGleish bagged five goals during that loan spell as Orient climbed away from relegation danger and then decided to make the move from Wycombe permanent in the summer.

He started out at Charlton Athletic, moving on to Peterborough United before his year with the O's.

The front man then went on to play for Barnet, Colchester and Northampton before joining Wycombe, where he finished with 26 goals in 2007/08.

After scoring five goals during his loan spell back at Brisbane Road last term, he rejoined The O's in a permanent switch over the summer.

QUIZ FUN

Can you name the former Town players?

ANSWERS: 1 Tommy Mooney, 2 Peter Brezovan, 3 Jack Smith, 4 Alan Reeves.

Good afternoon to all of the visitors who have made the long trip from the Orient. It's such a long, long way to come for a football... oh I see, its Leyton Orient, not The Orient!

Countdown to Christmas has begun. I've started writing down a list of things I'd like Mrs. Robin, Mother & Father Robin and Santa to bring me. I'm a bird of simple pleasure, so I'd like my main gift to help one of my feathered friends. Terry the Turkey and I have been good friends for a while now (since he showed me how to play the banjo), but I'm getting worried about him. Recently, Terry has been eating a lot more than usual, and at this time of year, which isn't fantastic for Turkeys, especially of the meaty variety. I'm afraid that he might only make it to Boxing Day in the shape of a Turkey Curry... Terry the Turkey doesn't even like curry!

So, this year, I'd like to save Terry from the fate of Paxo stuffing and keep him as my banjo-playing poultry friend for another 12 months. My plan is to eat all of his extra food, because the chances of me being cooked are... actually, not that slim. Roast Robin isn't an option is it?

Let's hope we can give Orient a stuffing today!

I really dislike Jeremy Kyle type programmes which features people just showing themselves up for being ignorant.

Premier News Bite

Avram Grant returned his attentions back to league survival after Portsmouth were knocked out of the Carling Cup.

Tuesday night's cup tie at Fratton Park saw the Barclays Premier League's bottom club lose 4-2 at the hands of Aston Villa.

Grant, who still needs paperwork to be completed on his renewed application for a work permit before he is rubber-stamped as manager, said: "I don't like to lose, even a friendly game, but the most important thing for us is the league.

"We conceded easy goals and we can't allow ourselves to do that, especially in the league.

"We are bottom of the table and we don't want to stay there."

Christmas Party

We will be having our Junior Robins Christmas party on Monday 7th December starting at 7pm in the Legends Lounge. We will have a disco, a raffle and some of the Swindon players will be there too. There will be prizes for the best dancers (chosen by the players!). Please give me a call, text or email if you would like to come along. This is free to all Junior Robins.

Bristol Rovers

I do now have a couple of spaces left for the coach going to Bristol Rovers next week. This is £18 for adults, and £12 for Junior Robins. That is the total price for the coach and the game. The coach will be leaving from The County Ground at 12.15. Please call me as soon as possible if you would like to come along.

I'm sure many of you were watching the FA Cup draw and were as excited as Kate, Sam and I after seeing the draw! One of the longest-serving members of full-time staff at The County Ground, Chris Abrook has seen more than most during his time at SN1. A familiar face to many Town fans - today we find out a little more about the journey from Singapore to Swindon.

Name: Chris Abrook
Job Title: Bar Manager
Year Joined: 1993

How did the role at Swindon Town come about and where were you working before?

I initially applied for a job at Allied Dunbar, which was over by where Tesco's is now. My details were then passed over to the football club and soon I was having an interview with the Hospitality Manager at STFC and I got the job as Bar Manager!

Before Swindon I was based at RAF Wroughton where I ran the officer's mess and the catering operation. It was a big job but it kept me busy. I had always lived on RAF bases as my Dad was in the forces so knew what it was like. Other jobs before that included being Head Barman at The Golden Lion Tap in Barnstaple, Devon!

You have seen a few Managers come and go here... what can you recall of the different styles?

Steve McMahon had a few strange rules. The players weren't allowed baked beans when he was here,

although he was the first one who set-up the practice of players eating at the club before and after training. Before that the players just used to do their own thing.

Andy King was just loud! He was a nice guy though, through tough times at the club and he kept us entertained. Paul Sturrock had the players eating 'stovies' - a combination of corned beef and potatoes.

How has your role changed following the takeover of the club?

There is a lot more structure to the Club and it is now a lot more professional than it was before the new Board took over. There were times before when you didn't know whether you were going to get paid at all, let alone on time. Things are much improved now and it's much more enjoyable than it has ever been.

What are the best and worst aspects of the job?

The best thing is that no day is the same. You can go from managing the hospitality bars on a matchday

to changing a room around for a party in the evening. The job is varied although very rewarding. Making sure customers enjoy their time at The County Ground is an important part of the job. I'd say the worst thing is the long hours - but I don't mind because my job is both enjoyable and fulfilling.

Match Background

Town and Orient were drawn against each other in the third round of the FA Cup in 1990/91 and on 5th January 1991, we travelled to Brisbane Road to face 3rd Division Orient. Five minutes into the match, **Duncan Shearer** struck his 12th goal of the season for Town, while **Geoff Pike** volleyed home an equaliser after **Greg Berry's** shot had been blocked.

The replay took place on 21st where plucky Orient were cruelly denied when **Steve White** claimed his fourth goal in three matches with the only goal of the match in the 89th minute.

Future Town centre back **Adrian Whitbread** had the medical team worried when he swallowed his tongue during the game, and Orient also counted goalkeeper **Paul Heald** amongst their number. He had the misfortune to concede five goals against Leeds United in our very last Premiership

match in 1994 while on loan at The County Ground.

Football Snippets

The season begins in controversy at Everton when goalkeeper **Neville Southall** stages a sit-down protest are halftime.

Chelsea are fined £105,000 for making illegal payments to players. The punishment brings raised eyebrows at The County Ground.

In February after watching his Liverpool side draw a pulsating fifth-round FA Cup match with Everton by the score of 4-4, Anfield is stunned by the sudden resignation of **Kenny Dalglish** as manager. He is to be succeeded by Graeme Souness.

In October, **Peter Taylor**, loyal assistant to Brian Clough, dies at the age of 62.

In April **The FA** announce plans for an 18 team Super League to start in

single state of over 77 million people.

On 28th November, Prime Minister **Margaret Thatcher** resigns after 11 years in office.

The last thin wall of chalk separating Britain and Europe is breached, as boring of the **Channel tunnel** reaches its conclusion in December.

In February world political reform continues when the **South African** government announces the repeal apartheid laws.

A **cyclone** in Bangladesh in April kills over 100,000 people and leaves millions homeless.

Indian Prime Minister

Rajiv Gandhi is assassinated by a suicide bomber near Madras on 21st May, 1991.

The world population is estimated to have reached **5.5 billion**.

Season Outcome For Both Clubs

Town's victory took us through to face Norwich City in fourth round, where we lost by three goals to one. Steve White again scored for us, while another future Town defender Ian Culverhouse played for the Canaries.

We went on to finish 21st in Division Two avoiding the drop by two points as Glenn Hoddle took the

reins at The County Ground. One of his first pieces of business was to re-sign past Townie and eventual Orient manager Martin Ling. Duncan Shearer scored 23 for Town.

Orient claimed 13th spot in Division Three with Steve Castle claiming 18 strikes.

classic moment 71/72 *Don Rogers*

"It's August 1971 and Town's **Don Rogers** lines up for the annual photocall ahead of Swindon's 1971/72 Division Two campaign. Rogers finished the season with 7 goals in 41 appearances – all of which came in the famous number 11 shirt."

"IT IS STARTING TO SINK IN THAT I'M PLAYING HERE, TO A DEGREE, BUT I STILL PINCH MYSELF SOMETIMES." Interview: Chris Smith

Charlie Austin's is a story as close to a footballing fairytale as it is possible to imagine.

Having been signed on at the age of 16 by the club he had followed as a young boy-Swindon Town-Austin's dreams of gracing The County Ground turf for a living were dashed when a serious knee injury saw him released from the club.

"I thought my chance was gone to be honest," he admits. "My Dad's a building contractor so I just worked with him and I didn't think I'd get a second chance in football."

Austin went on to play at non-league level for both Hungerford and Poole Town, while working for his father, dreaming that one day he might get another opportunity to prove himself at professional level.

A few years and an impressive non-league goal scoring record later, the 20-year-old now boasts a 100% scoring record in professional football-netting in both his first team starts against Carlisle United and Huddersfield Town-and he admits he could not have wished for a better start.

"I have adapted to it a lot quicker than I thought I would-it's been an unbelievable start," he said.

"I never thought I'd be anywhere near where I am now, but I think it's gone so well because I've worked really hard.

"I've had to put a lot of hard work in a non-league level, and it's looking like all the grafting I've done has paid off, but I'm not getting ahead of myself."

Austin's goal scoring exploits and affection for the club have immediately endeared him to The County Ground faithful-including a particular section of The Don Rogers Stand with whom he celebrated the winning goal against Huddersfield Town last time out.

"They are some really good mates of mine, so it was great when I scored in front of them," he said.

"They always sit there and have

LIVING THE

been Swindon fans since they were born really! My parents come to watch me a lot too, and they're obviously very proud to see me playing for Swindon. They live locally so it's easy for them to get up here, and it's good for me to know they're watching me play."

A boyhood Town fan, Austin is delighted to be living the dream of many young players, but is refusing to get carried away with his dream start as he is aware of the amount of work still to be done if he is to earn an extension on his contract which currently expires at the end of this term.

He said: "It is starting to sink in that I'm playing here, to a degree, but I still pinch myself sometimes and I think I always will. For me, even to make it as a professional was great, but to be playing for the team I supported when I was younger is even better.

"Now I just need to keep taking it one step at a time, and hopefully the goals will come, the team will do well and I can get a contract extension."

Before footballing commitments dictated when he could visit The County Ground, Austin was a regular at SN1, and recalls his most memorable moment from his time in the stands: "I remember when Rory Fallon scored that overhead kick against Bristol City

a few years ago," he said.

"I think we drew 1-1 in the end but it was such a memorable game just because of that great goal.

"Ever since I started playing men's football at 15 it's been difficult for me to get to games because I was playing every Saturday.

"So it has been quite hard to get to games but I always checked for the Swindon results. I never thought one day I'd be back here playing. Not once."

With Leyton Orient today's visitors, Austin is confident Town can continue their surge up the League One table in what he expects to be another tough encounter.

He said: "Leyton Orient are down towards the bottom but they're going to come here with nothing to lose, needing the points just as much as we do.

"There's going to be pressure on us as the home side, but we're confident we can get another win. You can see how tight it is up there towards the top of the table, so anything can happen really.

"If you lose, you drop down a few places, and if you win, you're right up there so if we keep winning we'll get in the play-offs and I think that's where we can end up this season."

Showing Mark Hughes a bit of strength! This was in Division One. Blackburn Rovers got promoted on the night with a 1-0 win - Matt Jansen scored the goal to get them up.

Our big chance to get into the Premier League. A Play-Off final date against Bolton Wanderers which we eventually lost 3-0. Here I'm going up for the ball with Bolton's Dean Holdsworth and my teammate - big Colin Murdoch.

MY CAREER IN PICTURES → → → →

← Leeds United ↑

Playing for Leeds was enjoyable, being such a big club, but being in and out of the side was never ideal. Being at Swindon has given me a much better chance to show what I can do and it's going well and the Huddersfield game was a great win for us.

Being my usual quiet self during a cup tie at Wolves earlier this season.

Signing for Swindon in the summer. I was pleased to pass the stringent medical with Dick Mackey. It was a good day for me and I remember looking forward to a new challenge.

Frustration for all concerned at no football on Tuesday night. Did you see the pictures of the Stockport pitch four days earlier - it wasn't even fit for Sale Rugby!

BBC Wiltshire's Soccer Special will obviously be back on-air (103.6FM in Swindon) for the re-arranged fixture. We were fortunate enough to link up with Billy Paynter on the team bus heading for home: "A couple of the boys are on the computer finding out the results of the games which did take place, there's a film 'Pirates of the Caribbean' and David Lucas has brought along Trivial Pursuit - I think there's a couple of lads trying to play but haven't got a clue about the questions!"

Here's my football trivia to consider, without wishing to tempt fate - when was the last time we won four in a row in the League? From New Year's Day 2007 onwards, victories over MK Dons, Wrexham, Boston & Macclesfield. We'd begun that season with six on the bounce, before being beaten at the Racecourse, despite taking the lead.

"George Best, Rodney Marsh & Bobby Moore playing for the visitors - one of those nights which is easily recalled by those who were there."

Of course, success there a week ago has secured a place in the FA Cup third round and a trip to Premier League Fulham at the start of 2010. Ironically, we've beaten these opponents twice before at the same stage of the same competition, in 1987 (matchwinner Dave Bamber) and 1977 when a 3-3 draw at Craven Cottage was followed by a 5-0

home win at The County Ground in front of almost 24,000 fans in the days of George Best, Rodney Marsh & Bobby Moore playing for the visitors - one of those nights which is easily recalled by those who were there - memorable stuff indeed!

Festive football follows soon! Over the holiday period, we'll have all the action live, hopefully a forum with manager Danny Wilson and plan to mark his first anniversary in charge with a revised version of our "A Question of Swindon Town" quiz. The end-of-season contest in May proved a close call between Michael Timlin & Simon Cox, in fact it was probably the only competition our 32-goal striker didn't win!

SWINDON DOWN'S

SYNDROME GROUP

Our aim is to support people with Down's syndrome, their families and carers and also anyone with an interest in Down's syndrome by providing information, advice and support as well as raising general awareness. We are a parent-led support group run by a committee of 14 volunteers and a registered charity - 1096089 - affiliated to the National Down's Syndrome Association. All our work is funded by our Group and the money is raised through jumble sales, sponsored walk, donations and grants from local companies and businesses.

The group provides opportunities for parents to support each other by organising trips to the theatre, theme parks, a Christmas party, barbecues, activity sessions and monthly baby/toddler support meetings. We aim to provide training and information through an annual training day aimed at teachers and teaching assistants and through seminars throughout the year. We also

support pre-schools, primary and secondary schools by providing school resource packs containing manuals, flash cards, software, DVD's, numeracy resources and books aimed at educating a child with Down's syndrome.

The Group also provides some specialist sporting activities - football training run in conjunction with Swindon Town Community Team. This training session is open to all children with a disability between the ages of 5 - 18. Tennis lessons with a specialist coach and fortnightly swimming lessons with a specialist swimming coach and working towards nationally recognised qualifications. The Group also runs weekly speech and language therapy sessions.

These sessions are attended by children with Down's syndrome, their parents and, in most cases, a teaching assistant from the child's school. Visit: www.swindondownsgroup.org.uk

CARBOHYDRATE LOADING PRE-ACTIVITY, DURING & POST EXERCISE

Carbo-loading:

It is common for endurance athletes to carbo-load for events 90 minutes or longer. Carbo-loading aims to prevent the onset of fatigue during endurance events. If completed properly, carbo-loading will almost double the normal amount of stored glycogen found in a trained person. It is suggested to carbo-load in the 2-3 days leading up to an event. Sports nutritionists recommend consuming 9-10 grams of carbs per kilograms of body weight.

There are two types of carbs:

Simple and Complex. Simple carbohydrates are also called simple sugars and are found in refined sugars (white table sugar or sweets). They are also found in foods such as fruit and milk. Complex carbohydrates are also known as starches. Starches include grain products, such as bread, crackers, pasta, and rice, which should make up your pre exercise meal. Some complex carbohydrate foods are better than others. White rice and white flour have been processed, which removes nutrients and fibre. It is always better to choose whole wheat flour and brown rice whenever possible. These grains contain vitamins and minerals and are rich in fibre, which aids digestion. Fibre also helps you feel full, so you are less likely to overeat. Depending on activity level, most individuals require 4-6 grams of carbs per kilogram (1.8-2.7 per pound) of body weight.

Pre Activity:

It is important to fuel your muscles with carbohydrates. They should be eaten with a little bit of protein approximately 1-3 hours prior to activity, depending on your digestive system. If you process food really quickly, then 1-2 hours should

suffice. On the other hand, if you have a slow digestive system, 3 hours may be better.

During Activity:

If you are exercising longer than 75 minutes you will need to replenish your glycogen stores with the necessary fuel to keep your muscles functioning optimally. This may come in the form of energy drinks (Powerade, Refresh, Ultima), energy gels (e.g., Science in Sport, Powergel, and Lucozade). The ideal is 100-250 calories (or 25-60 grams of carbs) per hour, after the first hour of running. That is the equivalent of one to 2 ½ sports gels or 16-40 oz of sports drink per hour.

Post Activity:

Directly after prolonged or intense exercise, specifically within the first 15-30 minutes, it is important to replenish muscle glycogen. The tank is going to be empty and unless you replace what you used, the tank (your muscles) will be dry the next time you go to use it. Liquids are the easiest and quickest way to do this. It is recommended to have a ratio of 3:1 carbs to protein. Energy shakes and smoothies are great, as many athletes don't have the appetite for a plate full of food after exercise. These drinks contain the right levels of carbs and protein ratio and help with refuelling and muscle repair. Furthermore, post exercise, blood is still in your muscles, there is not a lot in the stomach for digestion. If you eat solid food to replace your stores, it may take longer to be absorbed and digested, and you risk missing that 30 minute window. It is important that within the next 45-90 minutes you have a larger whole foods meal with a 3:1 ratio of carbs to protein.

DICK'S DIARY

Last weekend Jonathan Douglas was on the receiving end of a pretty industrial challenge at Wrexham – and his injury has been the main focus of the week from a treatment room point of view.

It was a nasty tackle which came in the second half of the game. The tackle caught Jonathan just below his right knee

and for a moment I did fear the worst. Thankfully he was able to continue, although his shin had a nasty abrasion on it. He was able to carry on but the Manager decided to take him off as Jonathan was experiencing some discomfort. The knee was quite puffy on Monday and to that end we decided to carry out a scan. We saw the specialist on Wednesday and we are hopeful that he will be fit in time for today's game.

I made a remark to the Manager on Tuesday night after the decision to call the Stockport game off. It was that Jonathan Douglas would be the only one at the club happy to see the game not go ahead! He was most disappointed that he would have missed the game so from his point of view, the call-off was a bonus.

Elsewhere, Kurt Hammonds had a bit of a setback a few weeks ago. We had a second opinion on the knee and that confirmed what we already knew. There is plenty of work to do to get him up and running again but we will keep going.

CENTRAL HOPE

WITH ONE LEAGUE TITLE UNDER HIS BELT, UNDER 18'S CAPTAIN **WILL EVANS** IS HOPING TO LEAD TOWN'S YOUNGSTERS TO A SECOND SUCCESSIVE TITLE THIS SEASON.

After being knocked out of the FA Youth Cup – Evans has high hopes for the side. And with 2010 just around the corner, there is the challenge of earning a professional contract to address.

How did you start off in football?

I was quite young, about five or six. I used to play in my older brother's team which were two years above my age. I then joined up with my own age-group a few years later and played for Fairford Town Youth. I got scouted for Swindon when I was about eight and have been here ever since. Ian Palmer and Dave Warren both coached me at a younger age before I linked up with Paul Bodin for the second time at Under 18's level.

You played a few reserve games last season – how did you find that?

It's a bit more physical than youth football and there is a little

bit more pace in the game, but they are enjoyable games to play in and you learn all the time. It's often a mix of youth players and more experienced pros.

The first time you played at The County Ground was in a first team pre-season friendly wasn't it?

My first time out there was at the start of last season and it

was great to be involved in. The pitch is big! It was a tremendous experience for me – playing alongside first team players and I remember lining up at the back alongside Jerel Ifil.

You are Captain of the side this term, what has that been like?

It's been good. Captaining the side means I have to be a bit more vocal but I am growing with it. Although I'm not an aggressive type of person I have my own ways of getting the lads going.

We have a good side this season and hopefully we can go on and win the league. Winning the division as a first year scholar last term was great – hopefully we can repeat that this season.

What are your aims for the rest of the season?

Getting a professional contract is the aim for me, personally. I want to do as well as I can and try and get a first team chance before the end of the season – and make the most of it.

The STFC Supporters Club

Welcome back to The County Ground for this afternoon's meeting with Leyton Orient.

The Supporters Club through its fundraising is able to contribute in many ways to life at The County Ground and I am pleased today to say that today we are adding to our long line of sponsorships as for this game we are the Matchball Sponsor.

As a result through a lucky draw we hold each time we are sponsors, we have again been able to invite a number of fans to enjoy a special day of hospitality at The County Ground. We hope you all have a great time!

Talking of great times I was delighted to be able to attend the recent dinner at The Fox at Denchworth organised so capably by Mavis Knight on behalf of the Vale and West Oxon Supporters Group. It was a great success with the function being a completely sold out and everyone had a fabulous evening.

Even though the team was leaving early on Friday to travel up to Carlisle, Billy Paynter & Jon-Paul McGovern attended and as dinner plates did not need washing, Mavis believed they enjoyed the evening!

The question & answer session was great fun with Mike Spearman,

who was expecting a relaxing night but ever happy, to be put under the spotlight. At the end of the evening talk was already focused on when the next one is taking place and I am sure with the co-operation of both the Football Club & Steve from The Fox another will be set for the New Year. A big thank you to both Billy and J-P, Steve at the Fox and all who attended for making the evening an absolutely brilliant one.

The FA Cup against Fulham will bring back memories of the game all those years ago where after a 3-3 draw at Craven Cottage - we beat them 5-0 in the replay. Their side at the time contained a certain George Best, plus Bobby Moore and Rodney Marsh. That was a real cup shock; let's hope for another early in January.

Both sets of fans will have the chance to escape the festive frolics and Christmas turkey with a Boxing Day encounter at Charlton on Boxing Day. Phil Parkinson has seen his side storm towards the top of the division with some impressive attacking displays - most recently a 4-2 home win over Bristol Rovers. League One

Round-Up:

Whilst Town's game with Stockport County failed to get the go-ahead, there was plenty of midweek action elsewhere in League One.

Today's visitors Leyton Orient beat Gillingham 3-1 with goals from Ryan Jarvis, Sean Thornton and **Jimmy Smith** secure all three points for The O's. Charlton won 2-0 at Brighton whilst Leeds kept up their promotion chase with victory by the same scoreline at Oldham Athletic.

Anthony McNamee warmed the bench for Norwich City as the Canaries secured a 3-0 triumph at Southend United, with Sean Morrison playing ninety minutes. Carlisle's resurgence continued with a 3-2 win over Hartlepool at Brunton Park.

Huddersfield Town were pegged by Tranmere Rovers in an entertaining 3-3 draw whilst Colchester lost 1-0 at Brentford. MK Dons dropped out of the play-off places as they lost 3-2 to Millwall with Bristol Rovers' Darryl Duffy scoring the only goal of the game against Exeter City. Walsall were 3-1 winners at Yeovil Town and Southampton won 1-0 against Wycombe Wanderers.

Important information:

In the event of an emergency at The County Ground you will hear a police message over the public address system. It will be preceded by a loud 'alarm' sound. Please remain where you are, listen to the message, and if it affects your area of the stadium, comply with the instruction immediately. These will direct you to a safe area, through exit gates and doors into car parks, roads or the pitch area. If you are disabled or feel unsafe in a large crowd, please remain where you are until the stewards assist you to leave. Above all, REMAIN CALM and DO NOT MOVE unless the announcement concerns your area of the stadium.

THE LAST WORD:

with... **Peter Shirtliff**

When was the LAST time you bought something online?

I don't shop online that often, but I did purchase flights on there in the summer when my Wife and I went to Thailand.

What was the LAST website you visited?

The BBC Sport website to check up on next week's fixtures.

When was the LAST time you saw paid to see a game?

A long time ago... it was probably a World Cup fixture between Mexico and the Republic of Ireland in Orlando back in 1994.

What were the LAST pair of boots you bought?

I have always worn adidas boots, pretty much right through my

career aside from a spell when I wore Puma ones for a while. The last pair I bought were adidas World Cups.

Do you remember the LAST professional goal you scored?

It was probably in the early nineties for Sheffield Wednesday. I didn't score too many during my career but did score a few for Wednesday.

What was the LAST thing you made?

A wardrobe for my son, David, in his apartment up in Manchester.

Who did you receive your LAST text from?

From 02 - it was a pretty generic one offering me free broadband for three months. No thanks!

Where was the LAST shop you visited?

Reiss in Cheltenham a few days ago. I didn't buy anything but the bonus was that the Wife didn't buy anything either!

Where was your LAST holiday to?

I went to Bangkok and Phuket in June with my Wife, Jacqui. We went for two weeks and enjoyed some time chilling out. It was a great holiday.
