“DERBY GAMES
ARE ALWAYS
THAT LITTLE
BIT SPECIAL,
BUT THIS ONE
WAS JUST
INCREDIBLE.”

What a week! Three victories on the bounce have given us a chance, but we all know that we need to keep fighting and performing to the same standard to get ourselves out of the position we find ourselves in.

The first of those successes came against Hartlepool two weeks ago at Adams Park. We had to win the game to give ourselves any chance and the players delivered. We scored two terrific goals, but we also kept a clean sheet to cap off a good all-round display. The lads put in a lot of hard work and got the rewards their performance deserved.

Our trip to Tranmere was then heightened in importance because of the 2-0 win over Hartlepool, but the players once again delivered. A thoroughly professional performance saw us come away with a 3-0 victory, which set us up perfectly for the derby game with MK Dons last Saturday.

Derby games are always that little bit special, but this one was just incredible. It was a great day for everyone at the club and it's one that we can look back on with immense pride. On the field, the players showed great battling spirit, character and quality which all contributed to picking up the three points.

As for your support, it was second-to-none from start to finish. You don't realise how important it is for the players, especially when you are chasing a late winner as we were. The lads were taken aback by your support and were quick to comment on it

in the changing room afterwards. We need more of the same this afternoon and in the games against Leyton Orient and Gillingham.

There is no denying that our final three games are huge, with each of them being more important to us than cup finals. The philosophy of Martin (Kuhl) and I is to go into every game looking to win and I hope that positive, attacking football will be on show again today.

Swindon are the visitors to Adams Park for what should hopefully be a cracking game of football. They have got plenty to play for with automatic promotion still a possibly, whereas we need the points to keep the pressure on those teams just above us. I would like to welcome Danny Wilson, his staff, the fans and everyone connected with the club for today's game.

Wow! It's been three games and three wins since my last notes – I said we wanted to give you something to cheer and we certainly have! You deserve it and we'll be doing all we can to continue our winning run today.

I thought our last home game against Hartlepool showed exactly what we are capable of. There were very few – if any – chances for the away side and we felt we were always in control of the match.

Losing our skipper Hinsh (Adam Hinshelwood) so early into the game could have upset our balance, but Lewis Hunt came in at centre back and did a great job. I thought 2-0 flattered Hartlepool, in all honesty.

However, the result came at a cost and I'm sure everyone will join me in wishing Hinsh a speedy recovery. I know he's been listening in on the radio and kicking every ball with us when we've been on our travels.

For myself, getting the captain's armband in those circumstances wasn't ideal, but I will wear it with pride for as long as I'm needed.

Our trip to Tranmere was next and the sort of performance that

we've been threatening for weeks finally materialised – our 3-0 win was well deserved.

To have two games close together plus a long journey north certainly takes a toll physically and mentally and, believe me, there were some tired legs after that game, but the feeling of giving all you've got and coming out on top is why we're involved in football.

Last Saturday saw another away trip, this time to rivals MK Dons – and what a game it was! The rush of emotion when Kevin Betsy scored the winner is indescribable. One of the best moments of my time here at Wycombe was celebrating with our fans at the final whistle.

I had extra reason to be so happy because I'd given away the penalty that enabled them to make the score 2-2. At first, I thought the decision was harsh but having looked at the replay I would have expected a penalty if it had been at the other end so thanks again Kev!

Modern football is a squad game in which 25 or 30 players play their part whether that's in the team, as a substitute or at the training ground giving your all – which isn't

always easy when you're not in the starting XI.

I don't like singling out individuals, but the way Alex Revell has applied himself since coming back into the team has been superb. His four goals in the last two games have obviously played a big part, but his work rate has really stood out.

Not only Revs, but every other player is pushing harder now whether it be in games or training and that can only be a good thing for the club.

As for today, let's get together as Wycombe Wanderers. Forget what's gone before and put aside what might be coming next. All our focus, our desire, everything we can give, we need to produce today and whatever the outcome, know that we had a real go together. You never know what could happen!

Let's get this place rocking.

THE ADAMS FAMILY

A ROUND UP OF WHAT'S GOING ON AT THE WANDERERS

KELLY BACK IN CONTENTION

Right-back Julian Kelly is in contention to play in today's crucial clash with Swindon Town after returning to full training earlier this week.

The on-loan Reading defender

had looked to miss the rest of the season after sustaining a hamstring injury against Huddersfield earlier this month, but has made a speedy recovery and rejoined his team-mates for training on Tuesday morning.

Kelly, 20, could now be involved at Adams Park this afternoon, as well as the two final fixtures of the campaign

against Leyton Orient and Gillingham before his loan deal expires.

The youngster arrived from the Madejski Stadium in February and scored the winning goal against Millwall on his debut, before going on to make seven further appearances for the club.

TRIO OFFERED PRO DEALS

Wycombe Wanderers have offered professional contracts to three second year scholars.

Winger Jerome Federico, central midfielder Sam Belcher and Northern Ireland Under-19 striker Matt McClure will put pen to paper on their deals in the summer.

"I'm delighted for all three of them," said head of youth Richard Dobson. "Consistent performances in the youth team followed by decent displays at reserve team level have earned them their first opportunity as a professional footballer.

"They realise this is the first step and they've got a lot of hard work ahead of them to push for the first team and have a long career in professional football."

Manager Gary Waddock added: "I'm delighted for the three lads and hopefully this is just the start of a long and successful career for each of them."

Richard Dobson also paid tribute to those youngsters who have not been retained:

"They have been a credit to the club during their apprenticeships and I'm delighted other clubs have expressed an interest following loan spells earlier in the season.

"I wish them the best of luck for the future."

N Ireland U19 striker Matt McClure

WESTLAKE RETURNS IN DRAW

Ian Westlake played an hour on his return to action as the Wanderers' reserve side drew 0-0 with Colchester United at Maidenhead FC on Tuesday 13th April.

Westlake played his first minutes since injuring his ankle in early December, and saw his team-mate Dan Fitchett come closest to opening the scoring in a drab first half when the striker was unable to convert a teasing Kadeem Harris cross.

Wanderers showed more purpose in the second period, with West Ham trialist Miles Smith and winger Jerome Federico causing a constant threat for the U's.

Westlake played an hour on his return

Matt McClure and Sam Belcher were both involved in chances for the Blues, firstly when McClure released Fitchett for a one-on-one chance before Belcher drove just wide from 25 yards.

Kadeem Harris saw a late chance from the edge of the box fly just past the post and although the game finished goalless, coach Richard Dobson was pleased with his side's improved performance after the interval:

"We took more control in the second half and were more proactive, which was pleasing on a difficult pitch," he said.

TRUST TALK

The Trust is hoping to produce a book which will be a collection of memories of supporters, players, former players, employees, directors and anyone associated with the club over the years. This will be your book and we need you to make it work.

Other Trusts have successfully produced similar books and we hope that you will take part and get a great deal of enjoyment both as a contributor and a reader.

How do you contribute? We would like you to write a short article - say 750 to 1,000 words - which tells other supporters about experiences and happenings which you have found interesting, funny, happy - even sad - which have inspired you to support Wycombe Wanderers. If these are supported by photographs or cartoons, so much better.

The book will be published in the autumn. We will tell you later when and where to send your offering.

RIVALS RUN-IN

ALAN PARRY COVERS EVERY ANGLE

What a fantastic week for the Blues! Just when it seemed that all was lost, we've given ourselves a real chance of staying up thanks to three successive wins against Hartlepool, Tranmere and MK Dons.

Nine points out of nine have guaranteed another exciting end to a season at Adams Park and opened up a shaft of light at the end of a tunnel that seemed to be heading towards relegation.

Ahead of today's crucial game against Swindon, the Blues can still achieve a maximum of 50 points and that's been enough to survive in League One in each of the last three seasons.

Victories in our three remaining games against Swindon, Leyton Orient (A) and Gillingham (H) would almost certainly guarantee survival – but make no mistake, that's a very tall order.

Just like last season, the drama looks set to go to the final day with at least half-a-dozen clubs still involved in the battle to avoid the drop into League Two. Stockport County are already relegated and will be joined by another three teams from a list that seems likely to include Hartlepool, Oldham, Yeovil, Leyton Orient, Gillingham, Exeter, Tranmere, Wycombe and Southend.

The permutations are endless and I'm sure everyone has been

doing the sums, trying to work out who'll go down and who'll stay up, so here's a list of the remaining fixtures for those teams not yet out of danger:

HARTLEPOOL

15th with 51pts (goal difference -6).
To play: Walsall (A), Exeter (H), Brentford (A).

OLDHAM

16th with 51pts (GD-13).
To play: Southend (H), Yeovil (A), Charlton (H).

YEovil

17th with 49pts (GD-6).
To play: Brentford (A), Oldham (H), Brighton (A).

LEYTON ORIENT

18th with 48pts (GD-10).
To play: Millwall (A), Wycombe (H), Colchester (A).

GILLINGHAM

19th with 47pts (GD-12).
To play: Norwich (A), Southampton (H), Wycombe (A).

EXETER

20th with 46pts (GD-13).
To play: Charlton (H), Hartlepool (A), Huddersfield (H).

TRANMERE

21st with 44pts (GD-32).
To play: Colchester (A), Millwall (H), Stockport (A).

WYCOMBE

22nd with 41pts (GD-21).

To play: Swindon (H), Leyton Orient (A), Gillingham (H).

SOUTHEND

23rd with 39pts (GD-20).

To play: Oldham (A), Stockport (H), Southampton (A).

STOCKPORT

24th, relegated.

So, is the Great Escape possible – why not? We've won the last three games, who's to say that we can't win the next three?

Those who attended the players' kit sponsors event at Adams Park on Tuesday night – a splendid evening, by the way – will have heard Gary Waddock say that he's confident we'll stay up.

First team stars Gareth Ainsworth, Matty Bloomfield and Tom Heaton were all bullish in their approach to the remaining fixtures, which the manager has described as 'three cup finals'.

You – the fans – can play a vital part in what's certain to be an exciting finale to the season. The support at Milton Keynes was magnificent and all the players were talking about it in the dressing room afterwards. We need more of the same today and in the games against Leyton Orient and Gillingham. Let's get this place rocking, as Gareth Ainsworth would say.

Keep the faith – it's not over yet!

Wanderers celebrate their third win on the bounce at stadiummk on Saturday

ALEX THE GREAT

BEN CAMPBELL TALKS TO IN-FORM FRONTMAN ALEX REVELL

If anyone deserves some success it's Alex Revell.

A broken leg at the beginning of 2009 halted the striker's progress at Southend United before today's visitors Swindon Town opted against making his loan move permanent following the rise of lethal front pairing Billy Paynter and Charlie Austin.

But 'Revs', who is on an emergency loan from Southend until Saturday 1st May, has worked hard to regain his match fitness and now the Wanderers are reaping the rewards.

Four goals and three magnificent performances in a week - which have seen Gary Waddock's side pick up nine points in their battle for survival - have catapulted the 26-year-old into the limelight.

"It's been a great week, not just for me personally but for the team as a whole because we've given ourselves a chance to stay in League One," Revell told the 'Quarters'.

"Obviously it was nice to get the goals, but it's about everyone working hard and trying to keep the club in the division we deserve to be in.

"Personally, it's been a difficult year after breaking my leg in January and things not working out at Southend. Things have gone against me recently, but now that I've come here to Wycombe I feel like that is changing.

"I feel I'm getting my fitness back to where it needs to be. It's taken a long time, but it does when you are recovering from a serious injury. No one was more frustrated than me at not being at the level I wanted to be, but I feel like I'm there now."

Following a bright beginning to his Wycombe career, Revell hadn't

12

The 26-year-old is mobbed by his team-mates after scoring his second at stadiummk

Revell spent four months on loan at Swindon earlier in the season

started for seven games prior to the Blues' 2-0 home win over Hartlepool when he picked up the man-of-the-match award and high praise from both Gary Waddock and his teammates for what was arguably the best individual display by a Wanderers player this season.

Wycombe's number 11 revealed that his omission from the side, following a lacklustre performance at Stockport, was what he needed to regain "the bit between my teeth".

He said: "I scored on my debut at Bristol Rovers and really enjoyed it. For a few games I thought I was doing well, with goals the only thing missing. But the first half against Stockport was where I let myself down.

"I'm the first to admit that I had a couple of weeks where I wasn't at it following that game. It knocked me if I'm being honest, but I got my head down and luckily I got my chance to return against Hartlepool. What I had lost was that bit between my teeth and I probably needed to come out of the team.

"Before this week I probably hadn't done enough to prove to people that I

wanted to be here, but hopefully now they know what I'm about. However, it doesn't stop there. I said after both the Hartlepool and Tranmere games that I've got to prove to people I can keep going.

"Consistency is something I have really struggled with throughout my career, but this week I've done it and now the challenge is to carry it on."

And there would be no better time for Revell to continue his fine form than this afternoon when he goes head-to-head with the side he played a dozen games for earlier this season.

"I scored two goals for Swindon, but I was in and out of the team because I was trying to get my fitness back," he recalled. "Luckily for me, Danny Wilson gave me my chance to go there and I really enjoyed it. They're a good group of lads and they have some very good players who can unlock you at any time - that's why they're in the top four.

"They've got two boys up front who can't stop scoring, midfielders who produce goals and a defence that's kept a lot of clean sheets.

"Obviously it's nice to play against a former club and I enjoyed my time

there, but sometimes it's just not meant to be. Towards the end of my time at Swindon, Bill (Paynter) and Charlie (Austin) started scoring and sometimes you have to hold your hands up and say 'they're playing better'. That's football, you move on and now I'm really enjoying it here at Wycombe. I just hope that I can pick up from where I left off against MK last Saturday."

Today will be Revell's penultimate outing of the season in the famous blue quarters with his 93-day loan from parent club Southend ending after next Saturday's trip to Leyton Orient.

However, with the Cambridge-born striker's contract at Roots Hall expiring in the summer, we may get to see more of him.

He said: "I've got two games left to prove that I want to be here. We'll see what happens come the end of the season. I like what the gaffer has done and maybe something could come about. However, my main aim isn't to get a contract for myself, it's about helping keep this club in League One."

It's all about the goals

Now more than ever it requires great teamwork to achieve results. Bucks New University is proud to partner with Wycombe Wanderers and to support them in reaching their goals for the remainder of the season.

LOCAL BOY MATT PHILLIPS EYES FURTHER PROGRESS

Not many young players are dealt such a favourable hand as Wanderers' Matt Phillips, who at the age of 19 is already one of the strongest and quickest wingers in League One.

Phillips' turn of pace, paired with strength beyond his years, has enhanced his status on the football circuit.

A product of Richard Dobson's prestigious U18s side, 'Matty' can well and truly be described as a local boy living the dream, with 78 first team appearances to his name already.

A Chairboy since the age of eight, Matty relishes in the role of local hero. "Playing for your local club is massive," stressed Phillips. "A lot of people in Aylesbury know about Wycombe and I take a lot from that. People will often talk to my parents or ask me about how Wycombe are doing - it's good."

Despite regular involvement with the first team, Matt realises there is much to learn if he is to reach his full potential: "There are a lot of first team players with experience. You've got (Kevin) Betsy, Gaz (Ainsworth), Chris Westwood, even lads like John Mousinho and (Craig) Woody. All of them give me information and tell me what I can add to my game, so that I keep on improving."

"I'm happy but obviously I would like to add more goals to my game. I'm just looking to do the right things, keep creating and keep trying to change the game for the team."

After flying onto the scene last season, Phillips has started 17 first team games this campaign, featuring from the bench a further 16 times. However, this healthy involvement has not satisfied the young starlet's desire.

Phillips said: "The only downfall this season is that I haven't started as many games as I would have liked, but I still feel part of the team and I am still improving as a player. I want to play at the highest level and be known as a good player."

Recent games have seen the winger thrown into the fray as a substitute, where his direct approach has had an instant impact on tiring defensive limbs. Outstanding performances against Hartlepool (capped with a stunning solo goal), Tranmere and MK Dons have cemented the winger's ability to play in the important games.

"Leeds was an especially good game to play in," beamed Phillips. "I didn't get to play against them at Elland Road, but it has been good to mix with the likes of Norwich and Charlton this season."

Matt and the team's timely upturn in form may have come as a shock to outsiders, but success in the last three games have made today's showdown with Swindon at Adams Park one of the most interesting fixtures of the weekend.

Matty said: "We've played really well in our last three games; I don't think many people would have expected us to beat MK Dons but we went and showed them what a good team we are. Now we need to go and do the business against Swindon."

You have to go back to September 2008 to find the last time the Blues won four league matches on the bounce, when Peter Taylor's side beat Rochdale 1-0 at Spotland. Matty Phillips may struggle to remember this fixture, but victory today will take some forgetting.

Callum Medcraft

Phillips has made 78 appearances for the Blues, the first of which came away at Notts County in April 2008

NOSTALGIA, FEAST OF LOCAL FOOTBALL AND BAD PLAY-OFF MEMORIES

Wonderful evening the other Thursday in front of a healthy crowd, full of nostalgia, with both "old boys" sides showing us exactly what we enjoyed for so many years and what we have missed ever since.

The occasion was to remember ex-manager Mike Keen, whose son Kevin was instrumental in pulling the whole thing together which was far from easy, with of course Keith Scott doing the organising for the Wanderers Legends.

The game was the first of a host of end of the season fixtures to be played at Adams Park, all the others being after the curtain is brought down on the season after the Gillingham match on Saturday 8th May.

We have: The Wycombe Sunday Combination game on Sunday 9th May, Wycombe and District

Combination on Friday 14th May, Chiltern Churches League on Tuesday 18th May and the Wycombe Senior Cup on Wednesday 19th May.

A veritable feast of local football and all well worth a look, particularly the Senior Cup Final which has been contested since 1884, one of the oldest competitions in the South of England... standing at the venerable age of 126 years.

We also host the Premier League/Football League exit trials on 11th May and an assortment of Community games, throw in a couple of rugby matches, together with the community and corporate six-a-sides, to give a busy end of the season schedule for our excellent groundsman.

Keep your eye on the official website and in the Bucks Free Press for confirmation of kick-off

times, certainly if the weather is good these games can be a joy, at the end of a long hard season.

Then on the 24th May, it all comes up and is replaced, with the playing surface back to its pristine best in time for the pre-season matches and of course the big kick-off, which this season is Saturday 7th August.

Big game today, with almost local rivals Swindon Town in the thick of a real battle for automatic promotion and almost guaranteed a place in the League One play-offs.

Talking of play-offs, I was chatting to my very good friend the Oxford United secretary the other day and we both agreed that if you could guarantee victory, winning a play-off final at Wembley really was the way to go up for excitement and financial reward.

Not that they or anyone else wants to go through all that, automatic has to be the way to go up... but imagine Oxford United v Luton Town at Wembley, with the prize a coveted return to The Football League, in front of possibly over 60,000 fans.

Great if you win, but having suffered two play-off semi-final heartbreaks, I would take scraping up with a one goal difference and I will never forget the trips back from Cheltenham Town, not to mention Stockport County.

But of course the older ones amongst us will remember winning a play-off final of our own at Wembley in 1994, great memories with one of the all time great goals... but whisper it to Gareth Ainsworth, who played for Preston North End that day!

Enjoy the game,
Keith Allen.

COCA-COLA LEAGUE ONE

What a difference a week makes! Nine points in seven days has given us a precious lifeline in a relegation battle that's set to go down to the final day of the season.

Last Saturday saw the Chairboys return from MK Dons with three points after another excellent performance that once again

featured a delectable double from Alex Revell.

However, a special mention must go to winger Kevin Betsy, who caused the Dons endless problems all afternoon before sealing the points for his team with an injury time winner.

"Words can't really describe how I felt," said Betsy after his late goal. "Scoring is such a great feeling, but when you add the fact that you're playing against your local rivals and you're in a relegation dog fight, it's even better.

"The last two or three weeks have been

fantastic. You just hope that we can keep emulating these performances and give ourselves a chance to survive."

Blues chief Gary Waddock was quick to compliment Betsy's performance: "I thought he was outstanding – and that goes for the last few weeks. He loves this club and it was nice for him to get an injury time winner in a derby game."

Waddock named an unchanged XI from Tuesday's 3-0 triumph at Tranmere, meaning Revell and Jon-Paul Pittman continued up front while Lewis Hunt lengthened his stint at centre back.

A superb contingent of Wycombe fans were in attendance with over 1,300 making the trip to the Dons. The travelling supporters were in full voice after 29 minutes when Revell deftly side-footed Kevin Betsy's pass into the far corner of Willy Gueret's net.

A late Aaron Wilbraham goal meant the teams went in level at half time, but the Betsy/Revell combination came into play again on 64 minutes to restore the visitors' lead.

Wilbraham equalised again on 75 minutes, only the second goal the Chairboys had conceded in the last three games. With the contest poised at 2-2, Waddock's men pushed forward and created a host of excellent chances including efforts from substitute Stuart Beavon.

As the game entered stoppage time, Wanderers pushed forward leading to a chaotic series of events inside the Dons' penalty area. The ball finally fell to Betsy, who wheeled

away in delight after seeing his deflected shot nestling in the net.

As the referee blew for full time, none of the Wycombe players could hide their jubilation after such a dramatic win, including stand-in skipper Gareth Ainsworth: "To come here and win in the last minute – which I think we deserved – was absolutely fantastic. Kevin Betsy's the hero of Buckinghamshire tonight!"

"This is a new Wycombe now. All 25 squad members know that if you want to be involved, you have to fight, scrap and give every last ounce of energy to be in Gary Waddock's team."

The Dons' squad may have been unsettled by the resignation of manager Paul Ince just 24 hours before the game, but they can't offer that as an excuse. They were also strengthened by the return of Wilbraham and former Wanderer David McCracken.

You can take nothing away from the Chairboys' victory as the Dons were defeated for the third time in five games. Let's hope that our recent momentum is taken into today's clash with Swindon Town as both clubs look for the win that could prove pivotal for very different reasons.

Said Ainsworth: "I'm not going to say too much about what we've done or what we need to do, but Swindon won't relish coming to Adams Park, which is becoming a real fortress for us. If we keep playing like we have been until the end of the season, we've got a great chance."

'SCOTTY' SPEAKS

MATT CECIL CHATS TO FORMER WYCOMBE AND SWINDON FORWARD KEITH SCOTT

It's been eleven years since Keith Scott waved goodbye to Adams Park following his second spell with the club, but after returning to the home of his 'biggest joy' for last week's charity match, the legendary striker felt like he'd never been away.

'Scotty' had been due to take charge of the Wycombe Wanderers Legends for Thursday's Mike Keen Charity Cup tie, but a re-arranged fixture for his Windsor & Eton side meant he was busy masterminding a crucial 1-0 victory at Uxbridge in their bid for the Zambardo Division One South & West title, some five levels below Wycombe in the footballing pyramid.

However, the 42-year-old dashed up the M40 to join his old friends and team-mates after the final whistle, and told 'Quarters' this week that

the reunion was a special occasion for everyone involved:

"We got on really well in our time here and when we met up again on Thursday, we had the same enjoyment that we had all those years ago," he reflected. "It's that kind of spirit which is the reason we were so successful, and it was all down to the manager. Martin O'Neill assembled a group of lads who were young, hungry and had desire, and it was my biggest joy as a player to be part of the squad which won promotion to the Football League."

Keith's move to Adams Park from Lincoln City in 1991 undoubtedly kick-started his playing career as he hit 54 goals in three years with the Blues, as well as helping the club to two FA Trophy finals at Wembley and the historic promotion from the

Conference in 1993, and so it was no surprise when a bigger club came knocking.

That club happened to be Swindon Town, a Premier League side under the management of John Gorman. Despite having strong emotional ties to the Blues, 'Scotty' admits it was a move he couldn't turn down:

"Everyone wants to play at the top level and when opportunities like that come up, you don't even have to think about it. You want to play against the best players and I would have played for £10 a week in the Premier League – it was a no-brainer."

But despite scoring two goals in his first two games in the top flight, 'Scotty' was forced to suffer the disappointment of relegation in his debut campaign:

"We had some very good players who went on to have long and successful careers, but a lot of that team were naïve and you get punished for that at the top level. Nevertheless, I had a fantastic time and it was a great learning curve for me – nobody has had a bigger influence on my career than John Gorman and Martin O'Neill."

After leaving the County Ground in 1994, the striker went on to play for 14 different clubs, including another two-year spell at Adams Park, and now combines his managerial role at Windsor & Eton with a job as a business development manager for an office refurbishment company.

And 'Scotty' hopes that winning the title with the Royalists this season might help him follow in the footsteps of Gorman and O'Neill by managing in the Football League:

"I love the game and of course I harbour ambitions of one day managing in the league. If it happens, then that would be great, but if it doesn't, I'm just happy to manage at a club where they've got a real chance of being successful."

A prolific three-year spell at Adams Park earned the striker his move to Swindon

VETERAN WANDERERS

KEITH RYAN

What price must Wycombe have paid for a player who served them for 17 years and made over 500 appearances? Well, in the case of Keith Ryan a new set of playing strip was all it took. The midfielder – nicknamed Rhino – arrived at Adams Park in the summer of 1990 after impressing Martin O'Neill in a training session. Out of contract at Berkhamsted Town, the Blues generously purchased the shirts, shorts and socks for The Lilywhites as compensation for Ryan. But the deal must go down as one of the best value for money transfers.

"I was a teenager playing for Berkhamsted in the Ryman League," he explained. "The club had been tipped off about my cousin Steve Whitby and one or two others, but I wasn't one of them. Steve was invited to train and I drove him up and asked the reserve team coach Jim Melvin for a trial. They gave me a go." The rest is history...

Making his debut in the friendly against Nottingham Forest that opened Adams Park, Ryan went on to become a permanent fixture in the club's midfield, and every other position aside from goalkeeper. Along with Jason Cousins, he featured in all four of Wycombe's proudest moments of the modern era – the two FA Trophy Finals, Play-off Final and FA Cup semi-final against Liverpool.

Also a member of the first Blues side to play in the Football League, that day is one that lives long in Keith's memory. "I was so proud and privileged to be a part of such an historic occasion, it was a shock to the system to play against a team with full-time players as until then we had only been part-timers," recalled the one-time carpet-fitter.

Late in his career injuries began to take their toll and – combined with an earlier injury that ruled him out of the 1996-97 campaign – he was prevented from racking up an even more impressive tally of appearances. He also scored 50 goals, none more memorable than

his late strike against Liverpool at Villa Park in the FA Cup semi.

When the decision finally came to hang up his boots in 2006, after 16 years as a Chairboy, he still was not ready to cut his ties with the club and went on to serve as assistant manager to both John Gorman and Paul Lambert. Eventually leaving Wycombe in 2007, he is presently in charge of Queens Park Rangers' reserve team – where one of his regular players is former Blues' loan signing Angelo Balanta. Needless to say whenever Rhino returns 'home' he is met with a rapturous welcome from the Blues' fans.

Keith Ryan (fifth from the left, back row) was at the centre of every Wycombe triumph from the 1991 FA Trophy win at Wembley to the epic FA Cup semi-final run in 2001. In all, Rhino played 517 times to finish fourth on the Blues' all-time list

EX-PLAYERS ASSOCIATION

At each major Saturday home fixture through the season, a selection of former stars will be guests of the club, performing duties around the ground and meeting fans. **Steve Wilson** profiles the Ex-Players Association members invited by Association Chairman and former Blues Media Manager Alan Hutchinson for today's clash.

ANDY HARMAN

Andy Harman joined Wycombe as a 17-year-old in 1981 after being spotted playing locally for Holmer Green. During five seasons he played 88 games and netted one goal from midfield. Starting as a squad player, he found his feet to step up from local football to the top of the amateur game. "The pace meant you really had to keep your fitness up. It took a while to get up to speed. The pitch at Loakes Park wasn't too hard to adapt to, you just had to make sure when you were down at the bottom to give the ball enough to get it to the top."

Harman's time at Wycombe was largely spent under the tutelage

of Mike Keen, recently honoured at Adams Park with a charity game. "He was a manager with a philosophy of just letting us go out and enjoy our football and I made a lot of good friends at the club during my time here."

After leaving Wycombe in 1986 he joined Marlow and went on to play over 300 games for them - actually beating the Chairboys with his new club in the 1991 Berks & Bucks Cup Final. Outside of football he runs several businesses involved in Telecoms and IT. "I have been invited down to Adams Park several times by sponsors through business and still have a very close affection for Wycombe."

Andy Harman enjoyed five seasons at Wycombe in the 1980s

JOHN DELANEY

Slough-born Delaney had two spells at the club and made 228 appearances, scoring an incredible 65 goals. Not bad when you consider his position was centre-back.

Joining in 1969 he skippered Brian Lee's side to two Isthmian League titles and also won 17 caps for the England Amateurs. However, the thing that many remember him for is coming back to Loakes Park as an opponent during the famous 1974-75 FA Cup run, following his move to Football League club Bournemouth.

"I didn't enjoy that game one little bit," he recalls of the 0-0 draw that preceded a Blues win in the replay

at Dean Court. "I didn't really want to play against Wycombe but, of course, I had to. I wasn't too disappointed in the end when we lost the replay."

One of his teammates during his time with Bournemouth was current Tottenham Hotspur boss Harry Redknapp. "He was always with Jimmy Gabriel talking about the game and it was clear even back then that the pair of them had intentions of getting involved in coaching."

In 1975, Delaney returned to Loakes Park as a player and etched his name in the history books by scoring in the Anglo-Italian Cup Final against Monza. "That was our best night when we won that trophy.

We had lost 1-0 over in Italy but managed to turn it around, it was a great achievement."

After leaving Wycombe he had spells at Hayes, Tring Town and Oxford City before calling time on his playing career.

Outside of football he worked in the aviation industry but is now retired and is enjoying playing golf and having the chance to follow the Blues again. "Work made it hard to get to games but I am starting to get back into it now and have been down a few times recently. If the players can get the fans behind them they can give anyone a real go because this crowd at Wycombe is the greatest I have heard anywhere."

VINCE FAULKNER

Vince Faulkner made 167 appearances for the club in the 1960s and is making his second Ex-Player's Association appearance this season. For his full biography please see the Milton Keynes Dons programme.

CENTRE OF EXCELLENCE UPDATE

DAVE GEORGE'S END OF SEASON REVIEW

As the schoolboy programme at the club's Centre of Excellence comes to a close for another season, now is a good time to reflect on our overall performance as a youth department.

Our under-16s have recorded a list of impressive performances and results despite their small squad and a steady stream of trialists. I'm also delighted to say that Ollie Taylor, Max Kretzschmar, Ollie Duffy and Matt Ingram have all accepted apprenticeships with the club.

Meanwhile, the under-14s have continued their form since the Christmas break and have made good progress under Kevin Hill.

Our under-12s and 13s have been the least successful age groups in terms of results but both Paul Day-Haynes and Matt Stannard (respective coaches) have worked tirelessly in aiding the players' development.

Despite having problems with injuries for long periods of the campaign, the under-11s have shown a resolute attitude which bodes very well for the future.

Although the 'jewel in the crown' has been our two youngest age groups. Our under-10s lost only their second game of the season to West Ham last Saturday in an excellent game of football. Previously they had beaten the likes of Coventry and Fulham. However, they have been surpassed by the under 9s, coached by Sam Grace and Tommy Laxton, who up until now have only lost once all season, coming at the hands of Fulham when their numbers were depleted by players on holiday.

The highlight of 2009/2010 season was the trip to Cobham - Chelsea's Academy - where they achieved possibly their best win of the season. Although development, not results, is the main objective of the Centre of Excellence they can be a useful tool to monitor where we are in relation to where we want to be.

It is imperative for further improvement that the quality of recruitment is maintained. We have already started to shape our under-9s squad for the 2010/11 season and currently have 12

very good under-7s training with us who will all be developed the 'Wycombe way'.

Other news includes Ollie Morah, our Centre of Excellence manager, gaining his UEFA 'A' licence and the inclusion of Futsal as part of our player development programme. During the mid-season break Futsal was introduced to the under-9s and 10s and it's proved to be an immediate hit with the boys and staff alike. Six members of staff have completed their Level 1 in coaching Futsal and it is planned to be introduced as part of the curriculum from under-9s to under-13s.

At the Centre of Excellence we are constantly seeking ways that we can improve and we will never rest on our laurels, so watch this space.

Enjoy the game,

Dave George,
Technical development officer.

Wycombe Wanderers Under 13s have made good progress in terms of player development this season

THE WANDERERS COMMUNITY

Today we would like to welcome our four finalists from both the girls U13s and boys U11s Community Cup to Adams Park.

An impressive 30 teams entered the girls U13s tournament, which was held at Cressex Astroturf on Wednesday 27th January. A closely contested final featured Beaconsfield School and Charter's School, with Beaconsfield eventually running out 2-0 winners.

The boys U11s tournament consisted of 80 teams, meaning the competition was held over four days during March. The cup included numerous exciting

fixtures, with the standard of football on show a sight to behold for such a young group of players.

Gateway School ran out narrow winners in the Wycombe final round-robin, two clear points ahead of runners up Bedgrove Junior School.

They will now represent Wycombe Wanderers in the southern final, to be held at Leyton Orient FC, with the winners set to play at Wembley Stadium prior to the League One play-off final.

With Whitsun half-term fast approaching, don't forget to book your

kids on one of the club's Community Trust courses. We will be running sessions in the Maidenhead, Windsor, Henley, South Bucks and High Wycombe areas.

Woodley Town Kestrels U7s and U8s were the last team to test the keeper from 12 yards when the Wanderers entertained Hartlepool at Adams Park. Today's half-time entertainment will be provided by Widmer End U11s.

Enjoy the game and have a safe journey home.

Alan Dunham,
Community Trust Assistant Manager.

THE PUNDIT

MATT CECIL WELCOMES TODAY'S VISITORS

Danny Wilson's Robins rock into Adams Park this afternoon looking to end a mini slump in form and mount the pressure on their promotion rivals as they bid to cap an extraordinary season with automatic promotion.

It's been somewhat of a fairytale year for fans of the Wiltshire club, who may not have expected to fare better than the 15th placed finish they earned last season, winning just twelve times all year.

But in Wilson, they have a manager who knows everything about this level of football, and having previously won promotion from the Championship and League Two, the Lancastrian has high hopes of making it a perfect hat trick this year.

And the ex-Barnsley and Hartlepool boss has done a fantastic job of steering the Robins towards the top two following an indifferent start to the year which left them 11th after 14 games. At that point, the arrival of a certain Charlie Austin coincided with a run of five straight league wins, and the Robins have never looked back.

Austin's rise from being a part time backlayer to one of the country's brightest young talents is an example of football's more romantic side, and the former Poole Town hotshot's partnership with the experienced Billy Paynter has resulted in 44 goals being scored between them.

To put that in context, that's ten more goals than the whole of Stockport County have scored all season – a phenomenal achievement by two players who will have earned their place in the Championship if the Robins can achieve promotion this year.

But it would be unfair to attribute Town's success simply to the predatory instincts of their attack. Winger Jon-Paul McGovern has contributed a staggering 16 assists for his team-mates throughout the campaign, while the midfield industry of fans' favourites Jonathan Douglas and Simon Ferry have made the Robins an incredibly tough team to break down.

Wilson may be slightly disappointed that his side have conceded more goals than anyone else in the top five, and as a result, have an inferior goal difference to their immediate promotion rivals, but his defence have tightened up in recent weeks and kept five clean sheets in their last nine outings.

So what chance have the Robins got of ending the season with automatic promotion? Well, to coin a cliché, anything could happen, given that Charlton and Leeds come head-to-head next week before Swindon travel to Millwall on the final weekend of the season. If Leeds drop any points between now and the end of the campaign, the Robins' fate lies in their own hands, and three wins out of three would most likely carry them into the Championship.

That means they'll have to win here this afternoon, and with Wycombe needing a victory to continue this astonishing late battle for survival, this could be a game to savour.

MANAGER: DANNY WILSON

Born in Wigan, Wilson's playing career started locally with Bury before he moved on to make over 100 appearances for three different clubs – Chesterfield, Brighton and Luton. It was with the Hatters that the midfielder achieved League Cup success in 1988 before winning the same trophy three years later with new club Sheffield Wednesday.

Capped 24 times by Northern Ireland, Wilson took the role of player-manager at Barnsley in 1994, and guided the Tykes promotion to the top flight before taking over at Sheffield Wednesday in 1998, but an unsuccessful two years saw him leave at take the reins at Bristol City in 2000.

City came close to promotion in four consecutive seasons but never quite managed it, and so Wilson moved to the newly-formed MK Dons in 2004, before switching to Hartlepool two years later.

Now 50, Wilson guided the Pools into League One in his first season in charge, and left in 2008, before being appointed manager at Swindon in December that year.

Swindon have won 31 of the 74 matches with Wilson at the helm – a win record of 42%.

BETWEEN THE STICKS

With Robins' manager Danny Wilson plotting an escape route out of League One this season, he need look no further than the club's very own instruction manual **David Lucas**, who has tasted promotion before with Sheffield Wednesday in 2005.

Lucas started out at Preston and during the 1998-1999 season he was a regular fixture in the side that were narrowly defeated 2-1 on aggregate by Gillingham in the League One play-off semi-finals. Lucas made a total of 123 appearances for Preston in ten seasons with the club, in which time he was capped a total of four times by England at Under-20 and Under-21 level. He had also enjoyed loan spells at Darlington, Scunthorpe and Sheffield Wednesday respectively. He must have made a lasting impression with the latter as they bought him for £100,000 in June 2004. In his debut season, Lucas inspired the Owls to a 4-2 win over Hartlepool in the League One play-off final. However, after a series of injuries he joined Championship rivals Barnsley on a free transfer in January 2007. After only three appearances for the Tykes, Lucas moved to Leeds on a free transfer just eight months later. He helped United achieve a fourth place finish in League One during the 2008-2009 campaign, although he didn't feature in either leg of the club's play-off semi-final encounter with Millwall.

Lucas, 32, linked up with fellow League One side Swindon in July 2009 on a free transfer.

In reserve is former Robins number one **Phil Smith**, 30.

IN DEFENCE

Right-back **Stephen Darby**, 21, is on a season-long loan from Liverpool; a club he has been with since the age of eight.

Darby captained Liverpool in the first of their successive FA Youth Cup victories in 2006 when they beat Manchester City 3-2. After representing England Under 19s twice in 2007, he skippered Liverpool reserves to a 3-0 win over Mexican side Tigres in the 2008 Dallas Cup and two months later he lifted the National Reserve League trophy after defeating Aston Villa 3-0. At the end of the 2007-2008 season, former Liverpool and Wycombe defender Gary Ablett labelled Darby as "Mr Consistency". Having trained with Liverpool's first team for two years, he dined at world football's top table in October 2008 when he made his senior bow in a 1-1 Uefa Champions League draw with Atlético Madrid. At the end of the 2008-2009 season, Darby won the Ian Frodsham Young Player of the Year award.

After five more appearances for the Reds, two of which came in European encounters, Darby linked up with Swindon manager Danny Wilson in March 2010.

Similarly attack-minded left back **Alan Sheehan**, 23, will be looking to draw upon all the experience that he has gained from playing for Republic of Ireland's Under-21s five times today.

Captain **Gordon Greer**, 29, was

bought by Blackburn for a reported £250,000 in May 2001 from Scottish Premier League (SPL) side Clyde – the club where he started his career. Alongside him should be the equally commanding **Scott Cuthbert**, 22, who came through the ranks at Celtic – captaining their Under-19s and reserves – before he joined Swindon last summer for an undisclosed fee. Cuthbert skippered Scotland Under-19s to a second place finish in the 2006 Uefa Under-19 Championships, after narrowly losing 2-1 to Spain.

Swindon have Haiti international **Lescinel Jean-François**, 23, and **Kevin Amankwaah**, 27, in the form of back-up. Amankwaah's mother, Rose, represented Ghana in the 1974 Commonwealth Games and she picked up a bronze medal in the 4 x 100m relay.

IN MIDFIELD

Creative force **Jon-Paul McGovern**, 29, has unlocked the League One defensive door 16 times this season.

The first club to identify McGovern's talent was none less than Scottish giants Celtic, whom he signed for at the age of 18. In August 2002 he moved on loan to Sheffield United where he made 15 Championship appearances, scoring three goals. After three years with the Bhoys, McGovern signed for SPL side Livingston in July 2003 on a free transfer. In his debut season he helped the club win the Scottish League Cup after a 2-0 win over Hibernian. It was Sheffield calling for McGovern in June 2004 but he joined Wednesday, not United, on a free transfer in June 2004. In his

maiden season he continued his love affair with the South Yorkshire city by netting eight goals, one of which came in their 4-2 win over Hartlepool in the League One play-off final. He was snapped up by MK Dons on a free transfer in July 2006. In his one and only season with the Dons he scored three times and delivered seven assists in 52 appearances for the then League Two club, in a season in which they lost 2-1 on aggregate to Shrewsbury in the play-off semi-finals.

In August 2007, McGovern was signed by Swindon for an undisclosed fee.

On the left is expected to be on-loan Bolton forward **Danny Ward**, 18, who made two appearances for the Trotters in the Premier League against Sunderland and Hull respectively in August 2009. Feathering the nest for the Robins should be box-to-box midfielder **Jonathan Douglas**, 28, and on-loan Celtic holding midfielder **Simon Ferry**, 22. Douglas started his career with Blackburn, where he went on to make 16 first team appearances, and he has collected eight Republic of Ireland caps. Ferry, whose name sake Bryan fronted the rock band Roxy Music that produced the album *Stranded*, will be hoping to create a similar feeling amongst the Wycombe players this afternoon. Ferry collected a runners-up medal in the 2006 Uefa Under-19 Championships along with Swindon team-mate Cuthbert.

Other options include central-midfielder **Craig Easton**, 31, who has represented Scotland Under 21s 22 times, along with

UP FRONT

In 1966 many people believed Batman and Robin to be the ultimate dynamic duo. In 2010, Swindon fans may be forgiven for believing that **Billy Paynter**, 25, and **Charlie Austin**, 20, are the latest 'caped crusader' and 'boy wonder' to hit League One city after they have scored a total of 41 goals between them this season.

Paynter joined Port Vale as a 15-year-old and he made his debut in a 2-0 home defeat to Walsall in May 2001. At the age of 16 years and 294 days he became the youngest player to represent the club in 20 years, and his debut goal for the Stoke-on-Trent club in a 3-2 victory over Notts County in September 2002 made Paynter the club's youngest ever scorer for 24 years. However, it wasn't until the 2003-2004 season when his name became hot on everybody's lips after he bagged 14 League One goals. Another 13 strikes in the following season was enough to secure the Valiants' Player of the Season award. Paynter's good form didn't escape the notice of Championship club Hull, who signed the Liverpoolian on loan in November 2005. He did enough to earn a permanent

contract with the Tigers, moving on a free transfer just two months later. Come the start of the 2006-2007 season, however, Paynter was pulling on the blue shirt of Championship rivals Southend after they splashed out £200,000 to secure the mercurial striker's services. A loan move to League One Bradford in February 2007 completed a whirlwind 15 months for the forward and he netted four times.

In August 2007, Paynter signed for Swindon for an undisclosed fee. On average he attempts a shot every three minutes and scores a goal every two games this season, having seen his name on the scoresheet 22 times in League One this term.

From concrete bricks to the County Ground, 20-year-old Charlie Austin's meteoric rise from non-league football to League One is somewhat of a fairytale. Whilst working as a bricklayer Austin bagged 46 goals in as many matches for semi-professional Poole Town during the 2008-2009 season, before they sold their prized asset for a reported club record transfer fee of £700,000 to Swindon last summer. Having netted 19 times this season, Robins fans will be hoping that today ends happily ever after come ten to five.

THE ROBINS ARE BACK IN TOWN

OLD BOY RETURNS IN STYLE

Wycombe 1 Swindon 2
March 2nd 1996 (6,457)

This was the first competitive meeting here – the Robins having been relegated from Division One the previous May. Steve McMahon's side arrived at Adams Park as league leaders with just three defeats in 29 league outings. Alan Smith's Chairboys, who had done well to draw 0-0 at the County Ground on Boxing Day, were in mid-table.

Included in Swindon's line-up was left-sided midfielder Ty Gooden who had been on the Wycombe payroll for two seasons in the early 90s. He made his mark as early as the third minute when he fired past Ben Roberts from 20 yards. 15 minutes later Swindon doubled their advantage. Wayne Allison set up Peter Thorne who clipped the ball over Roberts. The Robins controlled the rest of the half with the Chairboys struggling to make inroads.

Swindon continued to press with Thorne firing over and then Allison's header forcing a good save from Roberts. However, in the 59th minute Wycombe were back in the contest. Dave Carroll headed Mickey Bell's cross into

Peter Thorne closely attended by Jason Cousins

Miquel Desouza's path and the striker beat Frank Talia with a low shot. From then on it was nearly all Wycombe with Mickey Bell constantly causing problems. Desouza was put through by John Williams but Talia reacted quickly to block with his feet. Late on both Bell and Williams went close, however, the Robins held on for their ninth away win of the season.

The Robins lost just one more league fixture in their last 16 outings, finishing worthy champions nine points clear of runners up Oxford United. The Chairboys finished in a comfortable 12th place.

ADAMS ARRIVES AT WYCOMBE

Wycombe 4 Swindon 1
November 8th 2003 (4,738)

Just seven days earlier Wycombe had lost 2-0 at The County Ground but attention now turned to the FA Cup. The Chairboys were currently under caretaker boss John Gorman but before kick-off paraded new manager Tony Adams. With just two league wins to date the Chairboys were bottom of Division Two, whilst the Robins, under Andy King, were sitting in 10th place.

Adams watched a generally scrappy first half from the Directors' Box. Darren Currie, Dannie Bulman and Keith Ryan all spurned opportunities and Swindon almost scored on 31 minutes. Talia misjudged a cross and was relieved to see Brian Howard's low shot hit the post. On the stroke of half-time Wycombe took the lead when former Swindon defender Andy Thomson headed home Currie's corner.

With Adams now alongside Gorman in the dugout, Wycombe took control in the second period.

In the 65th minute Currie curled a sublime free-kick past a bemused Rhys Evans. Three minutes later it was almost 3-0, Stuart Roberts' low shot going narrowly wide. Instead the lead was halved when Andy Gurney converted a penalty after former Wanderer Sam Parkin was fouled by Michael Simpson. This set up an exciting finale. Swindon pushed bodies forward but were caught out in the 84th minute. Bulman's shot was parried by Evans and Currie finished from close range. Four minutes later Jermaine McSparran capped a great day for Wycombe when he smashed the ball home after being sent away by Charlie Mapes.

However, Adams proved to be no miracle man. The Chairboys went out in the next round in a replay at Mansfield and finished rock bottom in Division Two. The Robins finished 5th but lost out on penalties against Brighton in their play-off semi-final.

OTHER MEETINGS – AT A GLANCE

Swindon have never lost a league fixture here. Apart from the 2-1 win in 1995/96, they triumphed 3-2 in 2002/03 and 3-0 in 2003/04. The other three league meetings

Roger Johnson and Tommy Mooney

here were drawn. Wycombe have fared better in cup competitions. In addition to the 2003 FA Cup victory, they defeated Swindon 2-0 in a League Cup meeting in 1998. Also, an Ian Stonebridge special earned a 1-0 win in the Football League Trophy in 2006/07. However, the Robins won here 2-1 in the FA Cup in 2007. Looking at pre-season friendlies, the 1993 fixture ended 2-2 and in 1996 the Chairboys won impressively 5-1.

CANARIES CLINCH PROMOTION

Norwich's 1-0 win at Charlton last Saturday confirmed their promotion back to the Championship at the first attempt. A point today at home to Gillingham will confirm Paul Lambert's side finish champions. Michael Nelson's header won the points at the Valley - coincidentally the ground where Norwich were relegated 12 months ago. It's been a remarkable turnaround for City after their 7-1 opening day home defeat to Col U and the sacking of former boss Bryan Gunn. The Canaries are the best supported side in the league - an average of 24,713 watching their league fixtures at Carrow Road.

WHO ELSE WILL GO UP?

After last weekend's round of fixtures, three points separated the four sides competing for the second automatic promotion place. None of them managed a win last week. Leeds' run of three consecutive victories ended with a 2-3 defeat at lowly Gillingham. The Kent side had raced into a 3-0 lead after just 33 minutes. Millwall, who had salvaged a point in midweek with a last minute equaliser at Yeovil, went down 1-0 at Huddersfield. Swindon, our visitors today, were held 1-1 at the County Ground by Walsall and have now gone three games without a win. Finally Charlton went down 1-0 at home to champions elect Norwich. Huddersfield occupy the final play-off slot and are currently six points clear of Col U. The Essex side have had a miserable run of late winning just one of their last 11 fixtures.

MANAGERIAL CHANGES

Leyton Orient's new boss Russell Slade has started well. After a goalless draw at Exeter, the O's enjoyed home wins over Norwich (2-1) and Stockport (2-0). This mini run has lifted Orient to four points above the relegation zone. Slade, whose managerial career started in 1994 at Notts County, took Yeovil to the League One play-off final in 2006 and had an eight-month spell in charge of Brighton last year. He has also been in charge at Scarborough and Grimsby. The other

managerial news was at MK Dons where Paul Ince announced eight days ago he was stepping down at the end of the season. He quoted a reduction in funds for next season as the reason: "I don't feel it will be possible to take the team forward as I would have liked due to the budget cutbacks." Ince was absent for the Chairboys' win last Saturday when assistant Karl Robinson picked the side.

POINTS DEDUCTION FOR POOL?

It seems likely that Hartlepool will be docked three points for fielding defender Gary Liddle while he was suspended. He featured in the 2-0 win over Brighton when he should have been starting a two game ban for picking up his 10th booking of the season at Orient two days earlier. Hartlepool's recent run

of good form (four wins in their last five outings) has lifted them to seven points above the relegation zone. Striker Roy O'Donovan netted twice in Saturday's 3-1 home win over Col U to take his total to eight in 12 games since joining on loan from Sunderland.

COMMERCIAL NEWS

Good afternoon and welcome to what promises to be a fascinating game here for our penultimate home match of the season. At the time of writing, we'd sold almost 6,000 tickets for this clash and I know Swindon will be bringing a large crowd with them, so I'm sure we are all anticipating a great atmosphere around the ground.

By now you should have heard and read all about our season ticket packages for the 2010/11, which are now available to buy at the special early bird rate. As always, we have done everything we can to offer the best value for money, and our decision to freeze prices for the third season running will hopefully encourage as many of you as possible to order your season tickets and pledge your support to Gary and the team for next year.

The early bird discount runs until Friday 28th May and I'd like to urge you to consider buying your tickets before this date to take advantage of the special benefits which come with this package. This year we're delighted to offer a VIP training

experience which gives you the chance to gain exclusive access to a pre-season training session followed by a Q&A with the players, while the financial savings are the equivalent of attending up to eight matches completely free of charge.

On top of that, other benefits of buying a season ticket include discounts on hospitality bookings and club shop purchases, free entry to all home reserve fixtures, priority to all home cup matches and three vouchers which enable you to bring a friend along for free to a first-team match here at Adams Park.

There's more information about all of the season ticket options on the website, wwfc.com, and please call our ticket hotline on 01494 441118 if you'd like to buy your ticket or ask for further information.

Of course, all eyes are currently on our battle for survival and hopefully everything is gearing towards that fixture here against Gillingham on the last day of the season. If results go our way over the next week, it

could all come down to that one match, and given that we could be in for a huge crowd at Adams Park, don't forget to book your tickets as early as possible either online or through the ticket office.

The day after that match sees us host the End of Season Dinner at the Crowne Plaza in Marlow with all of the players and management in attendance. At the time of writing, we only have 20 places remaining, so please get in touch as soon as you can if you'd like to join us for the evening.

Finally I'd just like to remind you about another event coming up – the World Cup Memories evening with Nobby Stiles and Martin Peters here at Adams Park on Thursday 20th May. It's the first time we've ever staged this type of event and it should be a great night, so please contact me on 01494 486705 or email commercial@wwfc.com if you'd like to come along.

Enjoy the game,

Karen Murphy,
Sales & Marketing Manager.

AWAY LEAGUE FIXTURE NO.23

LEYTON ORIENT

MATCHROOM STADIUM,
BRISBANE ROAD, LEYTON,
E10 5NF

SATURDAY 1ST MAY
KICK-OFF 3.00PM

DRIVING?

Take the M40 towards London, then the northbound M25. At junction 27 follow signs to 'London (NE), M11' onto the M11 southbound. After 7.1 miles, where the road divides, bear right (signed A406 N. Circ. Rd West) onto the North Circular Road. Keep in left hand lanes and take first exit after 0.6 miles (signed Walthamstow and City A104). At the roundabout turn left into Woodford New Road A104. At next roundabout (Whipps Cross) after 1.2 miles, take the second

exit (signed A104 Bakers Arms, Leyton) and follow road round to left into Lea Bridge Road. Half a mile further on, turn left into Leyton Green Road (signposted to Leyton and Stratford). Filter left after 0.3 miles and turn left at T-junction into Leyton High Road. After 1.2 miles (you should be able to see the flood lights), the ground is down the side streets on the right.

WHERE TO PARK?

It's street parking only. The police say there is some car crime in the area, so don't leave valuables in sight.

USING THE TRAIN?

The easiest mode of transport for this trip is the Underground. Leyton is on the Central Line, Zone 3 – a short walk from the stadium. Exit the station and turn right down Leyton High Road. Cross over the road and continue down it. You will come to Coronation Gardens on your left and the floodlights of the ground can be clearly seen behind them. Take the next left past the gardens into Buckingham Road for the ground.

FANCY A PINT?

There is a supporters club (located in the West Stand) that admits visiting fans for a nominal fee. The nearest pub to the ground is the 'Coach and Horses'. To get there turn right outside Leyton station and walk for about half-a-mile. The hostelry is on the left, within sight of the floodlights. 'The Three Blackbirds' also comes recommended. This is a bit further up Leyton High Road, near Leyton Midland station.

TICKET INFORMATION

The ground capacity is 9,271 (all seated). Visiting fans are located in the south wing of the old Main (East) Stand (capacity 1,459). There are a couple of supporting pillars that may impede your view. See 'Ticket News' on page 57 for more information. We will be wearing the normal blue strip for this fixture. The main telephone number is 0871 310 1881, and email address info@leytonorient.net
