# From The Management...

**Darren** Ward and Tommy Miller look back on Saturday's home draw and preview tonight's League One encounter...

## Tommy Miller...

**SATURDAY** has been and gone and looking back, whilst we would have preferred the win, a point meant that the unbeaten run keeps going. We knew it would be a tough game but I thought we were the better team in the opening exchanges. After a period of sloppy play from us I thought there would only be one winner at the end.

We introduced Adam Rooney to the game in the second half and what an impact he made. Wardy and I spoke about

the changes that we could potentially make, and that was one of them. It was great to see Rooms

on the end of it because he is a hard worker and took his chance really well.

I must say thank you to the lads for all the effort they put in, not just on Saturday, but before and after in terms of preparation and determination. Jamie Pitman has also been a great help and I'd like to thank him. Wardy and I will continue to share the duties and we will continue doing so for as long as we are required.

There were one or two knocks after the game at the weekend. Simon Ferry struggled with an ankle injury up at Tranmere a week ago and unfortunately he had to come off again against Preston. Alan Navarro also had a bit of a whack, after coming off the bench to replace Simon, but hopefully he will be okay to be available for us this evening. Tonight is another important one for us and your support for the lads can play a big part once again.

minds. We have had discussions and we will speak to the new owners after tonight's game to see what we can do.

After a draw at the weekend we will be after three points

tonight. We have high standards here and we want to keep the momentum going. The pressure is on, but that's what you have to deal with in football. If you can't take the pressure then you're in the wrong industry. The lads have been fantastic for Tommy and I so far and tonight we have a chance to get another three points on the board. The league is very tight and we have to make the most of tonight's opportunity.

### **Darren Ward...**

**THE** last week or so for Tommy and I has been full on and we have had to be very organised, but we are really enjoying the challenge.

It's game by game at the minute and we will see what happens. We want to keep things as per as much as possible as well as keeping the players' focus.

Tommy and I get on really well. We have played against each other on a number of occasions and since I arrived we've got to know each other even better.

"We have spoken about bringing in players in and that's on our

# Alan McCormack...

**Back** in action as Town skipper, Alan McCormack offers his views on a busy week on and off the pitch for the Robins...

A point on Saturday against Preston North End wasn't a bad result at all. It wasn't easy going into the game on the back of the week we had. There was a lot going on in the lead up to the game, but the lads showed on Saturday that they're up for any battle.

We showed that we can play our own game and despite a few tweaks to certain things, we will keep rolling on. Preston are a physical side and they threw everything they could at us but we have a lot of lads that will stand up and take things on the chin.

On Saturday Wardy and Tommy did ever so well and I must thank them for all their efforts. They had to judge the game and make substitutions as well. I said to them after the game just how well they did well. It's an amazing what the intensity of being a manager can do to you. They were both solid throughout the match. Wardy was defensively sound and Tommy wanted the ball all the time. The commitment they have shown over the past few days shows why they were asked to take charge. We have had support in training but when it comes to the match they're in charge and the final say is theirs. Jamie Pitman helped us out before the game on Saturday and he was really helpful to all the lads so I must thank him for that.

It was good to be back as captain on Saturday too. I was ill a few days before the Tranmere game and after seeing the doctor I went back to the training

ground. It was a difficult time but I have never being called unprofessional in my career but the lads have stuck by me and they believe in me. What happened wasn't nice, but I am big enough to take things on the chin and that's that. We have moved on now and it was great to be able to lead the team out once again at the weekend.

Tonight we are back in action at The County Ground and it's the second of three very tough matches. We have set a target of seven from nine points and after a draw against Preston; we have to look for the victory this evening.

I must thank everyone for their support at the weekend. Please keep up the backing and keep making the noise, we really do appreciate it.

## Jed's community focus...

**NEW** Swindon Town Chairman Jed McCrory is looking forward to working at the heart of the community following the successful takeover of the club.

McCrory and the new Board of Directors were introduced to the local and national media on Monday lunchtime as they outlined their plans for the Robins' future.

He said: "First and foremost I love football. The challenge here with Swindon is a very exciting one and I am delighted to be here. I really want to be involved in going out to the community and promoting the club.

"I have had a lot of good feedback from Swindon fans and many messages on Twitter too. I like to look at things with the views of a football supporter. I know I won't be able to please everybody, but I want to be hands on and to be amenable to everyone.

"There will be frustrations and difficult decisions to be made but we will be on a journey.

**Jed McCrory:** The incoming Chairman greets the media on Monday afternoon

The priority is to take this club forward."

McCrory also praised the work of the Football League following the successful takeover of the club, which completed on Thursday 21st February. The Chairman said: "A lot of work has

gone on in the last few weeks to get the deal done and we're so pleased it's over the line now.

"I must thank the Football League for their efforts and I would like to place that on record. They did a sterling job despite a challenging timeframe."

# Board Report...

**Good** evening. Nice to see you - to see you nice, back at The County Ground for tonight's fixture against Bury.

I thought we were unlucky to end up with a draw on Saturday, in the final 20 minutes Tommy's and Darren's Red & White Army appeared to be dominating proceedings but given all that had gone on over the previous three days, it was a credible result and again, a demonstration of real team ethic and togetherness. In order to prepare the team and to support Tommy and Darren for last Saturday's fixture and for this evening's fixture, we have had to quickly assemble something of a makeshift football management team. I would like to extend particular thanks to Jamie Pitman, Michael Peacock, Fraser Digby and Paul Bodin for stepping forward in this time of need. Your contribution is greatly appreciated.

The question on many lips is who will replace Paolo Di Canio as the STFC manager? There is of course a great deal of speculation and people's individual short lists are being drawn up, standard procedure in these situations. As you might expect the email highways are screeching with CV traffic with agents promoting the case of their respective charges. The Chairman is being kept apprised of who is expressing interest and no doubt in time he and his Board will make a decision which way to go. In the interim, the key is to continue to support Tommy Miller, Darren Ward and the Reds. My wife happened to catch the Football League show this weekend and having watched the Tommy and Darren interview, remarked what professional and personable people they were. I think we would all concur with that statement.

These are most probably my last

set of Boardroom notes before the quill will be laid to rest. Going forward my understanding is that Jed McCrory as Chairman or a member of the new Board will be penning the Boardroom notes. I would therefore, like to take this opportunity to thank all readers for (a) reading my words and (b) for their appreciative comments. I have enjoyed preparing them.

If the opportunity does not present itself going forward, I would also like to extend heartfelt thanks to my incredible team of people behind the scenes for the contribution that they have made in helping make The County Ground experience what it is today. No matchday passes now without a raft of glowing testimonials flowing in on a Monday morning from those who have enjoyed their day at the club. When I look at the monthly management accounts and witness financial and service performance improvement month on month for every department, I am aware that I have been privileged to work with a great team of motivated people, all pulling in the same direction. Jim Collins in his book Good to Great, comments that he would much rather have a great team and a good idea, as opposed to a great idea and a good team. I have enjoyed the support and friendship of a great team who have turned a good idea into a great experience.

To everyone, thank you for all your support, encouragement and friendship these past five years. I am sure that you will extend the same to the incoming Board as they change the guard at County Ground Palace for it is their kingdom now.

Good night, thank you and enjoy the game.

## off the bench...

**THE** Shakers took the lead in Friday's away clash at Notts County, but ended on the wrong end of a 4-1 scoreline. Kevin Blackwell made three changes during the game so could make changes to the line-up for this evening's encounter in Wiltshire. Experienced striker Craig Fagan came off the bench and could be an option in the frontline, whilst Mark Carrington also featured at Meadow Lane.

## on the match...

**THE** last meeting between the two sides saw a first minute goal from James Collins earn all three points for the Robins at Gigg Lane back in early October. There have been 44 previous encounters between the two teams and Swindon go into tonight's game with the upper hand with 21 wins from those matches. The last game at The County Ground against Bury was a 2-1 win for Town in 2006.

## In The Spotlight...

**Here's** a look at some key members of the Bury squad that are expected to feature for the visitors this evening as they come to The County Ground in search of success.

### Goalkeeper – Trevor Carson

1

2012/13 Apps: 39

**CARSON** signed a two-year contract for Sunderland in October 2010, keeping him on Wearside until summer 2012. The Northern Ireland U21 international served as second-choice stopper for much of the 2009/10 season, beating off competition from Marton Fulop and Craig Gordon. Carson was released by the Black Cats at the end of last season without making

his full debut for Sunderland, but did appear in friendly matches as well as featuring on the bench. He enjoyed a successful spell at Gigg Lane in September 2011, playing eight games prior to being recalled back to Sunderland. The stopper spent time with Hull City on loan before rejoining Bury for a second loan spell. He signed a two-year deal with the Shakers last summer.

### Defender – Joe Skarz

3

2012/13 Apps: 39

**THE** left-back signed for the Shakers before the 2010/11 season when he put pen to paper on a two-year contract. A free transfer addition from Huddersfield Town, he quickly agreed terms with the Shakers, despite interest from several clubs. A product of the youth system, he made his debut for Huddersfield Town following several impressive performances for the Terriers'

second string. He started his first game at left back in a 1-1 draw with Scunthorpe United in November 2006. Progress was swift for the youngster and he made a total of 68 league appearances for the club before a move to Bury in the summer of 2010. He finished his first season as the only member of the first team squad to have played every minute of every game in all competitions.

### Forward – Andy Bishop

10

2012/13 Apps: 22

**NOW** Bury's longest-serving player, the prolific striker was signed at the end of the 2005/06 season by former manager Chris Casper from York City. Bishop came to Gigg Lane with a good pedigree from his days with the Minstermen and quickly adapted to league football as he continued with his goal scoring skills. He finished his first three seasons as the club's leading scorer with 63 goals to his

tally. He started his career with Walsall but never played for the first team at The Banks's Stadium. Loaned out to Kidderminster Harriers, Rochdale and Yeovil over two seasons, he was eventually released from Walsall and signed for York. Another 34 goals came his way with the Minstermen before Bury secured his signature. In his seventh season at Gigg Lane, he has now notched over 80 goals.

# Club Connections...

**Town's** Tom Otrebski profiles a range of players who have played for both Swindon Town and Bury ahead of tonight's League One meeting...

## Andy Rowland...

THE STFC Hall of Famer spent five years at Gigg Lane and scored nearly 60 goals in over 170 outings before moving down south in 1978. His association with Swindon Town would last for 20 years: As a player he appeared in a League Cup semi-final and played his part in kick-starting Town's revival under Lou Macari. After moving onto the coaching staff he witnessed promotion to the Premier League and even took temporary charge of the first team before the arrival of Steve McMahon. He sits 7th on the all-time Swindon top-scorers list with 98 goals.

## Brian Williams...

SALFORD-born Williams was a graduate of the Bury youth system and made over 150 appearances for the Shakers between 1971 and 1977. He moved to Wiltshire in the summer of 1978 and racked up over a century of appearances scoring ten goals. He was also a member of the squad that reached the semi-finals of the League Cup.

## Darren Bullock...

A midfielder known for his tough-tackling nature, Bullock was signed by Steve McMahon in February 1997. He netted on his debut against Birmingham City at The County Ground before going on to make over 60 appearances. In February 1999, he was sold to Bury. Bullock stayed at Gigg Lane until 2002 making just over 50 appearances.

## Ian Miller...

ANOTHER graduate of the Bury youth ranks, Miller would go on to make a handful of appearances before departing Gigg Lane. Along with Williams, he joined Swindon in

the summer of 1978 and would go on to make over 150 appearances in a three season stay. The final part of the triumvirate of players in today's 'Club Connections' to have played a part in Swindon's run to the League Cup semi-finals.

***I used to play up front for my Sunday team as a kid, but went in goal after an injury...***

**HAVING** returned to The County Ground just under a week ago as interim goalkeeping coach, Fraser Digby now takes charge of two bright prospects in the STFC goalkeeping department.

Digby's Town CV as a player includes two victorious appearances at Wembley, countless Player of the Year awards amassed during over 500 games in Swindon colours. Back on the STFC training ground following the departure of Domenico Doardo, the 46-year old former Manchester United stopper is now passing on his considerable knowledge to Wes Foderingham and Leigh Bedwell.

COYR sat down with Town's goalkeeping duo ahead of

tonight's visit of Bury to get the lowdown on how they ended up between the sticks, their career path to The County Ground and how much they expect to learn from Digby himself.

**Why did you become a goalkeeper?**

**LB:** My Dad wouldn't let me be a 'keeper because he didn't want me to be the one to get blamed for everything. I think my brother managed to talk him round and I was soon taking my place in goal and loved it.

**WF:** I used to play up front for my Sunday team, although I think every youngster starts up front and then drifts back. One day someone needed to go in goal and I did okay. My technique wasn't great

but I managed to keep the ball out and it went from there.

**Who is your favourite ever goalkeeper and why?**

**LB:** Shay Given. I don't believe he is the best ever 'keeper in technical terms but he has had a great career and served his club and country so well. I watched Wes play against him earlier this season and that was heart-breaking.

**WF:** I am going to have to say two. Shay Given because of his qualities. I supported Newcastle United when I was growing up and I think he's one of the best 'keepers they have ever had there. I grew up watching David James and he bounced back from a few mistakes really well. I

faced him earlier in the season for Bournemouth too and I think the conditions certainly played a part that day.

**What's the best save you have ever made during your career?**

**LB:** For some reason I seem to make a lot of stops with my face! I always get caught in the boat and have had a few smacks there. It's happened in games as well as training, but they all count don't they?

**WF:** The one in the closing stages of the Tranmere game was good but Bedders says I made a lot out of it. My favourite is the penalty stop against Cheltenham last season. That was a really important moment. We really believed we could win the league after that win.

**Which is the best save that you can ever remember?**

**LB:** Craig Gordon's effort against Bolton a few seasons ago. It was a close range stop but I have no idea how he got across to get to the ball. It was voted the best save ever I think – it was on the line and he put it over the bar.

**WF:** A save from Lyon goalkeeper Grégory Coupet – simply unbelievable. The centre-half played the ball back but it was too high, so the 'keeper somehow headed the ball back against the bar. The follow up from the striker was a low shot into the corner but somehow Coupet got down to it and saved that too!

**In your opinion who should be in goal for England at the moment?**

**LB:** I'm going to have to say Joe Hart. Wes has to be close, but I think he has a few more years before he catches Joe Hart!

**WF:** Me! No I'm joking. At the moment I don't think you can look past Joe Hart as Bedders said. He is head and shoulders above any other English 'keeper around at the moment. Ben Foster is probably the closest, but I will stick with Joe Hart for number one.

**Do you have any matchday routines or superstitions?**

**LB:** I always wear red boxers. That's about all I have at the moment, although I have followed Wes to a certain extent. He has one pair of gloves for the warm-

favourite  
save was

up and one for the game, which is what I do now too.

**WF:** When I get to the ground I usually get changed straight away into my kit and then go and get a rub down from one of the masseurs. I have the same routine each matchday and that hasn't changed really. It's served me well so far.

**Which gloves do you wear at the moment?**

**LB:** They're from a company called F-Line who are a small business so it's nice to support them. I used to wear gloves from a lot of the major brands such as Umbro, Nike and adidas but at the moment I prefer F-Line gloves. They're extremely comfortable.

**WF:** Umbro – I have worn the same brand of gloves since the age of sixteen but that deal comes to an end at the end of this season so I have to look for a new supplier now.

**What is the best thing about being a goalkeeper?**

**LB:** Being able to tip one out of the top corner in the last minute of a game! Being able to stop someone scoring an absolute worldy is the best feeling in the world.

**WF:** I would say saving a penalty in a cup final and going onto win the game.

**And the worst thing?**

**LB:** As a 'keeper it has to be the ball going through your legs or through your hands. You just want the ground to swallow you up if that happens.

**WF:** Being subbed after 21 minutes of a game! I'd say that or making a horrendous error to cost my team the game.

*There have been some mad and very individual goalkeepers to have graced the game. You're your memory, who are the craziest goalkeepers you can remember?*

**LB:** Good question, I'll have to go for Fabien Barthez. Most 'keepers seem to have a screw loose which is why they play in the position they do. Barthez was a bit eccentric and did some weird things. I remember reports during his playing days that he even urinated on the pitch during a European game!

**WF:** Jens Lehmann, the Germany 'keeper. He was on another level to Barthez. I remember seeing him arguing

## Fraser *achieved* a lot with the club so it's good to have the chance to learn from him.

with his defenders and pushing them in the head. Surely a little crazy.

**So if all goalkeepers are slightly crazy, how would you assess each other?**

**LB:** Wes is a great 'keeper and has many good qualities. His shot-stopping is unbelievable and the speed around the goal is superb.

**WF:** Bedders has improved so, so much. When I first came to the Swindon on loan he was in the youth team but you could tell technically was good. He has been coached well and has come on leaps and bounds since turning pro.

**Gary Roberts scored a couple of superb goals a week ago at Tranmere Rovers, with the second a speculative long-range strike. What is the furthest distance you have been beaten from?**

**LB:** I have never been beaten from the half-way line that's for sure. I remember being beaten by a strike from Jordan Obita at Reading. I used to play with him for the county, but it was a game for Swindon against Reading and he chipped me from the edge of the box. It was a great finish and there wasn't a lot I could do about it.

**WF:** Probably the free-kick against Macclesfield Town in the FA Cup game earlier in the season. I think it took a deflection off Flinty but I got the blame for it. That wasn't a good day.

**Have you ever come up for a corner or scored a goal?**

**LB:** I used to score a few in my youth team days in training. We used to play keep-ball all the time and that was good fun. I enjoyed playing outfield with the rest of the lads but I haven't had much of a chance to do that of late.

**WF:** I have never done it in a professional game although I ran up to celebrate with the lads after the third goal against Tranmere Rovers last week. It was an incredible strike from Robbo and made sure of the victory.

**You haven't had long working with Fraser Digby, but how has that been for you both so far?**

**LB:** It's been great. Obviously he is a Swindon Town legend but his input has been great so far. I am sure I will learn a lot from him.

**WF:** I had so many tweets from fans telling me how good he was as a player here. He achieved a lot for the club so it's good to have the chance to learn from him. He has done a few different drills with us and I'm sure there's a lot of good stuff to come.

# Match Analysis...

**Town** drew 1-1 with Preston North End at The County Ground as they began life under interim managers Tommy Miller and Darren Ward.

**IN** a first half of very few chances, Town's best chance came through player-manager Tommy Miller after just six minutes. He burst through from midfield and made a solid connection with Andy Williams' cross only for Declan Rudd in the Preston goal to react brilliantly and turn the ball away to safety.

After the bright start the match deteriorated into a midfield battle with neither side able to gain a foothold in the final third. A clearance by one of the visitors' centre-halves only dropped to Roberts on the right hand edge of the box. His eventual right-footed effort was slightly miscued and it flew across the face of goal and wide.

Six minutes into the second half the visitors took the lead. Town

**ADAM** Rooney showed good composure to level the game against Preston after coming off the bench...

allowed a cross to be knocked back across goal and when the ball dropped to Hayhurst he rifled home from inside the six yard box.

Then, with 15 minutes to play, substitute Adam Rooney hauled Swindon level. After replacing Raffa De Vita seconds earlier, Rooney made the most of a defensive mix-up, latched onto the loose ball and calmly stroked the ball into the corner.

Town's best chance to win it dropped to Aden Flint who met a corner with his head and watched as Rudd denied him with a neat reflex save. As the ball was recycled, Alan Navarro blazed over from Miller's cut-back.

## Miller comment...

"**WE** introduced Adam Rooney into the game in the second half and what an impact he made. Wardy and I spoke before the game about the changes that we could make, and bringing Adam on was one of them. It was great to see him on the end of it because he is a hard worker and took his chance really well. Their defender made a mistake and he made the most of it."

## Rooney comment...

"**IT** was literally my first touch and one of the lads on the bench said I'd go on and do it. I am happy with the goal and we are still unbeaten. I have had to keep working hard when I have been out of the team and at the minute it's going okay for me. My attitude has always been to help the team and to take my chances. It was nice to get the goal in front of our home fans and we really appreciate their support."

# Swindon Advertiser...

**How** refreshing it was to witness a cup final atmosphere at a cup final on Sunday.

**BRADFORD** and Swansea fans excelled themselves at Wembley. Instead of a meat and potatoes all-Premier League contest, despite the scoreline both sets of supporters served up a veritable banquet of emotion and passion.

To those who had given up on England's number two knockout competition this was a timely reminder of how important it is to our national game.

In fact, the Capital One Cup this season has been nothing short of sensational. Ludicrous scorelines, shocks in every round, a bottom-tier team making it all the way to the final - and to think our most revered managers openly mock the tournament.

Perhaps we at Swindon can be biased, given the memorable evenings we have had in the competition this season. The victory at Stoke, for example, was possibly the best performance I have ever seen by a Town side in the 18 years I've been a regular at The County Ground.

Nevertheless, this year we have been reminded that the League Cup is not an irrelevant sideshow. It's not a reserve-team kick-about. It's a famous tournament with a 50-year history. We should be thankful to Bradford and Swansea for bringing that to light.

While we're on the subject of the Swans, how fascinating it is to remember that the supporters of the south Wales outfit own 20 per cent of the club.

In 11 years they have risen from League Two relegation strugglers to League Cup winners and next season will play in Europe. Their financial model is quite remarkable - a sustainable

business with a major fan element recording a £15million-plus operating profit in their first Premier League season.

How we can dream for something similar at The County Ground.

It would never come easy but with new owners in place in Wiltshire it will be interesting to see where we go as a club from here. The incoming board certainly have plenty of ideas to engage with the fans, and hopefully the supporters will take them up on any such initiatives.

Finally, a word for tonight's visitors. Bury are finding life tough at present as they deal with a second transfer embargo of the season following their need to take out a PFA loan to cover their cashflow issues.

No one wants to see a Football League club suffer, on or off the field, and I'm sure I speak for everyone here tonight when I wish for stability at Gigg Lane in the not-so-distant future.

Leeds during the week.

Transfer deadline days, eh?

Despite the apparently weakened team, a traditional Shaun Taylor header which passed over the bar gave notice of our intentions. The match fluctuated as Town's Paul Hunt and then United's Lee Clarke threatened, but it was David Kelly who crashed the ball past Fraser Digby two minutes before the break.

Six minutes into the second period Steve White was clattered to the ground in the penalty box, and spot kick expert Paul Bodin made no mistake.

Less than five minutes later it was the same combination who engineered the lead. White forced a corner which was swung in by Bodin for Colin Calderwood to scramble home and give Town all three points.

Keegan praised Town. 'Give credit to Swindon. They do not have the resources but they battled for a result and they can be proud of that'.

Newcastle, who had future Town defender Mark Robinson on the bench, completed the season at the top of the table, while Town finished the day in third position.

**THIS** match had everyone salivating in anticipation as manager Kevin Keegan brought league leaders Newcastle United to the County Ground.

Town assistant boss John Gorman commented 'It will be a big test for Newcastle. Every team coming here seems frightened of us and change their style to try to counter us'. Over 17,500 supporters shared his enthusiasm.

Boss Glenn Hoddle though unfit was presented with the Manager of the Month award ahead of kick-off, but there were some dissenting comments after defender David Kerslake had been sold to

### Adrian Viveash

**Season Stats:**  
**Appearances: 6**  
**Goals: 0**

A native Swindonian and a graduate of the Town's youth academy, Viveash made just six appearances during the 1992/93 season. Given the near-impossible task of prising apart the central-defensive partnership of Colin Calderwood and Shaun Taylor, Viveash's first start came in the Anglo-Italian cup win at Oxford. He would have to wait until March to start his first League game, a 1-1 draw at Southend United. This sparked a run of four further starts in the side, with his final appearance of the campaign coming in a 3-1 defeat at West Ham in early May. Viveash is now reserve team manager at Premier League side Chelsea.

**Town** Under-18's manager Paul Bodin looks back on Saturday's home league encounter against local rivals Oxford United...

ORCHARD

**UNFORTUNATELY** we went down to a 3-1 defeat to our local rivals Oxford United at the weekend. It's always disappointing to lose a derby game, but despite the result not being good the performance wasn't a bad one.

The game began well enough for us and we took an early lead through striker Connor Waldon. He finished his chance superbly and he's done well for us so far this season. There were further chances after our first goal to extend the advantage but we didn't take them. Oxford then scored the equaliser and then came back into the game.

Our visitors then took a 2-1 lead and for the majority of the second period we had control of the game.

We were pushing, pushing and pushing and then conceded a third whilst going for the equaliser. It was the end of the game after the third but in my opinion we could have taken a point.

We are disappointed with the defeat, of course we are, but we should be doing better. There were one or two little errors amongst the display but we have looked at the video to try and show the lads where they can improve. We had young Aaron Moody in goal and despite being only 15-years old, we gave him an opportunity. At the moment we are giving some of the Under-16 players a chance to play in the Under-18's as we have to take decisions on scholarships

sooner rather than later. They will have their chance to shine and it's been good to integrate them into the Under-18 set-up where possible.

By the time you read these notes we will have played our game against the Nike Academy at lunchtime. Hopefully it will have been a good workout against a group of players, who are based at Loughborough. They're an Under-21 side and hopefully a worthwhile exercise.

There is no league game at the weekend so hopefully we will have emerged with a positive display by the time we all reconvene at The County Ground for the visit of Bury this evening.

**Town** fans turned out in force for Saturday's home draw with Preston North End, which signalled the end of a busy week...

**THE** events of the last few weeks have left many in a spin.

However, whilst everyone was keen to know the immediate direction the club was to take, clearly with the takeover happening within such a short time frame it was clearly not possible to let everyone know until all matters had been ratified by the Football League. Whilst in this digital media age this time-frame may not have satisfied

all fans, patience has brought the clarity we have all been seeking.

Obviously there have been departures and it would be remiss not to thank Andrew Black and the rest of the old board for taking an interest and investing heavily at a time when the club desperately needed support. Paolo's decision to end his association with the club brought to an end an era during which the club rose from despondency, to a time of excitement that we are all sharing in at this time. Everyone was grateful for his efforts in gaining promotion last season and a Wembley appearance, despite at times having a difficult and upsetting time personally.

The baton now passes, maybe temporarily to Tommy and Darren to continue the on-field success that has grown as the season has progressed which after the great

We welcome the new board in the task of following up that success but we are delighted that Nick Watkins will remain to oversee the transition. # The Promotion Story...

**Having** hit the heights of Division Three, Town kept their promotion charge going, losing only once in the month of March...

**Words:** Tom Otrebski

**AFTER** two consecutive derby wins in the early part of the month, Swindon were brought back down to earth with a bump at home to Port Vale. The Valiants completed a league double over Town with a 3-2 win at The County Ground, scoring a late winner after the home side had gone 2-1 in front.

With the freezing weather affecting fixtures nationwide, Swindon next found themselves playing three fixtures in just one week, two of which were away from home. The trip to Shrewsbury saw Town get back to winning ways courtesy of a 2-1 win at Gay Meadow. Coming back from going a goal down, strikes from Cliff Jackson and Mike Summerbee helped Town claim an important victory.

Three days later, Jack Smith put Bert Head's men 1-0 up in a heavyweight clash with fellow promotion chasers Northampton Town. The home side equalised before the break and both teams had to settle for a point.

At the end of March, Millwall were the visitors to The County Ground and were duly despatched. Ernie Hunt's 51st-minute penalty was enough to claim maximum points - the forward's 19th goal of the campaign.

As the season entered its penultimate month, Bradford Park Avenue made the trip south to Wiltshire. Jack Smith and John Stevens notched in the second half to secure a 2-1 win for Town and keep them on top of Division Three.

Second-placed Northampton were hot on their heels however, only three points behind and with a game in hand.

# Trip Advisor...

**Town's** last trip to Coventry saw plenty of action on and off the field. More of the same this weekend?

## The Journey...

**By Train:** Coventry train station is about three and half miles away from the stadium and is a bit of a walk so either take a bus from the Pool Meadow Bus Station or take a taxi which costs around £10.

**By Car:** Leave the M6 at Junction 3. Take the A444 towards the city centre and after one mile you will reach the stadium on your left. Parking at the stadium is mostly for permit holders, although the club do sell on the day spaces in Car Park C at £10 per car, although it is best to book a space in advance. Blue badge holders can also park at the stadium itself but again at a cost of £10.

The club are also utilising a number of car parks within walking distance of the stadium, in such places as factory units and local schools. The cost of the alternative car parks is around £2.50 to £5 per vehicle. See the Ricoh Arena Parking website for more details.

## Staying Over...

**De Vere Ricoh Arena:** There is an offer on for home and away fans wishing to stay at the De Vere Ricoh

Arena. The hotel has 114 en-suite bedrooms onsite which have TV with Sky Channels, hair dryer, WiFi and tea and coffee tray, with some enjoying uninterrupted views of the pitch. For £87 including VAT, fans

receive two tickets to the game, B&B with a pitch view room and two complimentary drinks in the G Casino. This offer can be booked by calling 0844 873 6500 or via email to: hotel.reception@ricoharena.com.

## Grab a Bite...

**The Saxon Mill:** Ideally located for fans travelling to the game from Swindon. Located just outside Warwick along the A429, the atmosphere at the Saxon Mill is relaxed, friendly and informal. The food is of high quality and the interior features open kitchens, stone fired ovens and log burning fires.

## Enjoy a Drink...

**G Casino:** The on-site G Casino is open for home and away fans. Registration is required prior to 1pm and football shirts are allowed with a number of bars available for pre-match relaxation. Other options include The Black Horse Pub, in-between Longford and Exhall or the JK English Pub. Alcohol is also available inside the stadium.
