# ROB JONES

**"WE CAN GO WITHIN A POINT OF SWINDON WITH A WIN  
AND WE'LL BE DOING OUR UTMOST TO ACHIEVE THAT."**

**Good Evening and welcome to tonight's game against Swindon Town.**

The welcome is extended, of course, to Mark Cooper and the players, staff and fans who've made the long trip here tonight.

We can go within a point of Swindon with a win – a fact not lost on ourselves – and we'll be doing our utmost to achieve that.

This is the first time we've been back at home since a draw at home to Oldham where I thought, after a cagey opening, we took the game to them and could, possibly even should have taken the win.

Unfortunately, it was in stark contrast to what I saw at Sheffield United on Saturday. I've gone on record as to how disappointed I was with what I saw from my players. Some can lay blame at the fact that was Gary MacKenzie was sent off but

these are the hurdles you have to overcome if you want to win football matches in this division. Suspensions, like injuries, are something you can't always legislate for and we've had a few of those too - including Luke McCullough, Mitchell Lund, Nathan Tyson and Curtis Main.

The three goals that Sheffield United scored came from our mistakes and we need to rectify those to move forward as a collective and for the good of Doncaster Rovers.

Finally, please welcome Crystal Palace loanee Keshi Anderson to the club. He made his Football League debut on Saturday and I'm sure he'll make many more. He was a credit to all those who've helped him to get to this point in his career.

Enjoy the game,

Rob

# GAVIN BALDWIN

**"AS YOU WILL HAVE SEEN WE HAVE REDUCED THE PRICES FOR BOTH SETS OF FANS TO MAKE THE GAME EVEN MORE AFFORDABLE"**

**Good evening to you all and a warm welcome to our friends from Swindon this evening.**

We had a disappointing result at Bramall Lane over the weekend against our Sheffield neighbours but we have a great chance to put things right this evening.

Rob was very open last week about his desire to take on the first team manager role on a permanent basis. As we have communicated, we will give Rob the full backing until a manager is appointed on a full time basis. That shows in our recent loan signing of Keshi Anderson (from Crystal Palace) and we are actively looking at others coming in with Rob. The application deadline has now passed and we will now invest our time over the next couple of weeks shortlisting and conducting interviews.

Myself, Rob Jones and Ryan Murrant (Marketing and Communications Manager) recently attended the Retford Branch of Doncaster Rovers Supporters' AGM. We would like to thank them for their hospitality and for the very kind donations that they made to the club and to the Club

Doncaster Foundation. An incredible total of £3,310 was presented to us, all of which will be invested in to gym and rehabilitation equipment at Cantley Park and in to attracting young children as fans of the future through the Club Doncaster Foundation.

On Saturday we face local rivals Barnsley here at Keepmoat Stadium. As you will have seen we have reduced the prices for both sets of fans to make the game even more affordable. The idea of reducing prices for this game and the Bradford game is to encourage more supporters here primarily, but also to make our big games bigger.

We work closely with the Football League and other Clubs and we collectively agree that it is better to try and grow a 8,000 - 9,000 gate to 10,000 - 11,000 rather than to incentivise games where the gate may not be so high. We look forward to you joining us.

Enjoy tonight's game and, as always, thanks for your brilliant support.

*Gavin*

**Supporters invited to share their experiences with the club. Doncaster Rovers Football Club were delighted to learn of feedback from a number of supporters who attended Saturday's game at Keepmoat Stadium against Oldham Athletic.**

As part of our pledge to supporters, the Club want to make the matchday experience as enjoyable as possible off the pitch irrespective of events on the pitch.

Elliot & Katie Amanda Colley wrote:  
To Clare, A very big thank you to you and all the Rovers team for making Bens day as a mascot a very enjoyable one . He had a fantastic time meeting all the players and touring the stadium, and he has some great photographs to remember his day. Thank you Amanda Colley .

Katie Palmer wrote:  
I would just like to say a massive thank you for making Elliot's day one to remember. I also want to add what a brilliant idea it is having Donny dog bring food to the children's seat and what a fantastic surprise it was receiving a signed program. If you could pass on our thanks to Donny Dog and to Stuckmann who Elliot likes twice as much now. I will definitely be recommending it to all the Rovers fans I know, its just a shame we didn't get a better result. Thanks again

# WELCOME KESHI ANDERSON!

PREMIER LEAGUE STARLET  
JOINS ROVERS ON LOAN

Doncaster Rovers are delighted to welcome Keshi Anderson to the football club on a 28 day loan.

The highly rated 20 year old striker joined last week from Premier League side Crystal Palace with Doncaster having fended off stiff competition from a list of would be suitors. The Eagles striker arrived at Selhurst Park in February from non league Barton Rovers - having scored a hat-trick against Alan Pardew's side in a trial game.

Anderson who scored on his U21's debut for Palace, has recently hit two hat-tricks in five matches for the U21's. "Keshi has had a vast and quick rise to the top," said Rob Jones. "A lot of people were discussing him and whether to have a look but I liked what I saw so I've taken him. "He's quick, powerful and strong and wants to do well so he came in to training and he's slotted very well in to the group. I'm delighted with him."

# RECORD BREAKING YEAR GETS UNDERWAY

**A record breaking year has begun at the Club Doncaster Foundation, with 140 new students studying the variety of courses the education department offers.**

Since its launch in 2008, the Foundation has come a long way in seven years, expanding from its original 16 students by picking up numerous accolades and cementing its place as one of the best Education hubs in Yorkshire.

The Foundation offers students a unique experience where they get to represent Doncaster Rovers in the Foundation Football Academy and Doncaster Rugby League in the brand new Foundation Rugby Academy alongside their academic studies.

This term has already seen several coaching sessions and player visits from the likes of Rovers stars Richard Chaplow, Andy Butler and Thorsten Stuckmann, alongside Dons duo Matt Groat and Mitch Clark as students begin life with Club Doncaster.

It will also get even better for the new students studying next month, with the Foundation set to move into a brand new education centre within the Keepmoat Stadium, offering even better facilities than the exceptional ones already available.

Speaking about the progress of the Foundation, Principal Jenna Scully said: "It has been a fun filled term so far for all of our new students and it has been great to meet them all and get them all settled in ahead of the new academic year.

"Over the years we have some fantastic stories from former students who have gone on to progress into full time jobs and on to university from the Foundation. "The hard work has now begun, we had a record number of graduates last year and it is important that we achieve the same quality of pass rates as the number of students increase.

"I'd like to wish everyone the best of luck for the new academic year and hope you all enjoy studying with us." For more information about the Foundation please visit: [www.clubdoncasterfoundation.co.uk](http://www.clubdoncasterfoundation.co.uk)

**Penalties galore!** Dean Furman was brought down by Jordan Turnbull in the box midway through the first half. Theo Robinson converted his penalty to give Rovers the lead.

With ten minutes to go, Reece Wabara fouled former Swindon striker Andy Williams in the area. Michael Smith stepped up with the chance to equalise but his penalty was saved by former Rovers loanee Sam Johnstone. Rovers left the County Ground with three points.

# SWINDON TOWN

**Swindon Town are one of the 47 clubs that have played in the Premier League at some stage since it began back in 1992. The Robins did not enter the competition until the season after, where they unfortunately did not have the best of campaigns.**

They were relegated alongside Oldham Athletic and Sheffield United at the end of the 1993-94 season, finishing bottom of the table, only won five games and conceded a record amount of goals (100) in their debut season.

However, Swindon are a club with a considerable amount of history, they won the Football League Cup in 1969 beating Bertie Mee's Arsenal 3-1 at Wembley, thanks to a Don Rogers brace in extra-time in front of 98,189 keen football fans.

The Robins have had some well-known ex-footballers take charge at the County Ground, players such as; Dave Mackay, Lou Macari, Ossie Ardiles, Glenn Hoddle, Colin Todd and many more.

Swindon Town achieved promotion to League One at the end of the 2011-12 season under Italian manager Paolo Di Canio. They have been desperately unlucky not to take the step up into the Championship in the past few seasons, they were beaten on penalties against Brentford in the semi-finals in 2013.

They were then beaten 4-0 by Preston North End at Wembley in the play-off final the season after, Jermaine Beckford formally of Leeds United stole the show that day after netting a hat-trick to become the third player ever to score three goals in a play-off final.

Manager Mark Cooper will be looking to put the clubs previous misfortunes behind them and make that all important leap into the Championship.

## THE GAFFER MARK COOPER

Mark Cooper was installed as Swindon boss in August 2013 after Kevin McDonald resigned from the post. Cooper who was a well travelled footballer during his playing days is now looking to bolster his managerial CV, as he looks to take the Robins to the next level.

The Yorkshire man who was born in Wakefield, was desperately unlucky not to achieve promotion last season as he guided his team to a 4th place finish in League One. They performed superbly in the semi-final of the playoffs beating Sheffield United 7-6 on aggregate over two legs, including a blockbuster 5-5 score line at the County Ground. It was Jermaine Beckford (Preston North End) who stole the show in the final after he scored a hat-trick to kill the Robins' Championship dream.

Cooper started his professional footballing career with Bristol City but failed to make a single appearance while he was at Ashton Gate, he moved to Exeter City in 1989 but only stayed there for a total of two seasons before moving on once again.

He played for a total of 17 clubs during his career, some of those include; Huddersfield Town, Birmingham City, Leyton Orient and Fulham. Cooper started management in 2004, taking charge of Tamworth while he was still playing, he did the same with Kettering Town a few years later.

After hanging up his boots in 2009 with Kettering, he took over Peterborough United a few seasons later but he was given his marching orders after just 13 games in charge. The 46 year-old has also been the gaffer at Darlington, AFC Telford United and now Swindon Town.

**NICKY AJOSE**

Age: 23

League appearances: 158

League goals: 42

The 23 year-old from Bury in Greater Manchester started his professional footballing career with Premier League giants Manchester United, the forward failed to register a single league appearance during his two years with the club. Ajose signed for Darren Ferguson's Peterborough United in 2011 on a four-year deal, he made his debut for the Posh against now-Premier League side Crystal Palace on the opening day of the 2011/12 season. The striker was loaned out to five clubs (Scunthorpe United, Chesterfield, Crawley Town, Bury and Swindon Town) during his three year tender at London Road. Leeds United was his next preferred destination but it was a sense of *deja vu* as he was swiftly loaned out to Crewe Alexandra. Ajose was not assigned a squad number under new Leeds manager Uwe Rosler at the start of the 2015/16 season which saw him leave the club, he was not out options as he signed for Swindon Town a few hours later.

**JONATHAN OBIKA**

Age: 25

League appearances: 157

League goals: 32

Born in Enfield, London, Obika is a product of the Tottenham Hotspur youth system and he was also the top scorer for the academy side in the 2007/08 season. He was awarded with a professional contract with Spurs the season after, the youngster unfortunately failed to make any league appearances during his six-year stay at the club. He did however make two European appearances for Tottenham in the 2008/09 season, he made his debut in the UEFA Cup against NEC Nijmegen from Holland and a few months later he made his home debut for Spurs in the latter stages of the competition at White Hart Lane against Ukrainian side Shakhtar Donetsk. Obika has been on loan with seven different clubs during his time at Spurs including his current side Swindon Town back in 2011. He signed for the Robins on deadline day in 2014, the forward scored a brace on his debut for the club beating Yorkshire side Bradford City 2-1 at Valley Parade.

**FABIEN ROBERT**

Age: 25

League appearances: 35

League goals: 6

Rovers fans might recognise the Frenchman due to the short time he spent on loan at the Keepmoat in 2012. Robert joined in the January transfer window from FC Lorient when

Rovers were in the Championship, he made his debut in one of the biggest games that season, the Yorkshire derby against Leeds United at Elland Road. The midfielder went onto make 13 league appearances and even managed to score two goals in the Championship against Portsmouth and Ipswich Town respectively. While at FC Lorient, Robert was also loaned out to U.S. Boulogne, the 26-year old made a combined total of 83 appearances during his time at Lorient, which also saw him play for their B team. He joined Swindon Town on a one-year-contract at the start of the 2015/16 season, he has already scored three goals for the Robins in his debut season.

**NATHAN THOMPSON**

Age: 24

League appearances: 115

League goals: 1

A product of Swindon's youth academy, the Chester-born defender has become one of the clubs stand out players over the past few seasons. Thompson signed his professional contract with the Robins in 2008 but did not make his debut until 2010 against Charlton Athletic in League One. He was also on the radar of some Premier League clubs such as; Arsenal, Tottenham Hotspur, Everton and Newcastle United but no formal bids were submitted to the Robins. On Saturday 20 April 2013, Thompson was awarded the 2012/2013 Swindon Advertiser 'Player of the Year' after winning by more than 60 per cent of the fans' votes and Thompson won it again at the end of the 2013/2014 season. Thompson was appointed Swindon Town skipper at the start of the 2014/15 season and is definitely one of the league's most exciting defenders.

## CLUB LEGEND

### COLIN CALDERWOOD

Recognised as a Swindon great – and listed in the Robins all time XI – the Stranraer born defender amassed over 400 appearances in Wiltshire and his time at the club coincided with a boom period at the County Ground. A £27,000 buy from Mansfield Town when aged just 21, Calderwood was made captain and was an ever present over the next eight years as the club won promotion FOUR times!

An internationally recognised defender, Calderwood – whilst with Tottenham Hotspur – went to both Euro 96 and France 98 as part of the Scotland squads and would win 36 caps in total for his country.

## MEMORABLE DAY

21st April 2012 League 2

Gillingham 3 Swindon 1

Priestfield Stadium

Despite the turmoil which surrounded several 'misbehaving' players and a maverick manager who made EIGHT changes for a vital game at Gillingham, Swindon Town and their gaffer Paolo Di Canio were able to celebrate their promotion from League Two in Kent. While the Robins were defeated 3-1 by the Gills, other results meant that third tier football would return to the County Ground. "I've told them already in the dressing room that we have to change the direction because if you become arrogant like we have, then we are average," said the Italian.

SAM PARKIN ON...

#### Retirement...

I decided I wasn't going to play on about a year ago. My last club was Exeter in League 2 and it had been on my mind a while as I hadn't played enough really. I started to do a bit with BBC Wiltshire and have done some commentaries and it's snowballed from there - I've done a bit of reporting and presenting as well as some freelance stuff with Chelsea TV. It's been difficult but enjoyable all the same.

#### Helping hands....

Like anything, your life goes full circle and I called upon Swindon, the BBC and Chelsea and I've leaned on people I knew back when I was playing and I've tried conducting myself in the right manner and am thankful people have been warm and invited me in to the industry and I feel like I'm improving all the time, I've got a lot more clarity on what I want to do now.

#### Playing for Town...

I had a fantastic time there. It doesn't take a rocket scientist to work out that it was the best spell of my career and the stats will back that up. I got a hat-trick on my debut so that endeared me to the supporters and we've had a brilliant relationship since. I left to try and further my career but there was no bitterness and I've been welcomed back since. It's nice to be looked upon as someone who did good things for the club and I'm very proud of what I achieved there.

#### Becoming an adopted Robin...

QPR was my life until 12 or 13 and I used to go to see them and then Fulham the next weekend as I was engulfed in football. You probably don't realise that you're going to have a lasting affiliation because sometimes when you leave it can be difficult but with the people of Swindon, that's not been the case. I think they always looked at me as one of their own. It's remained the place that I'm best known for and the people down here don't remember when I was injured or struggling, they remember the happier times.

#### When Rugby meets Football...

Mike Brown (England full back) is engaged to Tony Woodcock's daughter so we were previewing his comeback from concussion with England, what with the Rugby World Cup taking place. It was good to get a take on top level sport and the dynamic in their family. Tony, like me, wasn't too fond of rugby but the progression with that sport we were really intrigued by his future son-in-law's career.

# CAMERON STEWART

**"I THINK IT'S IMPORTANT THAT YOU MAKE A GOOD FIRST IMPRESSION,  
AND I THINK MINE WAS QUITE GOOD"**

**What's it like to be back up and running?**

It feels good to be back playing regularly. I've had a few frustrating months of training all week and then at the end of it not having a game to play. Obviously we need some more wins on the board to climb up the table but for me I'm happy that I'm back playing again.

**Physically how have you found it?**

It's not been too bad to be honest. Obviously the first game I got 60 minutes or so which was tough away from home and even though I played in the Johnstone's Paint Trophy it wasn't as intense. I played at Walsall and then ninety minutes since that. It's not like I've been beaten up but the Saturday – Tuesday routine is about to kick in so we'll see how it goes.

**How would you describe the managerial circumstance?**

For me, I know I came under Paul Dickov and I thank him for bringing me in and I never got a chance to work under him but it's about me trying to get some regular football and myself going again and enjoying myself. Even though it was a big shock to me what happened, it's happened before and personally I need to keep my head down and not let it worry me. It's about me playing football and whether that's Paul Dickov or the gaffer now I want to be picked.

**What have you made to the gaffer, Rob Jones?**

I'm enjoying it. It's been a bit different. It always happens when a new manager comes in and you get a reaction, things are more intense in training and we've done a lot more as a team. It feels a bit better at the moment and there's nothing bad to say about him – or Paul – as I've not had a lot of time to work under either and I'm confident we will get results under the gaffer and hopefully that starts on Saturday, going in to Tuesday.

**You're only 24; you seem to have been around forever...**

I know I've been around for a long time! I've had a fair few clubs. Obviously on my CV it doesn't look great and people would question why I've had so many clubs but the good thing that I'll say is I'm not one to sit there and not play.

People can say I've given up and I'm not prepared to fight for my spot but you know when you're not playing and you're not in someone's plans so I'd rather go somewhere on loan and try and enjoy myself because I don't enjoy training all week and not playing on a Saturday. I enjoy the Saturday feeling – before and after the game – getting three points whereas training with nothing the end of the week has never suited me.

Were you a victim of your own success at Hull City?

When I left Manchester United where everything is rosy and in a bubble, you don't really see what it's like out there. I went to Hull and even playing regular – despite a lengthy knee injury – things started to change once we got a new manager. That's when you realise football is opinions and some will like you and some won't. Since then I've been chasing and now I'm more experienced I concentrate on me and not others. A lot of things that have happened have helped; even though I feel old I've got time to go and create myself.

What's the situation at Ipswich? It doesn't seem to have clicked?

It's not happened and the gaffer has his own opinions and I have mine. I think he [Mick McCarthy] is a great manager and look at what he's done there – they'll be pushing for the play offs again this season no doubt. I signed a three year deal and haven't played in the league; it's only been the FA Cup or reserves. It came to the stage where I can see that he doesn't fancy me, I wasn't enjoying it and I was a long way from home so I needed to move on and find some football and happiness. There was no point in me fighting there and everyone getting frustrated. I had to do whatever to get games. There were opportunities to go to other Championship clubs but I didn't want the same scenario. Everyone says "You're a footballer, get on with it" but when there's nothing enjoyable about it and when your

job is to be a footballer and you're not doing that you get annoyed.

What's your best or preferred position?

Left wing, that's where I feel more comfortable to go both ways, it gives me options but I'll play left, right or down the middle.

What do you hope to have achieved by the time your current loan deal expires in January?

My aim is to play in as many games as possible and get assists and goals. If the opportunity is to stay here with the gaffer now or whoever then that'd be a consideration or even to move on. I've still got another year at Ipswich after this and if I'm honest with myself I'd love to go back there and fight back and get in to the side.

Will it happen?

I don't know. It's a conversation I could have in January or at the end of the season. I want to enjoy playing the games. I don't want to be in the bottom three and nor does anyone else here! I want to fight to get back up the table.

Is there anyone you look up to in football?

It was mainly my dad – he wasn't a bad player to be fair! The obvious ones were Andy Cole because we used to see him around Manchester. Once I got older and played out wide, we had players like Cristiano Ronaldo and Nani at the club and people would naturally look at them, but at a club like United you're going to have more than one role model!

Donny's  
Score Prediction

3-1

Welcome to our evening game against Swindon Town. I had an eventful time at our last match against Oldham; I met Claire & Clynt who had done 8 marathons in a week for Eve Merton Trust Charity. They have done fantastic. I was pleased to meet first time visitor Lennon who attended the match with his Mum, I was able to give him a scarf & match programme. I even sat with him for the second half in the family stand. It was the first match that we launched Donny's Deli in the East Stand and I had 5 orders. To avoid the queues at half time pre-order your kid's food ([www.donnydeli.co.uk](http://www.donnydeli.co.uk)) and let me put a smile on their face. I also did a dizzy penalty and managed to score a goal, I got rather excited and celebrated.

Let's make lots of noise and cheer the lads on to victory.

Enjoy the game!

## 5. Cruyff Turn

The Cruyff turn named after the Johan Cruyff is one of the first turns you will be taught when learning to play football.

**When Johan Cruyff sold Jan Olsson the mother of all dummies with the subtlest of swerves, the Dutch captain's signature move became world-famous as the symbol of Total Football.**

It is a fairly simple turn that is used most commonly to defeat an opposing side's defender by making him think you will do something, but then you will do something else.

- 1) Approach the ball and plant your non-kicking foot next to it, just as if you were going to kick it.
- 2) Swing your kicking leg toward the ball.
- 3) Use the inside of your kicking foot to drag the ball back behind your planted leg and into the open space opposite the direction in which you would have kicked it.

- 4) Take one or two touches to settle the ball and begin dribbling in a new direction.

UK'S MEN UNITED IN EUROPE**

**The biggest bike ride in football just got bigger and it's all in the name of charity. Hold on to your helmets, because the biggest ride in football is about to get bigger for Prostate Cancer UK's annual football fundraiser.**

Dust off those bikes, get the lycra out and get your helmet on to represent Doncaster Rovers and Prostate Cancer UK's Men United in Europe on 3rd-5th June, 2016 for a 145 mile cycle ride in conjunction with the Football League.

Formerly known as the London to Amsterdam cycle, 2016's challenge is getting a makeover and will be even bigger, now known as Football To Amsterdam!

In an exciting new development, the charity ride will consist of two start locations to become the all-inclusive Football to Amsterdam.

## **LONDON OR YORKSHIRE?**

In 2016 there are two start locations for the ride:

Set off from Barnsley FC's Oakwell Stadium or set off from the iconic Olympic Park in East London.

Last year's event was a sell out with more than 250 riders- including former international trio Terry Butcher, Matt Holland and Luther Blissett, together with Preston North End manager Simon Grayson.

In 2015, the collective Men united squad raised a whopping £350,000 for prostate Cancer UK, an amount which will go a long way in helping men who are affected by the disease and crucially pave the way for new research and treatments. Communications Assistant Abi Rodwell represented Rovers last year and is already signed up for 2016!

## **SIGN UP NOW**

Registration is £149 which includes your ferry, travel home on the Eurostar and hotel for Saturday night in Amsterdam. Each rider will pledge to raise £1000 in sponsorship to help fight back against a disease that affects one in eight men in the UK.

# PAUL WILSON ACADEMY MANAGER

"AS FOOTBALLERS YOU PLAN  
ALL WEEK FOR THE GAME ON  
A SATURDAY, BUT  
THINGS ALWAYS HAPPEN  
IN FOOTBALL THAT YOU  
CAN'T PLAN FOR."

Academy Manager Paul Wilson speaks following his U18's side 4-1 defeat to rivals Bradford City. Up until the fixture Doncaster Rovers Youth Team had a 100% record this season.

It was a disappointing loss for us against Bradford last week. It was always going to be a hard game against them, they are a very good side every year and make it difficult for anyone they are playing against. We were short on numbers due to a number of reasons and the team was made up of some very young players as well as a couple of trialists. The boys were all up for the challenge and we knew it was going to be tough. The score line would suggest that we got hammered, but we didn't. Chances were very even and we had as much in their box as they did in ours, but they'll bounce back from it. That's all part of playing this game.

"As a coach and as footballers you plan all week for the game on a Saturday, but things always happen in football that you can't plan for. Three mistakes cost us three goals unfortunately and normally they would be three routine saves. Being three nil down after ten minutes is very difficult to come back from. Having said that, I must credit Louis the goalkeeper because he stuck in there and kept going. He got his head down, battled through the game and recovered well. He'll learn from that and he's learning all the time. We all are."

"We are missing Jordan Linley and we missed a couple of others, but with those boys out the opportunity was given to three under sixteen players to step up. I'd like to say a well done to them because to come into the side and play away at Bradford is as big a challenge as they will get this season so I'm really pleased with how they handled it. "We'll work hard and bounce back for our next game to try and get back to winning ways."

# MICHEAL CARBERRY

MADE IN DONCASTER

Promising young left-back Michael Carberry spoke to RAW after his side lost their 100% win record after losing 4-1 to Yorkshire rivals Bradford City. The youngster has made an impressive start to the season which has seen him included in the first team squad that travelled to Port Vale.

**Michael, it was not the result you would have wanted today, how would you assess your sides performance?**

We simply were not good enough today. We lost three sloppy goals today which wasn't ideal but Louis (Jones) will recover from this and become even better, every player has a bad game in their career and today unfortunately it was his.

**Taking the score line out of it, would you say there was any positives to take out of today's game?**

Of course, to be honest I don't think that they were that much better than us today, they just had the cutting edge. Our defending in the second half of the game was okay, on a personal level I thought I stopped a lot more crosses than I normally do and I put in a decent free kick towards the end of the first half but as a collective we weren't good enough.

**You were missing a handful of influential players today, is it fair to say you struggled without them?**

I think so yeah, we missed Jordan Linley today, he is a quality player and he is a leader more than anything and I definitely think we missed a leader out there today but that's football, I just wish him a speedy recovery.

**You were included in the first team squad that travelled to Port Vale towards the start of the season, what was that like for you?**

I was a dream come true, even though I didn't play it was brilliant to be around the squad on a match day, I just hope that I get a few more opportunities like that in the near future.

**This is your 2nd year as a Doncaster player, how big of a year is this for you?**

It's massive! I've worked incredibly hard to secure a professional contract and I hope that I have done enough to get one. I love it here and I have definitely improved as a footballer since I started here at Doncaster.

**How have you found your time here at Doncaster?**

It has been amazing, living away from home has been a real eye opener. Working with Paul Wilson, Paul Stancliffe and Rob Jones has been superb they are brilliant coaches who know their stuff, I just hope we can reward them with the League title at the end of the season.

# COMMERCIAL NOTES

**"THE MOTOR GROUP IS LOOKING TO RAISE ITS PROFILE IN THE AREA"**

**Tonight we welcome supporters and staff of Swindon Town to the Keepmoat Stadium for a fixture that represents a stark contrast from when the Robins last visited Doncaster.**

Back in March the Robins were riding high in Sky Bet League One as they marched towards a play off final that would ultimately see them thumped by now Championship Preston North End. Fast forward six months and the Wiltshire outfit sit just outside the play off positions after a patchy start.

In his first home game in temporary charge of Doncaster Rovers just ten days ago, Rob Jones' men recorded a point against Oldham Athletic.

If they were to go one better and record a win today they move to within just one point of today's visitors and into the mid table positions. We welcome today's Match Sponsor 'Pentagon' Jeep and Alfa Romeo Doncaster to the Keepmoat Stadium for the first time.

**Pentagon  Jeep**

**MATCH SPONSOR**

After recently opening up a new showroom on Wheatley Hall Road, the motor group is looking to raise its profile in the area, particularly among Rovers fans. If you turn over leaf there is a advert for 'Pentagon' Jeep and Alfa Romeo that entitles Rovers fans to £200 off their next car purchase.

We look forward to seeing the commercial relationship with the club grow over the 2015/16 season. Tonight we once again welcome a bumper attendance to our Legends Club lounge, aided by the special half price hospitality offer put in place to support Rob Jones in his first two home games in charge.

Our excellent hospitality package includes champagne on arrival, followed by an exquisite three course meal served in the newly refurbished Legends Club. After enjoying the game from our padded hospitality seating, guests return to the lounge for post match drinks and Man of the Match presentations.

# BELLES

**Doncaster Rovers Belles are delighted to announce that BPP Professional Education Group has extended its sponsorship of the club for a further two full seasons.**

BPP is well known as a specialist education provider to accountants and lawyers and is head-quartered in London. BPP Professional Education Group includes the leading independent BPP University which includes BPP Business School, BPP Law School, BPP School of Health and BPP School of Foundation & English Language Studies.

BPP has centres throughout the UK and also operates in 186 different countries. Group Chief Executive is Doncaster born Carl Lygo, who said: "Over the last two years BPP has worked with the Belles to ensure that the club has sound financial stability and has a foundation on which to push for promotion.

It is exciting times for the club and BPP's help will ensure that the Belles more than meet the FA's requirements for promotion back to the top division where they belong." Glen Harris, Head Coach of the Belles, said: "There's no stopping the club now, we have everything in place to financially support an elite Women's football team in the top flight." Part of the deal includes study scholarships for any players and staff wanting to study on any of BPP's study programmes.

Bethany England, last year's Golden Boot winner for the Belles is currently studying a law degree with BPP University in Manchester. For the last home game, students from BPP University visited the Keepmoat to cheer on Belles.

The new sponsorship deal will take the club through the 2016 and 2017 seasons to the end of the current FAWSL franchise. Club Founder and General Manager, Dr. Sheila Edmunds welcomed the deal saying: "It's been great working with BPP over the last two years and I am delighted that they will play a pivotal role in helping the club to success over the next two years.

Women's football is professionalising at a rapid rate and with BPP's help the Belles will be more than able to match these developments." Director of Football, Julie Chipchase (a former Belles player and manager) said: "The financial support from BPP is crucial to helping the Belles with a move to full-time football, developing a centre of excellence and attracting new players to the club. There are exciting times for the Belles."

HONESTY: THE UNDervalued COMMODITY

NEW AND IMPROVED  
**Rovers**

**Let's talk Costa. No, not the renowned coffee store but the much talked about and far less tasteful Diego of Chelsea FC.**

His combative nature is nothing new for a centre forward – in fact it is welcomed by ardent English football aficionados who are reluctant to the notion of a "false 9" and would far rather have the real thing.

However, Costa is not clever, he borders on cowardly and it leaves said football fan uncomfortable and uneasy watching him veer away from competing in a hard and fair manner – as is the English way – to getting a fellow professional sent off.

At a time when England is hosting the Rugby World Cup on these shores, the 'floating' public who are looking for sporting inspiration could

happily turn to a more physical and infinitely more honest game. That is unless you were at the Keepmoat ten days ago though to witness a game of endeavour between teams managed by interim head coaches.

David Dunn said his Oldham players gave their all, and judging by the broken nose suffered by Rovers striker Andy Williams and the twice gashed head of Latics 20 year old Jonathan Burn, that was true of both sides.

Jeremy Peace of The Guardian was at the game and summarised succinctly: "But after the shabby lunchtime fare at Stamford Bridge, sent proudly round the world by the Premier League, English football needed a game like this for reassurance. Its fans here are the lucky ones, among whole hearts."

# WHERE IN THE WORLD

THIS SEASON, RAW IS TAKING A LOOK AT THE PLAYERS TO HAVE REPRESENTED DONCASTER ROVERS FROM ACROSS THE GLOBE OVER THE YEARS

## THIS WEEK: MONTSERRAT

### ANTHONY GRIFFITH

Earlier this month, former Doncaster Rovers midfielder Griffith was forced in to retirement at the tender age of 28 due to a persistent hip injury.

There were only a handful of people present at Rossington Main back in the summer of 2005 when the energetic but raw teenager impressed on trial for Dave Penney's side in pre-season.

Griffith actually made his full league debut against tonight's opponents in a 2-1 defeat at the County Ground in February 2006 but only made nine appearances in all competitions – his last came in a Football League Trophy game win over hometown club Huddersfield Town.

The tough tackling midfieler, who would go on to feature most prominently for Port Vale [where he made 300 appearances] also won 4 caps for his country, who are ranked 178th in the World.

WHAT IS HAPPENING IN THE WORLD  
OF LEAGUE ONE? ALL THE INFORMATION  
YOU WILL NEED IS HERE.

#### OLDHAM ATHLETIC

Swansea City midfielder Jay Fulton has joined Oldham on a 93-day emergency loan deal. The 21-year-old has found opportunities limited at the Liberty Stadium, making just seven appearances. Fulton joined the Swans from Scottish side Falkirk back in the 2014 January window.

### COVENTRY CITY

The Sky Blues have signed Adam Jackson on a month's loan from Championship side Middlesbrough. The young defender, 21, has represented England at various youth levels but hasn't made a first team appearance at the Riverside. Jackson caught the eye of now Coventry boss and former Boro boss Tony Mowbray during his time on Teeside.

### GILLINGHAM

Midfielder Josh Wright has agreed a new deal to stay at Priestfield until the end of the season. The 25-year-old is currently in his second spell at Gillingham, joined on a short-term deal in August but has now extended his stay after starting the last eight games for the Sky Bet League 1 leaders. Wright was part of the Gillingham side that won promotion to League One in 2009 after joining on loan from Charlton and has since had spells at Scunthorpe, Millwall and Leyton Orient.

### PETERBOROUGH UNITED

Graham Westley has been appointed the new manager at London Road following the sacking of Dave Robertson earlier this month. The former Preston North End and Stevenage boss left Stevenage in May after they were defeated in the League Two play-off semi-final against Southend United. Peterborough sacked Robertson after a run of three wins in 17 and caretaker boss Grant McCann has overseen a 5-1 defeat of Oldham and the draw with Walsall since then. Westley becomes Peterborough's sixth permanent manager in just over five-and-a-half years.

### SHREWSBURY TOWN

Crystal Palace winger Sullay Kaikai has joined the Greenhous Meadow side on loan until January. The 20-year-old made his debut from the bench in last weekend's defeat to Crewe Alexandra. Kaikai spent last season on loan at Cambridge and scored against Town in the 1-1 draw at Greenhous Meadow.

### WALSALL

Former Bristol Rovers boss John Ward has been appointed to Dean Smith's backroom team. The 64-year-old moves to the Banks's Stadium as professional development coach to help progress young players at the Saddlers. Ward left Rovers as director of football last year, after their relegation from the Football League, and has also managed Cheltenham, Carlisle and Colchester.

**"A WARM WELCOME TO THE SWINDON FANS WHO ARE  
MAKING THE 354 MILE ROUND TRIP FOR TONIGHT'S GAME"**

**Good evening ladies and gentlemen and welcome to the Keepmoat Stadium for tonight's match against Swindon Town. A warm welcome to the Swindon fans who are making the 354 mile round trip for tonight's game, hope you all have a safe journey.**

**DONCASTER ROVERS SUPPORTERS GROUP**

**This week I've been reflecting on the work being done off the pitch at DRFC. Everyone, myself included has felt the tension created by a lacklustre start to the season but that's purely focussed on the pitch.**

I'm sure most Rovers fans remember well, John Ryan bellowing out that 'the tides had turned in South Yorkshire' and on the pitch they really had. We beat teams over those coming seasons we had no right to beat. However was it ever really sustainable just on football when we were a small fish in a huge pond?

The club has always required more than just what's happening on the green rectangle and the focus on these areas will always pay off in the long term. Work with Twitter and Facebook is creating an interest in the club by youngsters who could easily get pulled to one of the bigger sides. Twitter particularly is something not to underestimate - I've ended up once or twice following the twitter feed while the games going on (though that may say something more about the standard of home football).

Finally, it was announced at Meet The Owners that Liam Scully will move from the Foundation role into a bigger role within the club. Surely this is the biggest master stroke yet, with his experience of dealing with the youngsters coming through at every school level, he'll have the knowledge of what makes them tick and the influence to ensure they pull a Rovers shirt and wear it with pride.

The most important thing with these moves is more control. We all know we can chuck money at the players on the pitch but there is an awful lot of outside factors that can affect the full time result. With an even stronger team off the field, with big ambitions and big drive this club will one day see sustainable crowds and sustainable Championship football.
